Report Title:

Fees and Taxes; Safety and Health

Description:

Promotes safety and health in Hawaii through increases in the liquor tax and by assessing a new sugary beverage fee.

JUSTIFICATION SHEET

DEPARTMENT: Governor.

TITLE: A BILL FOR AN ACT RELATING TO HEALTH.

PURPOSE: To increase the liquor tax and to assess a sugary beverage fee.

MEANS: Add a new section to chapter 342G, Hawaii Revised Statutes (HRS); amend sections 237-24.75, 244D-4(a), 342G-101, 342G-105, 342G-106, 342G-107, 342G-110, and 342G-111.

JUSTIFICATION: The purpose of this measure is to encourage Hawaii citizens to make healthy decisions relating to the consumption of liquid beverages that are proven harmful to human health.

Every year, the health of hundreds, if not thousands, of Hawaii residents is impacted due to overconsumption of alcohol and sugary beverages. Diseases that stem from overconsumption of alcohol and sugary beverages include alcoholism, liver disease, diabetes, among other chronic conditions.

INCREASE IN THE LIQUOR TAX

This measure increases the liquor tax by fifty percent. The liquor tax has not been increased in 1998. By increasing the liquor tax, the increase in cost is likely to lead to lower demand and less consumption.

SUGARY BEVERAGE HEALTHY HAWAII FEE

This measure also assesses a nonrefundable "Sugary Drink Healthy Hawaii Fee" on all bottled drinks subject to the Hawaii bottle deposit fee, which contain a certain amount of sugar.

Several states and cities in recent years have considered imposing a soda tax on sugary drinks to curb obesity and other health-related problems that stem directly from diets high in sugar and other refined sweeteners.

Studies shed light on staggering statistics of sugar use in America. According to one proponent of a soda tax, approximately one-third of American children are obese and their obesity is linked to consumption of sugary beverages.

This measure assesses a fee of ten cents per container for sugary beverages of twelve ounces or less. Twenty-five cents per container is assessed for sugary beverages of more than twelve ounces.

The Sugary Beverage Healthy Hawaii fee will be administered by the Department of Health in association with the current beverage container deposit program.

Impact on the public: Taxpayers who consume alcohol and sugary beverages will experience an increase in the price of these items. Lower consumption of these substances is anticipated.

Impact on the department and other agencies: The Department of Taxation is responsible for administering the liquor tax increase. The Department of Health is responsible for administering the Sugary Beverage Healthy Hawaii fee.

GENERAL FUND: Pending.

OTHER FUNDS: None.
