
A BILL FOR AN ACT

RELATING TO PUBLIC SAFETY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the
2 overrepresentation of native Hawaiians in the criminal justice
3 system is an issue that has not been adequately addressed.

4 The discussion of native Hawaiian social well-being has
5 highlighted some of that community's greatest strengths: the
6 inclusive nature of 'ohana, the cohesive power of communities,
7 and the growing sense of cultural identity. However, the
8 multiple stressors and social imbalances within the native
9 Hawaiian community have led to troubling outcomes, including
10 antisocial, self-destructive, and criminal behavior, that are
11 amplified by an enforcement and justice system in which
12 inequality is an ongoing reality.

13 The rates of arrest and incarceration for native Hawaiians
14 are among the highest of all major ethnic groups in the state.
15 The disproportionately high number of young native Hawaiian men
16 and women in the state's correctional system has profound
17 implications for native Hawaiian education. Educational and
18 other opportunities are severely limited for incarcerated

1 adults. Native Hawaiian children of inmates are also at
2 increased risk of growing up without a parent to support them
3 through critical stages of growth and development. Moreover,
4 deviant activities which lead to arrests and incarceration, such
5 as crime and drug use, directly influence the safety and
6 stability of communities, which may further hinder the
7 educational prospects for native Hawaiian children and adults.

8 The purpose of this Act is to require a correctional impact
9 statement to accompany any bill that is filed in a regular
10 session that passes second reading in the originating body and
11 that creates a new criminal offense, significantly changes an
12 existing public offense or the penalty for an existing offense,
13 or changes existing sentencing, parole, or probation procedures.

14 SECTION 2. Chapter 21, Hawaii Revised Statutes, is amended
15 by adding a new section to be appropriately designated and to
16 read as follows:

17 "§21- Correctional impact statement. (a) A
18 correctional impact statement shall accompany any bill that is
19 filed in a regular session that passes second reading in the
20 originating body and that proposes to create a new offense,
21 amend an existing offense or the penalty thereto, or change
22 existing sentencing, parole, or probation procedures.

1 (b) The correctional impact statement shall address the
2 following issues concerning the bill:

3 (1) Estimated number of new criminal cases per year;

4 (2) Fiscal impact of additional persons confined,
5 including a reasonable estimate of the immediate
6 effect and the long-range impact upon correctional
7 facility capacity;

8 (3) Projected impact on the social and economic conditions
9 of native Hawaiians;

10 (4) Projected impact on at-risk communities;

11 (5) Impact upon existing correctional institutions,
12 community-based correctional facilities and services,
13 and jails, including the probability that the
14 legislation may create a need for additional facility
15 capacity;

16 (6) Projected impact of sentencing provisions on future
17 criminal justice and corrections populations and
18 resources; and

19 (7) Other relevant factors as indicated by the
20 legislation.

21 The correctional impact statement shall rely on available
22 factual data. For purposes of paragraph (6), upon request of

1 the introducer of the bill, the corrections population
2 management commission under section 353F- shall assist the
3 introducer."

4 SECTION 3. Chapter 353F, Hawaii Revised Statutes, is
5 amended by adding a new section to be appropriately designated
6 and to read as follows:

7 "§353F- Correctional impact statement; assistance in
8 preparation. The corrections population management commission
9 shall assist in the preparation of a correctional impact
10 statement of a bill as provided in section 21- , by applying
11 the sentencing simulation model created under Act 267, Session
12 Laws of Hawaii 2000, to assess the correctional impact of the
13 bill on the corrections population."

14 SECTION 4. New statutory material is underscored

15 SECTION 5. This Act shall take effect on January 1, 2113.

16

INTRODUCED BY: 
JAN 21 2011

Report Title:

Corrections; Correctional Impact Statement

Description:

Requires bills that amend or create new offenses, or change parole or probation procedures, to be accompanied by a correctional impact statement. Requires assistance of the corrections population management commission to prepare corrections impact statement. Effective January 1, 2113.
