10 an assistant to execute the statutory duties of the program.

11           SECTION 2. Chapter 132C, Hawaii Revised Statutes, is  
12 amended by adding a new section to be appropriately designated  
13 and to read as follows:

14           "§132C-       Reduced ignition propensity cigarette program  
15 special fund. (a) There is established in the state treasury a  
16 reduced ignition propensity cigarette program special fund, into  
17 which shall be deposited all moneys collected by the state fire  
18 council from the reduced ignition propensity cigarette program

1 pursuant to section 132C-4. All interest earned or accrued on  
2 moneys deposited in the fund shall become part of the fund.

3 (b) Moneys in the reduced ignition propensity cigarette  
4 program special fund shall be administered and expended by the  
5 state fire council to defray the actual cost of activities and  
6 requirements of section 132C-4, including employing one full-  
7 time administrator and one full-time assistant whose duties  
8 include:

- 9 (1) Adopting administrative rules for program  
10 implementation, establishing compliance inspections,

17 for which manufacturers have submitted certifications,  
18 verifying tax stamp compliance with the department of  
19 the attorney general, and posting the list of  
20 certified brands and styles on a state website for  
21 informational purposes only;

- 1        (4) Reviewing and approving, as needed, any alternative  
2        test methods or fire standard compliance markings  
3        submitted by the manufacturer; and  
4        (5) If needed, submitting certified cigarettes to an  
5        accredited laboratory for testing to verify that  
6        performance standards have been met."

7        SECTION 3. Section 132C-4, Hawaii Revised Statutes, is  
8        amended by amending its title and subsection (a) to read as  
9        follows:

10        "~~§~~132C-4~~(a)~~ **Certification; marking~~(a)~~; administration.**

11        (a) Each manufacturer shall submit to the state fire council  
12        written certification attesting that each cigarette has been

11 The state fire council is authorized to annually adjust this fee  
12 to ensure it defrays the actual costs of the administration and  
13 staffing requirements and processing, testing, enforcement,  
14 inspection, and oversight activities required by this chapter.

15 The certifications shall be made available to the attorney  
16 general for purposes consistent with this chapter."
