Report Title:

National dental hygiene examination

Description:

Amends the requirements of licensure for dental hygienists by specifying that the passage of the National Dental Hygiene Examination is a requirement for licensure.

JUSTIFICATION SHEET

DEPARTMENT: Commerce and Consumer Affairs

TITLE: RELATING TO NATIONAL DENTAL HYGIENE EXAMINATIONS.

PURPOSE: The bill amends the requirements of licensure for dental hygienists by specifying that the passage of the National Board Dental Hygiene Examination is a requirement for licensure. Technical non-substantive amendments are also proposed.

MEANS: Amend section 447-1, Hawaii Revised Statutes.

JUSTIFICATION: The National Board Dental Hygiene Examination is a didactic examination developed and administered by the American Dental Association Joint Commission on National Dental Examinations and is required for licensure by all states, except Hawaii. It is highly recommended that it be taken prior to graduation by most accredited dental hygiene schools.

Although specified as a requirement of licensure for dental hygienists in the administrative rules of the Board of Dental Examiners ("Board"), due to an oversight this provision was never enacted in the statute.

Therefore, this bill would enact in the statute what is required by all other states. The passing of both the didactic and clinical examinations are required for licensure.

Impact on the public: This bill protects the public and would remove any doubt that passage of the National Board Dental Hygiene Examination is required for licensure of dental hygienists in Hawaii.

Impact on the department and other agencies:

No impact foreseen for the department and other agencies.

GENERAL FUND: None.

OTHER FUNDS: None.

PPBS PROGRAM
DESIGNATION: CCA-105.
