
A BILL FOR AN ACT

RELATING TO EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The department of education is required to pay
2 for the private placement of students with disabilities in
3 private special education schools and placements as a result of
4 hearing officers' decisions, court orders, or programmatic
5 placement. When a student with a disability is placed in a
6 private special education school or placement, the department of
7 education is often not allowed to monitor each student's
8 progress and educational programming to ensure that each student
9 is afforded the same opportunity to receive rigorous, standards-
10 based instruction and curriculum that are aligned with the
11 Common Core State Standards that are provided to their peers in
12 public schools. Some private placements are not in compliance
13 with federal, state, and county health and safety laws, rules,
14 regulations, and requirements.

15 The department of education is also charged high cost
16 tuition and fees for services by private special education
17 placements. The department of education should pay reasonable
18 tuition and fees for services.

1 The purpose of this Act is to ensure that the department of
2 education has the ability to monitor students with disabilities
3 who are placed in private special education schools or
4 placements so that the department of education can ensure: (1)
5 the safety of each student; (2) that each student is receiving
6 rigorous, content-based instruction and curriculum that are
7 aligned with the Common Core State Standards; (3) the
8 implementation of the student's Individualized Education
9 Program; and (4) that the rates, fees, and tuition charged are
10 reasonable.

11 SECTION 2. Section 302A-443, Hawaii Revised Statutes is
12 amended to read as follows:

19 as defined by federal laws relating to students with
20 disabilities and the implementing regulations or any
21 other private special education placement. Any
22 private special education school or placement who

1 receives funding from the department for the placement
2 of a student with a disability at its private special
3 education school or placement, whether such funding is
4 by direct payment or through reimbursement to the
5 student's parent, legal guardian, or legal custodian,
6 shall allow the department access to exercise its
7 authority to monitor any student placed at the private
8 special education school or placement. Monitoring
9 shall include but not be limited to:
