# SENATE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO  
CONVENE THE FERAL ANIMAL CONFLICT RESOLUTION WORKING GROUP  
TO DEVELOP AND RECOMMEND STATEWIDE COMPREHENSIVE FERAL  
ANIMALS MANAGEMENT POLICIES.

1           WHEREAS, feral animals have detrimental impacts on people,  
2 native species and habitats, and the environment and have been  
3 the subject of significant community concerns, including traffic  
4 safety, damage to personal property, and effects on public  
5 resources; and

6  
7           WHEREAS, the lack of a legal framework for animal control  
8 across all land ownerships and jurisdictions has led to policy  
9 gaps regarding who responds, addresses, and pays for feral  
10 animal control; and

11  
12           WHEREAS, certain feral animal control measures can be  
13 controversial, and without a clear understanding of how to  
14 control feral animals, and who is responsible for the control,  
15 there have been individuals who have taken situations into their  
16 own hands; and

17  
18           WHEREAS, an entity is critically needed to comprehensively  
19 review, prioritize, and make recommendations for feral animal  
20 management and control on each island, based on the best  
21 interests of the State's communities; now, therefore,

22  
23           BE IT RESOLVED by the Senate of the Twenty-sixth  
24 Legislature of the State of Hawaii, Regular Session of 2011, the  
25 House of Representatives concurring, that the Department of Land  
26 and Natural Resources is requested to convene the Feral Animal

1 Conflict Resolution Working Group to develop and recommend  
2 statewide comprehensive feral animals management policies; and  
3

4 BE IT FURTHER RESOLVED that the Legislature requests that  
5 the Feral Animal Conflict Resolution Working Group be composed  
6 of representatives from the following:

- 27

28 BE IT FURTHER RESOLVED that the working group is requested  
29 to elect a chair and vice chair, each respectively representing  
30 different organizations, missions, and interests, from among its  
31 members by a majority vote; and

32  
33 BE IT FURTHER RESOLVED that a majority of the working group  
34 members constitutes a quorum for the transaction of working  
35 group business; and

36  
37 BE IT FURTHER RESOLVED that the Legislature requests that  
38 the working group engage the services of a disinterested  
39 facilitator to assist the working group with its activities; and

40  
41 BE IT FURTHER RESOLVED that the Legislature requests that  
42 the working group engage the services of consultants and experts  
43 to:

44

- 1 (1) Provide examples of effective feral animal management  
2 programs and policies, including interagency  
3 collaboration, cooperative agreements, and memorandums  
4 of understanding or agreement, utilized in other  
5 jurisdictions or parts of the world, as available;  
6
- 7 (2) Provide examples of existing and developing feral  
8 animal control methods utilized in other jurisdictions  
9 or parts of the world;  
10
- 11 (3) Address historical and cultural issues relating to or  
12 affected by feral animals;  
13
- 14 (4) Help identify needed resources and quantify costs and  
15 benefits relevant to management of feral animal  
16 control programs and policies; and  
17
- 18 (5) Review any other areas of desired inquiry; and  
19

20 BE IT FURTHER RESOLVED that the term feral means free-  
21 roaming and the working group is requested to determine what  
22 feral animal species should be examined, and to what extent, for  
23 the purposes of this Concurrent Resolution using an agreed upon  
24 process and criteria, including an assessment of risk to health,  
25 safety, property, agriculture, or the environment, that  
26 facilitates maximum effective collaboration towards achieving  
27 the working group's requested deliverables; and  
28

29 BE IT FURTHER RESOLVED that the Legislature requests that  
30 the working group:  
31

- 32 (1) Identify and summarize each working group member's or  
33 lead agency's concerns, role, and potential  
34 contributions with respect to better management of  
35 feral animals;  
36
- 37 (2) Discuss and summarize feral animal relocation and  
38 control options and efforts with and between the  
39 departments of agriculture, land and natural  
40 resources, health, and transportation, as well as  
41 state, county, federal, and privately organized  
42 programs and policies;  
43

- 1 (3) In consultation with appropriate agencies and  
2 stakeholders, analyze and summarize existing gaps and  
3 obstacles that prevent interagency collaboration,  
4 partnerships, and more effective management and  
5 control of feral animal populations, including each  
6 working group member's or lead agency's requirements  
7 for understanding and cooperating to close these gaps,  
8 overcome these obstacles, share resources and  
9 responsibilities, and develop potential solutions;  
10
- 11 (4) In consultation with appropriate agencies and  
12 stakeholders, identify and describe the level of  
13 effort and methods commonly used to control the number  
14 of feral animals in a given area, for each species;  
15
- 16 (5) In consultation with appropriate agencies and  
17 stakeholders, identify and describe suggested methods,  
18 forums, or outreach programs to educate the public and  
19 private sectors regarding feral animal risks, impacts,  
20 and management;  
21
- 22 (6) Provide, where available, the annual costs incurred by  
23 each working group member or lead agency in the  
24 control of each feral animal species and mitigation of  
25 animal damage, and a summary of the types of costs  
26 accruing to the public and private sectors as a result  
27 of feral animals, with a list of relevant published  
28 references, including cost-benefit analyses pertaining  
29 to species of interest;  
30
- 31 (7) Develop and recommend a framework and process for  
32 addressing common elements of a statewide  
33 comprehensive feral animals management policy, in as  
34 much detail as possible, with a proposed plan for  
35 addressing the more specific island and species  
36 control details based on continuing collaboration and  
37 future work; and  
38
- 39 (8) Review existing Hawaii statutes and rules pertaining  
40 to feral animals and suggest appropriate state  
41 legislation or administrative rule changes to improve  
42 the administration and management of feral animal  
43 control programs and policies, including recommended

1 measures of effectiveness for these programs and  
2 policies; and  
3

4 BE IT FURTHER RESOLVED that the Legislature requests that  
5 the working group members review the following documents:  
6

- 7 (1) The Legislative Reference Bureau, Report No. 1, 2002,  
8 FILLING THE GAPS IN THE FIGHT AGAINST INVASIVE  
9 SPECIES, January 2002, which is a study on policy  
10 recommendations and funding options for a  
11 comprehensive alien invasive species protection and  
12 control program for the State of Hawaii;  
13
- 14 (2) The Interim State of Hawaii Strategic Plan for  
15 Invasive Species Prevention, Control, Research and  
16 Public Outreach, the purpose of which is to provide  
17 the framework for a statewide invasive species  
18 prevention, control, research, and public outreach  
19 program;  
20
