RELATING TO ENERGY.

ENE/CPN, WAM

Establishes a regulatory scheme for the installation and implementation of an interisland high voltage electric transmission cable system and for the construction of on-island transmission infrastructure. Allows for the utility company to collect surcharges from its ratepayers to recover the costs of the cable installation on behalf of the cable company. Exempts the surcharges from being counted as gross income, adjusted gross income, or taxable income for tax purposes. Provides for the eventual acquisition of the cable system by the utility company from the cable company. Allows the utility company to recover the costs of acquiring the cable system and developing the on island infrastructure through an automatic rate adjustment clause and then through its rates. Allows the utility to recover the costs of predevelopment and development in the event that the system is not completed. (SD1)

No testimony will be accepted.

FOR AMENDED HEARING NOTICES: If the notice is an amended notice, measures that have been deleted are stricken through and measures that have been added are underscored. If there is a measure that is both underscored and stricken through, that measure has been deleted from the agenda.
