[Status](#)

RELATING TO BIOFUEL FACILITIES.

EDT/ENE, WAM

Expands the facility tax credit to include various biofuels; amends the definition of nameplate capacity; requires a qualifying facility to be located within the State and to utilize locally grown feedstock for at least 75% of its production output; increases the amount of certified credits from \$12 million to \$20 million; and removes the 40 million gallon production per year cap.

No testimony will be accepted.
