Re: **GM 564 - Gubernatorial Nomination of Brian Lee to the Hawai'i Community Development Authority**
For Hearing on Thursday, April 14, 2011, 1:20 p.m., Room 225

Honorable Chair Dela Cruz, Madame Vice Chair Solomon, and members of the Senate Committee on Water, Land, and Housing,

Thank you **Chair Dela Cruz**, and the many Senators who were able to take time from your busy schedules to speak to me or give me advice. I deeply appreciate the work of the Water, Land, and Housing Committee, and want to always welcome your thoughts, concerns, and ideas. Thanks also to Governor **Neil Abercrombie** for his nomination, and for his inspiring energy, enthusiasm, and trust.

I humbly request your Committee's approval of **GM 564**, and for the opportunity to serve through the **Hawaii Community Development Authority (HCDA)**. I appreciate the trust and responsibility that's been placed on HCDA, and pledge to work hard with everyone to preserve the spirit of Hawaii that we know and love for future generations. With the support of understanding friends, colleagues, and family, I hope to meet the challenges and high standards required for public service.

I hope my experience working with diverse groups and sectors of our community to find timely solutions will be an asset to HCDA, and will seek to fairly balance input from concerned parties, so that sound decisions can be made and embraced.

Thank you for giving me this opportunity to share my thoughts, and please do not hesitate to contact me at any time.

Aloha and Mahalo,

Brian Lee

Honorable Chair Donovan Dela Cruz
Hawaii State Capitol, Room 202
415 S. Beretania Street
Honolulu, HI 96813

Aloha Senator Dela Cruz,

Thank you for your questions and giving me this opportunity to share my thoughts on being nominated to the **Hawaii Community Development Authority (HCDA)**.

I was inspired by Governor Abercrombie's enthusiasm during the elections and wanted to join in the effort to sustain the Hawaii we know for future generations. As a resident of Oahu for almost 40 years, I've seen how many small changes and decisions over time have affected our land and people, for better and worse.

As a member of the HCDA, I would like to promote partnerships between and within government, public, and private sectors to revitalize our community. HCDA members have a duty to make sure progress is made as quickly and as efficiently as possible, while respecting all parties involved in the process.

I believe my background working with labor and management, and in different but related industries like finance, construction, and social services, will help me with issues that face HCDA. I've served as a trustee and fiduciary in community and professional boards, and have taken servant and leadership roles in many groups. I hope to contribute through my experience working in group environments with other leaders to overcome roadblocks to progress.

In the next few years, I'd like the Kalaeloa and Kaka'ako communities to be seen as catalysts for economic, cultural, and social improvement in those and their surrounding areas – for our friends, neighbors, and the businesses we love.

I hope to think that I am fair, honest, and persistent, so that these qualities would help me to make good decisions when there may be differences of opinion at HCDA. A recent experience in helping to settle a contract negotiation by seeking and sharing honest research data with an opposing party is an example of the kind of good faith efforts that can benefit the Kalaeloa and Kaka'ako communities.

If confirmed, I do not foresee any conflicts of interest, but if any may occur, I would declare it and seek official guidance to address the situation. Thank you for giving me this opportunity to serve.

Mahalo,

Brian Lee

Upon his nomination by Governor Abercrombie, Mr. Lee and I conversed on a couple of occasions about the requirements and responsibility for serving on the Kalaeloa Authority. Given my previous encounter with Mr. Lee, review of his resume and our conversations, I believe that Mr. Lee is qualified to serve as a Kalaeloa member of the Hawaii Community Development Authority (HCDA) and offer my support for his confirmation by the State Senate.

Mr. Lee's formal education (Economics and Sociology) and his professional experience (Finance Account Executive, Construction/Project Manager, Media Consultant and construction trades professional and manager all qualify him to direct the activities of a planning and community development agency. His background and training in finance alongside of his labor and development experience will serve him well as the HCDA considers developer proposals (both big and small) that are expected to be forthcoming in the Kalaeloa Community Development District.
