Re: EDT Measure GM692, scheduled for public hearing on April 13, 2011 at 1:15 p.m.

Dear Senator Fukunaga:

I am writing this letter in strong support of Race Randle's confirmation to the Board of Directors of the High Technology Development Corporation (HTDC).

I am a partner with the law firm of Bays Lung Rose & Holma. I have worked closely with Mr. Randle in connection with his work as a Development Manager for Forest City Enterprises. Mr. Randle has demonstrated a strong commitment to land stewardship, new community development and energy development in his work with Forest City Enterprises. He has deep roots in Hawaii and has a clear desire to help the People of Hawaii.

I believe that his experience and work ethic will be a great benefit to HTDC and his service will be a great benefit to the State and the People of Hawaii.

Sincerely,

BAYS LUNG ROSE & HOLMA

**Re: Race Randle, Gubernatorial Nominee for Director of the High Technology
Development Corporation, for a term to expire on June 30, 2014
Hearing on Wednesday, April 13, 2011**

Dear Chair Fukunaga, Vice Chair Wakai and Members of the Committee:

It is my pleasure to provide testimony before the Senate Committee on Economic Development and Technology in support of the confirmation of Race Randle as a Director of the High Technology Development Corporation. I am an attorney in private practice and my practice includes the representation of various energy, technology and real estate development companies.

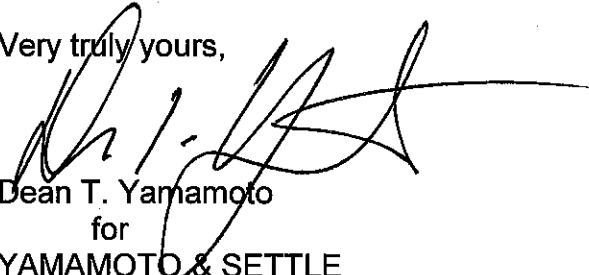

I have had the privilege of knowing and working with Mr. Randle since 2007, first as a Project Manager at Castle & Cooke Hawaii, and now in his capacity as Development Manager for Forest City Enterprises. In his capacity as Development Manager for Forest City Enterprises, Mr. Randle is responsible, among other things, for the planning and development of a large scale mixed use master planned community in Kona, as well as several renewable energy projects on Oahu.

Based upon my experience working with Mr. Randle, I know him to possess the highest degree of integrity and ethics. He is decisive, confident, detail-oriented and possesses outstanding leadership qualities.

I strongly urge your vote in favor of Mr. Randle's confirmation.

Thank you for this opportunity to testify on this matter.

Very truly yours,

Dean T. Yamamoto

Subject: **Strong Support for** Board of Directors of the High Technology Development Corporation, Gubernatorial Nominee Race Randle

Dear Chair Fukunaga and Senate committee members,

I wholeheartedly support Race Randle as a member of the Board of Directors of the High Technology Development Corporation.

I believe Race has a firm commitment to bettering Hawaii through land stewardship, sustainable community development and energy self-sufficiency.

Over the past few years I have had the pleasure of working first-hand with Race in developing community involvement for a new vision of affordable, sustainable living in Kona. His leadership ability and deep commitment to fulfilling the need for affordable housing for Kona makes him a great candidate for this board.

Race believes in a future that is bring for all of Hawaii and his ideals align with the purpose of facilitating growth and the development of high tech in Hawaii.

I urge you to confirm Race as a board member bringing with him a deep ethical standard.

Mahalo for your time,

Laura Aquino
