Aloha kākou,

I am writing in strong support of HB921. In the most recent 3 decades, there has been a great resurgence of a variety of many Hawaiian cultural practices and beliefs considered near lost. As a man of Hawaiian ancestry and a "cultural practitioner", I firmly believe that we, as the host culture, the kānaka maoli of this 'aina, should be afforded the ability to practice our traditional arts in an unobstructed manner.

Mahalo for your time and consideration.

Me ka ha'a ha'a,
Robert Kealoha Domingo

The people should have a right to build the Hawaiian style Hale, as it is the most organic and sustainable structure. It is earth friendly with natural materials and is also the most esthetic building for the islands.
