

LATE TESTIMONY

Rep. Gilbert Keith-Agaran and members of the Committee

RE: HR 26/HCR 30

Testimony in Support April 7, 2011

From: Mrs Carolina Peralta

We bought into Ho'okea because it is an affordable project and it was designed for expansion. We were happy there, but with the change or parking ordinance, we are now unable to park in front of our houses or on the street. It is an expandable project of the City & County of Honolulu in 1970 and the new ordinance came in 1986, but the current ordinance no longer match the intent of the project when it comes to parking allocation.

We ask for a waiver of this ordinance. All of us are happy at Hookea except of one person that want the current ordinance enforced. This enforcement had made us receive multiple parking citation.

We ask the committee to favor this resolution.

LATE TESTIMONY

Honorable Gilbert Keith-Agaran & Members
Judiciary Chair, Judiciary Committee

RE: In strong support of HCR 30/HR 26

Aloha Representatives Keith-Agaran and members of the Judiciary Committee.

Thank you for the opportunity to submit testimony, in support of this resolutions. This resolution urges the City and County of Honolulu and the Honolulu Police Department to allow an exemption from parking ordinance for Hookea.

I am the President of Ewa Villages Historical society, which represents all homes and associations within the ewa historical core. A numerous amount of our associations have reached out to me to address this issue. In Hookea, there is an issue where one antagonistic resident is using the ordinance unfairly to abuse and harass their neighbors.

Not only are their social lives being negatively affected, but their families are not able to visit.

This is a travesty, and the residents of this neighborhood are desperate for a solution.

On behalf of my 450 and more members, please pass this resolution.

Thank you for the opportunity to testify.

Rosebella Martinez
President, Ewa Historical Society
