RE: Firm Support for HCR80 HD1/HR72 HD1

This is a very important piece of legislation because it ACCURATELY outlines the dilemma faced by many domestic violence and sexual assault victims regarding employment. In my own case I lost my job due to the stalking and harassment of fellow employees at my job. Stripped of everything by the family court Judge Keith E. Tanaka, I have been unsuccessful in re-employing myself and am now on State services. While I was at risk was the time I most needed income and it was lost due to my very real fear of my experience recurring. Please support this measure.

Thank you,
