Comments:

I support SB1158 as it focuses on the needs of small family farms who are currently sitting in a bureaucratic limbo between Small farms on State Ag lease lands that are currently restricted because of unaddressed and non specific policies that are not deemed in order by mandate but via the determination of DLNR and DOA whose considerations are not in compliance with what farmers were approved via one Department(DLNR) but not in compliance with the new department(DOA). I support this bill because its efforts to help the lessees are considered and not bull dozed into compliance without considerations of a case by case basis.
