TESTIMONY ON SENATE BILL NO. 775
RELATING TO CONSTRUCTION SITES

TO THE HONORABLE ROSALYN H. BAKER, CHAIR,
TO THE HONORABLE CAROL FUKUNAGA, CHAIR,
AND TO THE HONORABLE BRIAN T. TANIGUCHI, VICE CHAIR,
AND TO THE HONORABLE GLENN WAKAI, VICE CHAIR,
AND MEMBERS OF THE COMMITTEES:

The Department of Commerce and Consumer Affairs ("Department")
appreciates the opportunity to testify on Senate Bill No. 775, Relating To
Construction Sites. My name is Jo Ann Uchida of the Department's Regulated

Industries Complaints Office ("RICO"). RICO offers the following comments on the bill.

Senate Bill No. 775 extends the Construction Site Inspection Task Force ("CSITF"), created by Act 121, Session Laws of Hawaii 2010, for one year, requires a final CSITF report, and appropriates monies to fund the work of the CSITF.

The Department, pursuant to Act 121, convened the CSITF last year. The Act had an effective date of July 1, 2010, and required a report to be submitted to the Legislature no later than 60 days prior to the 2011 regular session. The report was submitted to the legislature on November 24, 2010. A copy of the report is available electronically at http://hawaii.gov/dcca/reports/dcca_reports.

The CSITF convened four times over a five-month period. Also, because many of the issues relating to the CSITF dealt with law enforcement matters, a permitted interaction group was created in accordance with Haw. Rev. Stat. 92-2.5.

Pursuant to Act 121, the CSITF was comprised of representatives from the Department of Commerce and Consumer Affairs, Department of the Attorney General, Department of Labor and Industrial Relations' Disability Compensation Division, Department of Labor and Industrial Relations' Occupational Safety and Health Division, Department of Labor and Industrial Relations' Unemployment Insurance Division, Department of Taxation, County of Maui Public Works Department, and City and County of Honolulu Department of Planning and

Permitting. The County of Maui covered the travel costs associated with the participation of its representative in the CSITF meetings. Other neighbor island counties may have been willing to attend CSITF meetings, but expressed concerns about the travel costs.

The report discussed the work of the California Economic and Employment Enforcement Coalition (EEEC), the California Contractor's Board, as well as the work of the CSITF participant agencies, discussed the extent to which regulatory partnerships are used in California and how they would work in Hawaii, and contained nine (9) findings and ten (10) recommendations. In addition, as part of its annual training, RICO invited CSITF agencies and their enforcement staff to participate in a joint, one-day cross training session to familiarize staff with the work of the various enforcement agencies.

CSITF members now have a shared contact list that has already proved useful in a recent case involving an unlicensed contractor who has a large outstanding tax obligation.

The CSITF has completed its review and submitted its recommendations. The Department intends to implement, to the extent possible, some of the CSITF recommendations. As such, the Department does not believe that the use of additional government time and resources to continue the CSITF is warranted at this time. If the Committees are inclined to continue the CSITF, the Department suggests that the Committees consider reformulating the composition and objectives of the CSITF in a manner consistent with the CSITF's findings.

Testimony on Senate Bill No. 775

Senator Carol Fukunaga
Committee on Economic Development and Technology
State Capitol, Room 229
Honolulu, HI 96813

RE: SB775 "Relating to Construction Sites"

Chair Baker, Chair Fukunaga and Members of the Joint Committees:

I am Karen Nakamura, Chief Executive Officer of the Building Industry Association of Hawaii (BIA-Hawaii). Chartered in 1955, the Building Industry Association of Hawaii is a professional trade organization affiliated with the National Association of Home Builders, representing the building industry and its associates. BIA-Hawaii takes a leadership role in unifying and promoting the interests of the industry to enhance the quality of life for the people of Hawaii.

BIA-Hawaii strongly supports SB775 "Relating to Construction Sites". The bill would continue the work of the Construction Inspection Task Force established by the Legislature last year and appropriates funding for its operations.

We believe that the work of the Task Force will reap economic rewards through the fines exacted from those who are not in compliance with all of our laws, including licensing, labor, and immigration laws. The existence of the Task Force will serve as a deterrent to unlicensed activity.

Thank you for the opportunity to share our views with you.

Chief Executive Officer
BIA-Hawaii

SAH - Subcontractors Association of Hawaii

February 8, 2011

Testimony To: Senate Committee on Commerce and Consumer Protection
Senator Rosalyn H. Baker, Chair

Senate Committee on Economic Development and Technology
Senator Carol Fukunaga, Chair

Presented By: Tim Lyons
President

Subject: S.B. 775 – RELATING TO CONSTRUCTION SITES

Chair Baker and Chair Fukunaga and Members of the Joint Committee:

I am Tim Lyons, President of the Subcontractors Association of Hawaii. SAH is composed of nine separate and distinct subcontracting organizations including:

ELECTRICAL CONTRACTORS ASSOCIATION OF HAWAII

HAWAII FLOORING ASSOCIATION

ROOFING CONTRACTORS ASSOCIATION OF HAWAII

HAWAII WALL AND CEILING INDUSTRIES ASSOCIATION

TILE CONTRACTORS PROMOTIONAL PROGRAM

PLUMBING AND MECHANICAL CONTRACTORS ASSOCIATION OF HAWAII

SHEETMETAL CONTRACTORS ASSOCIATION OF HAWAII

PAINTING AND DECORATING CONTRACTORS ASSOCIATION

PACIFIC INSULATION CONTRACTORS ASSOCIATION

We are in support of this bill.

The purpose of the Construction Site Task Force was to look at the unlicensed contractor situation and have further discussion in order to determine the feasibility and appropriateness of additional efforts. Unfortunately, the interim report is rather disappointing to the extent that perhaps there was a fault in the task force in that it lacks industry representation in order to better communicate the extent of the problem, the nature of the problem and the importance of the problem. Therefore, while we do support this bill we would also suggest an amendment to the composition of the Construction Task Force adding a minimum of three (3) additional members, all to be from members of the construction industry or their representatives.

Based on the above, we highly recommend the continuance of this Task Force as it delves into this historical and long standing problem.

Thank you for the opportunity to testify.
