### NOTICE OF HEARING

SB908

**DATE:**  
Thursday, February 3, 2011

**TIME:**

**PLACE:**  
Conference Room 016

State Capitol

415 South Beretania Street

**POSITION:** OPPOSED

### COMMITTEE ON HUMAN SERVICES

Senator Suzanne Chun Oakland, Chair

Senator Les Ihara, Jr., Vice Chair

Aloha Honorable Committee Chair Senator Chun-Oakland, Vice Chair Senator Ihara and Senate Committee Members,

The idea that smoking should not be allowed in any persons domicile is repugnant. It is a legal product and a legal behavior. The fact that the particular living areas are owned and operated by the city or state has no bearing on legislating in this obvious, most discriminatory fashion.

What's next? No barbecuing? No Ham Ha? No Vietnamese, Malaysian or Korean Cooking allowed? All because certain people find certain aromas offensive?

I do not live in Public Housing and probably never will, however that fact that this Bill SB908 targets the most vulnerable in our society is what is truly offensive. Would you like to see 20% or so of the population living on the streets again because they are kicked out of public housing because they choose to enjoy a legal product? That is what you are poised to do. This is not a public health issue, it is about government intrusion into our very homes. I urge you to put a stop to this odious attempt to socially engineer public perception and personal lifestyle choices.

Respectfully,

Jolyn M. Tenn

Now the legislature wants to ban people from enjoying their own homes! This bill is about as sick as it gets.  
Why can't a few bigoted people stop hating us just because we smoke?
