2 computed as though the member had attained age  
3 fifty-five, reduced for age as provided in  
4 subsection (e); and

5 (C) For a member who first earned credited service as  
6 a judge after June 30, 2012, and has attained the  
7 age of [~~sixty,~~] fifty-five, for each year of  
8 credited service as a judge, three per cent of  
9 the member's average final compensation as  
10 computed under section 88-81(e) (3), in addition  
11 to an annuity that is the actuarial equivalent of  
12 the member's accumulated contributions allocable  
13 to the period of service. If the member has not  
14 attained age [~~sixty,~~] fifty-five, the member's

3 credited service earned as a class C member. If the  
4 member has not attained age fifty-five, the member's  
5 retirement allowance shall be computed as though the  
6 member had attained age fifty-five, reduced for age as  
7 provided in subsection (e).

8 The total retirement allowance shall not exceed seventy-five per  
9 cent of the member's highest average final compensation  
10 calculated under section 88-81(e) (1), (2), (3), or (4). If the  
11 allowance exceeds this limit, it shall be adjusted by reducing  
12 any annuity accrued under paragraphs 1, 2, 3, 4, and 5 and the  
13 portion of the accumulated contributions specified in these  
14 paragraphs in excess of the requirements of the reduced annuity  
15 shall be returned to the member upon the member's retirement or  
16 paid to the member's designated beneficiary upon the member's

JUSTIFICATION SHEET

DEPARTMENT: Budget and Finance

TITLE: A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM.

PURPOSE: To correct typographical and nonsubstantive errors in sections 88-74 and 88-81, Hawaii Revised Statutes, to harmonize the service retirement, ordinary disability retirement and ordinary death benefits for Employees' Retirement System members who become members of the system after June 30, 2012, and to restore parity, with respect to age and service requirements for retirement, between current members who become judges after June 30, 2012, and other contributory plan members who are currently members.

MEANS: Amend sections 88-73(b), 88-74, 88-81, 88-335, and 88-338, Hawaii Revised Statutes.

JUSTIFICATION: Prior to the enactment of Act 163, Session Laws of Hawaii 2011, the age and service requirements for retirement for judges were the same as for other contributory plan members who became members of the Employees' Retirement System at the same time. Act 163 enacted more stringent age and service requirements for retirement by members of the system who become members of the system after June 30, 2012, and for current members of the system who become judges after June 30, 2012. As a result, current members of the system who become judges after June 30, 2012, are subject to more stringent age and service requirements than other contributory plan members who became members of the system at the same time. The proposed amendments to sections 88-73(b) and 88-74(c) and (d) restore parity between judges and other contributory plan members with respect to age and service requirements for retirement.

Section 88-74(f) refers to water safety officers who join the Employees' Retirement System after June 30, 2011, as contributory plan members. Any water safety officer who becomes a member of the system after June 30, 2011, must join the system as a "Hybrid Plan" member. Therefore, reference to water safety officers should be deleted from section 88-74(f).

Sections 88-74(i) and 88-81(a) and (f) contain typographical errors that should be corrected to avoid confusion.

Section 88-335 provides for ordinary disability retirement benefits based on a "multiplier" of two percent, which is the multiplier for "service" retirement benefits for individuals who become members of the system before July 1, 2012; however, the service retirement multiplier for individuals who become members of the system after June 30, 2012, is one and three-fourths per cent. The bill changes the ordinary disability retirement multiplier for individuals who become members of the system after June 30, 2011, to the same multiplier as for their service retirement benefits.

Section 88-338(a) allows the beneficiary of a "Hybrid Plan" member who dies with five or more years of credited service to receive an ordinary death benefit equal to the deceased member's "hypothetical account balance" (generally, one and one-half or one and one-fifth times the amount of a member's contributions and compounded interest on the contributions); however, an individual who becomes a member of the system after June 30, 2012, must have at least ten years of credited service to be eligible to withdraw the member's hypothetical account balance upon termination of service. The bill amends section 88-338(a) to make the minimum service period required for payment of the

hypothetical account balance as an ordinary death benefit for a member who becomes a member of the system after June 30, 2012, consistent with the minimum service period for inter vivos withdrawals by the member.

Impact on the public: None.

Impact on the department and other agencies:
