JUSTIFICATION SHEET

DEPARTMENT: Transportation

TITLE: A BILL FOR AN ACT RELATING TO COMMERCIAL DRIVER'S LICENSE.

PURPOSE: To require commercial driver's license holders to have their license with them when driving a commercial motor vehicle.

To prohibit commercial driver's license holders from texting while driving.

MEANS: Add a new section to chapter 291 and amend sections 286-231 and 286-235, Hawaii Revised Statutes.

Amend Section 286-231, Hawaii Revised Statutes to include two new definitions and to amend an existing definition.

Amend Section 286-235, Hawaii Revised Statutes to make driving a commercial motor vehicle without a commercial driver's license in the driver's possession a violation.

Amend Chapter 291, Hawaii Revised Statutes to prohibit texting while operating a commercial motor vehicle.

JUSTIFICATION: The intent of the proposed changes is to ensure that the Hawaii laws parallel the federal regulations.

Federal Motor Carrier Safety Regulation 383.51 (c) (7) lists driving without a commercial driver's license in possession as a serious traffic violation. The proposed amendment will make this violation enforceable by State law and allow law enforcement officers to cite drivers for this violation instead of 286-102 (no driver's license) which is not counted as a serious violation.

Section 383.51 (c) (9) lists texting while driving a commercial motor vehicle as a serious traffic violation, which if accumulated, results in penalties that are progressively more serious. This bill puts Hawaii law in harmony with the federal regulation.

Beginning on August 1, 2011, new codes B57 Driving a CMV (commercial motor vehicle) without a CDL in the driver's possession and M85 Texting while driving were added to a list of codes used by all jurisdictions in the Commercial Driver License Information System (CDLIS), a United States-wide system about CDL holders and their driver histories, and in the Problem Driver Pointer Systems (PDPS), the United States-wide system identifying drivers who have been convicted and/or withdrawn for federally specified offenses.

A state must come in substantial compliance with the requirements in this bill as soon as practical but not later than October 28, 2013. Failure to enact the changes could result in the loss of approximately \$5,500,000 (or 5% of \$109,016,036 federal-aid highway funds (based on FY 2011 funding) for the first year of non-compliance and \$10,900,000 (or 10%) per year thereafter.

Impact on the public: This bill will increase highway safety by helping to ensure that unsafe drivers of commercial vehicles are not allowed to drive.

Impact on the department and other agencies: The existing computer applications will report these new convictions and post them to the history record of commercial driver's license holders. As currently done with other major and serious violations, the county CDL staff will be able to take appropriate CDL driver disqualification action against persons convicted of driving

without a license in possession and texting while driving a commercial motor vehicle.
