PART I

SECTION 1. The legislature finds that 2010 was the first \$400,000,000 year in direct spending in film and television production in Hawaii and also marked the growth of locally-produced Tetris Online and massive multiplayer platform Avatar/Blue Mars, and international recognition for Hawaii's human capital with breakout talent ranging from Andy South in fashion, Bruno Mars in music, "The Descendants" author Kauai Hemmings in writing, and Ty Sanga, the academy for creative media graduate, whose "Stones" premiered as the first Hawaiian language film at the 2011 Sundance Film Festival. Also in 2011, CBS Network's remake of the iconic "Hawaii Five-0" series averaged over fourteen million viewers for each episode, represented the season's highest-rated television series among adults 18-49, and was the most digitally recorded series on the air. In 2012, director Alexander Payne's critically-acclaimed film, "The Descendants" was nominated for best picture, director

1 and actor awards and all of its soundtrack (forty songs) was
2 composed and performed by notable Hawaiian entertainers.

3 The legislature further finds that the success of the Act
4 88, Session Laws of Hawaii 2006, production credits in
5 generating additional production work within the State indicates
6 that Hawaii could have a billion dollar industry through the
7 right combination of responsible incentives, dedicated
8 infrastructure, broader development of Hawaii's intellectual
9 property workforce, and a global perspective. The right
10 incentives also represent an investment to bolster the local
11 economy and provide an international marketing advantage for the
12 State's number one industry, tourism.

13 The purpose of this Act is to capitalize on the convergence
14 of Hawaii's film, television, entertainment, digital media, and
15 music industries by pursuing long-term growth through a
16 comprehensive strategy to expand the number of high-quality
17 local jobs in these industries. The incentives in this Act are
18 intended to implement the strategy by encouraging the use of
19 Hawaii as a site for filming and the digital production of
20 films, and to develop and sustain the workforce and
21 infrastructure for Hawaii's film, television, entertainment,
22 digital media, and music industries.

PART II

SECTION 2. The purpose of this part is to:

- (1) Establish the Hawaii film and digital media special fund; and
- (2) Repeal part IX, chapter 201, Hawaii Revised Statutes, relating to Hawaii television and film development.

SECTION 3. Chapter 201, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"§201- Hawaii film and digital media special fund. (a)

- (4) Fees collected pursuant to section 235-17; and
- (5) Beginning July 1, 2013, quarterly payments made by the director of finance, in an amount equal to two per cent of the total aggregate wages and salaries paid to

1 (1) Amend the motion picture, digital media, and film
2 production income tax credit to strengthen incentives
3 for hiring greater numbers of residents and to support
4 training and employment opportunities for those
5 residents; and

6 (2) Amend the law to reflect advances in technology and
7 changes in the creation and distribution of motion
8 picture, digital media, and film productions.

9 SECTION 6. Section 235-17, Hawaii Revised Statutes, is
10 amended to read as follows:

11 "**§235-17 Motion picture, digital media, and film**
12 **production income tax credit.** (a) Any law to the contrary
13 notwithstanding, there shall be allowed to each taxpayer subject
14 to the taxes imposed by this chapter, an income tax credit which
15 shall be deductible from the taxpayer's net income tax
16 liability, if any, imposed by this chapter for the taxable year
17 in which the credit is properly claimed. The amount of the
18 credit shall be:

19 (1) [~~Fifteen~~]
20 (A) Fifteen per cent of the qualified production
21 costs incurred by a qualified production in any

1 county of the State with a population of over
2 seven hundred thousand; [~~or~~] and

3 [~~(2)~~ ~~Twenty~~]

4 (B) Twenty per cent of the qualified production costs
5 incurred by a qualified production in any county
6 of the State with a population of seven hundred
7 thousand or less[~~-~~]; and

8 (2) An additional ten per cent of the qualified production

2 State.

3 A qualified production occurring in more than one county may
4 prorate its expenditures based upon the amounts spent in each
5 county, if the population bases differ enough to change the
6 percentage of tax credit.

7 In the case of a partnership, S corporation, estate, or
8 trust, the tax credit allowable is for qualified production
9 costs incurred by the entity for the taxable year. The cost
10 upon which the tax credit is computed shall be determined at the
11 entity level. Distribution and share of credit shall be
12 determined by rule. Notwithstanding any provision of law to the
13 contrary, the credit may be recovered directly by the entity
14 that incurred the qualified production costs.

3 the purposes of this section, "net income tax liability" means
4 net income tax liability reduced by all other credits allowed
5 under this chapter. A taxpayer eligible to claim a tax credit
6 under this section may assign all or a portion of a tax credit
7 under this section to any assignee. An assignee may
8 subsequently assign a tax credit or any portion of a tax credit
9 assigned under this subsection to one or more assignees. A
10 taxpayer may claim a portion of a tax credit and assign the
11 remaining tax credit amount. A tax credit assignment under this
12 subsection shall be irrevocable. The tax credit assignment
13 under this subsection shall be made on a form prescribed by the
14 department of taxation. A taxpayer claiming a tax credit under
15 this section shall submit a copy of the completed assignment
16 form to the department in the tax year in which the assignment
17 is made and shall attach a copy of the form to the tax return on
18 which the tax credit is claimed.

19 (c) If the tax credit under this section exceeds the
20 taxpayer's income tax liability, the excess of credits over
21 liability shall be refunded to the taxpayer; provided that no
22 refunds or payment on account of the tax credits allowed by this

1 section shall be made for amounts less than \$1. All claims,
2 including any amended claims, for tax credits under this section
3 shall be filed on or before the end of the twelfth month

21 Hawaii" logo in the end credits; and

1 (4) Provide evidence of reasonable efforts to hire local

14 (f) To receive the tax credit, the taxpayer shall first
15 prequalify the production for the credit by registering with the
16 department of business, economic development, and tourism during
17 the development or preproduction stage. Failure to comply with
18 this provision may constitute a waiver of the right to claim the
19 credit.

20 (g) The director of taxation shall prepare forms as may be
21 necessary to claim a credit under this section. The director
22 may also require the taxpayer to furnish information to

1 ascertain the validity of the claim for credit made under this
2 section and may adopt rules necessary to effectuate the purposes

21 of business, economic development, and tourism shall provide a
22 report for the previous fiscal year to the governor and the
