
HOUSE CONCURRENT RESOLUTION

URGING THE UNITED STATES NATIONAL REGISTER OF HISTORIC PLACES TO
RECOGNIZE MOKAUEA ISLAND AS A CULTURAL AND EDUCATIONAL
RESOURCE AND INCLUDE MOKAUEA ISLAND ON THE NATIONAL
REGISTER OF HISTORIC PLACES.

1 WHEREAS, Mokauea Island is a group of islands located in
2 Keehi Lagoon, Kalihi Ahupuaa, Mokauea ili, Honolulu (Kona)
3 District, island of Oahu, State of Hawaii; and
4

5 WHEREAS, Mokauea Island is the site of Oahu's last Hawaiian
6 fishing village and one of only two remaining in Hawaii; and
7

8 WHEREAS, Keehi Lagoon was once a thriving fishing community
9 with over 13 fishponds, seven fisheries, and home to alii; and
10

11 WHEREAS, in pre-European times, Hawaii had hundreds of
12 fishing villages which were a repository of maritime skills
13 including knowledge of the sea, currents, tides, seasonalities,
14 and the building and handling of canoes and fishing equipment;
15 and
16

17 WHEREAS, Mokauea Island's fishing community was once
18 entirely self-sufficient due to a functional fishpond,
19 cultivation of vegetable and medicinal plants, as well as limu,
20 and a healthy supply of reef fish in the surrounding area; and
21

22 WHEREAS, descendents and family members of the Mokauea
23 fishing village residents can trace their genealogy back 900
24 years to the second migration of Polynesians to Hawaii; and
25

26 WHEREAS, references to one of the Mokauea islands are
27 included in Ka Mo'olelo O Hi'iakaikapoliopole (The Epic Tale of
28 Hi'iakaikapoliopole) and in Namakalehu, which describes the story
29 of when the second wave of Polynesians first stepped foot in
30 Hawaii on a reef near one of the Mokauea islands; and

1 WHEREAS, in 1839, Kamehameha III's Constitution and code of
2 laws assigned Keehi Lagoon to be the royal fishing grounds and
3 placed as kapu, recognizing the abundance of fish in the area
4 and the need to preserve and protect the natural resource; and
5

6 WHEREAS, the 1902 Federal Fish Commission Report revealed
7 that by 1900, half of the Hawaiian fishponds either had been
8 destroyed or were inoperable, but that the remaining half
9 produced over 560,000 pounds of fresh fish annually; and
10

11 WHEREAS, from 1900 to 1972, the fishponds and islands of
12 the Keehi Lagoon area were drastically altered or destroyed by
13 dredging to the extent that none of the fishponds recorded by
14 the 1900 Commission remain in existence today; and
15

16 WHEREAS, in 1972, the State attempted to evict the
17 seventeen families living on Mokauea Island to build an airport
18 runway extension, but several fishers refused to leave and were
19 arrested for trespassing on the same land their families had
20 lived on for generations; and
21

22 WHEREAS, in June of 1975, as a final eviction attempt and
23 without due process, government agents burned down the homes of
24 five fishers, destroying both their means of livelihood and
25 their personal belongings; and
26

27 WHEREAS, important cultural artifacts have been found on
28 the island, including an unfinished, pre-1900, near shore koa
29 fishing canoe that narrowly escaped destruction in the 1975
30 fires; and
31

32 WHEREAS, eviction of the fishers was publicized and the
33 fishers formed the Mokauea Fishermen's Association to pressure
34 the state and federal agencies to negotiate; and
35

36 WHEREAS, Governor George Ariyoshi, in response to public
37 pressure, ordered a formal historical study of the area and its
38 fishing community by the State Historic Preservation Officer;
39 and
40

41 WHEREAS, the State Historic Preservation Officer issued a
42 report in response to the Governor's order and found Mokauea to
43 be "an area of important historic concern", which qualified the

1 island community for preservation status under federal and state
2 law; and

3

4 WHEREAS, as a result of the preservation status, the
5 Mokauea Fisherman's Association negotiated a 65-year lease with
6 the State; provided that they rebuild their homes according to
7 the building code and establish an educational program for local
8 students to learn about traditional fishing and the reef
9 environment; and

10

11 WHEREAS, the fishers and their families then rebuilt their
12 homes, and the Mokauea Fishermen's Association began restoring
13 and reviving the fishing village with the cooperation of the
14 United States Army and groups of students, teachers, scholars,
15 and scientists; and

16

17 WHEREAS, the United States Navy provided labor and
18 machinery to construct a fishpond on the eastern side of the
19 island and consultants from the University of Hawaii helped the
20 residents stock it with resources; and

21

22 WHEREAS, over time, the fishpond on the island faced
23 challenges ranging from invasive species to pollution and was
24 ultimately abandoned; and

25

26 WHEREAS, only a handful of families remain on the island
27 and none possess the resources needed to establish an
28 educational program or the necessary facilities without
29 significant assistance; and

30

31 WHEREAS, since 2005, significant progress has been made
32 toward achieving the goal set by the Mokauea Fisherman's
33 Association to recreate a living example of a traditional
34 Hawaiian subsistence fishing village such that it becomes a
35 learning center allowing for scientific studies and the
36 perpetuation and practice of Hawaii fishing and seafaring
37 culture; and

38

39 WHEREAS, many school groups and community organizations
40 have participated in restorative efforts and free-choice
41 learning experiences on the island, helping to ensure the
42 transmission of Hawaiian traditional ecological knowledge; and

1 WHEREAS, to allow for the continuation of the educational
2 and cultural programs associated with Mokauea Island and the
3 families of the Mokauea Fisherman's Association, formal
4 recognition of its importance by state and federal agencies is
5 essential; now, therefore,

6
7 BE IT RESOLVED by the House of Representatives of the
8 Twenty-sixth Legislature of the State of Hawaii, Regular Session
9 of 2012, the Senate concurring, that the United States National
10 Register of Historic Places is urged to recognize Mokauea Island
11 as a cultural and educational resource and include Mokauea
12 Island on the National Register of Historic Places; and

13
14 BE IT FURTHER RESOLVED that formal recognition of the
15 cultural and educational importance of Mokauea Island is in
16 keeping with State Historic Preservation Officer's 1975 report
17 noting the island's historic importance; and

18
19 BE IT FURTHER RESOLVED that formal recognition of the
20 cultural and educational importance of Mokauea Island is in
21 keeping with the Hawaii State Legislature's goal to protect
22 Hawaii's distinctive cultural heritage; and

23
24 BE IT FURTHER RESOLVED that certified copies of this
25 Concurrent Resolution be transmitted to the United States
26 Secretary of the Interior, Chief of the National Register of
27 Historic Places, the Governor, the Chairperson of the Board of
28 Land and Natural Resources, and the Administrator of the State
29 Historic Preservation Division.
