A BILL FOR AN ACT

MAKING AN APPROPRIATION TO THE HAWAII CIVIL AIR PATROL FOR
OPERATING EXPENSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the Hawaii civil air
2 patrol is a civilian volunteer auxiliary service of the United
3 States Air Force. The three missions of the Hawaii civil air
4 patrol are providing emergency services, cadet programs, and
5 aerospace education. The Hawaii civil air patrol serves the
6 State and the nation through homeland security and humanitarian
7 efforts and has over five hundred members who provide volunteer
8 public service. The Hawaii civil air patrol consists of three
9 squadrons and four aircraft on Oahu, one squadron and two
10 aircraft on Kauai, one squadron and one aircraft on Maui, and
11 two squadrons and two aircraft on the island of Hawaii. All
12 volunteers are trained and ready to execute emergency service
13 missions, including tsunami warning, search and rescue, damage
14 assessment, aerial homeland security support, and counter-drug
15 reconnaissance.

16 Since the 1950s, tsunami warning has been the Hawaii civil
17 air patrol's primary mission in Hawaii. Recently, in October

1 2006, following an offshore earthquake near the island of
2 Hawaii, Hawaii civil air patrol units and crews assisted the
3 Hawaii county civil defense by taking photographs of damaged
4 sites. In November 2006, Hawaii civil air patrol units flew
5 tsunami watch sorties over north and west Oahu to warn
6 beachgoers to evacuate. In January 2007, the Hawaii civil air
7 patrol alerted beachgoers on the Na Pali coast to the
8 possibility of a tsunami. There is no other airborne tsunami
9 warning capability in Hawaii outside the Hawaii civil air
10 patrol.

11 Even more vital is the role that the Hawaii civil air
12 patrol plays in providing volunteers for emergency services.
13 The Hawaii civil air patrol participates in disaster relief
14 operations by augmenting the operations of the United States
15 Coast Guard. Recently, in July 2002, the Hawaii civil air
16 patrol was instrumental in locating a small plane that went down
17 on Maui. In February 2004, the Hawaii civil air patrol located
18 a missing air ambulance that had crashed near Hilo. In December
19 2008, the Hawaii civil air patrol ran an aerial damage
20 assessment mission to assist Kauai civil defense in gauging
21 damage caused by recent storms and flooding.

1 In addition, the Hawaii civil air patrol has a fully
2 developed cadet program that challenges and educates over two
3 hundred cadets in leadership, military science, aerospace
4 education, emergency services, and citizenship. The cadet
5 program includes a summer camp for cadets that provides a
6 comprehensive course covering leadership, team-building, drill
7 and ceremonies, and exposure to the Hawaii civil air patrol and
8 the United States Air Force. Attending the camp is a
9 requirement for a cadet to progress through the ranks.

10 Recently, the Hawaii civil air patrol, Hawaii Wing has been
11 downsized by one aircraft by its national headquarters due to
12 the minimum flying of its assigned aircraft. The number of
13 tsunami training missions and training flights for the State of
14 Hawaii has been minimized and the Hawaii civil air patrol flies
15 and trains only on the availability of state civil defense
16 funds.

17 The legislature finds that the Hawaii civil air patrol
18 requires state funding to allow it to continue its vital tsunami
19 warning operations.

20 SECTION 2. There is appropriated out of the general
21 revenues of the State of Hawaii the sum of \$ or so
22 much thereof as may be necessary for fiscal year 2011-2012 and

1 the same sum or so much thereof as may be necessary for fiscal
2 year 2012-2013 for the Hawaii civil air patrol to continue its
3 missions in the State of Hawaii, including its tsunami warning
4 operations.

5 The sums appropriated shall be expended by the department
6 of defense for the purposes of this Act.

7 SECTION 3. This Act shall take effect on July 1, 2011.
