on the island of Hawaii. The Public Land Development Corporation was established to optimize the use of public lands for recreation and leisure activities or for revenue generation, including through partnerships with the private sector that would increase work opportunities. This measure will bring interested agencies and parties together for the potential development and improvement of state lands, assist in the building of a community in need, and promote a safe and healthy environment and vibrant economy in the East Hawaii area of Hawaii County.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 92 and recommend its adoption.

Respectfully submitted on
behalf of the members of the
