INTRODUCTION OF RESOLUTIONS

The following resolution (H.R. No. 1) was read by the Acting Clerk and the following action taken:

H.R. No. 1, entitled: "HOUSE RESOLUTION RELATING TO THE OFFICERS OF THE HOUSE OF REPRESENTATIVES OF THE TWENTY-SIXTH LEGISLATURE," was jointly offered by Representatives Chong and Ward.

Representative Chong moved that H.R. No. 1, be adopted, seconded by Representative Ward.

Representative Chong rose to speak in support of the measure, stating:

"When I first came in to office, one of the first people I did meet was CJ Leong. And one of the things I learned about CJ, other than she's very professional, very competent, and very, extremely smart, was her ability to listen, her loyalty to the House, the Body and the people of Hawaii, and her wisdom that she always gives. And I thank her for that."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I can't say enough for CJ Leong because she fills big shoes left by my constituent Pat Shimizu. But I know there's something that's not known by all of you. This lady gave part of her life for the person who she's taking the place of. Something that very few of us ever do, have the opportunity to do, or would do.

"So CJ, your brain, your beauty, your presence here is welcomed. And we look forward to having a unanimous vote for you to be with us for many, many years ahead. Thank you, Mr. Speaker."

Representative Tokioka rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tokioka's written remarks are as follows:

"Mahalo, Mr. Speaker, for allowing me to submit written comments in support of House Resolution 1. It is truly an honor to support this Resolution of an individual who is beyond capable, extremely qualified and there is no question as to her dedication to this Body and institution. This individual goes above and beyond the call of duty not only in her career, but in her personal life as well as she risked her own life to save a life of another. For these reasons and many others I strongly support House Resolution 1."

Representative Har rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in support of HR1 and the appointment of CJ Leong as the Chief Clerk of the House of Representatives.

"Ms. Leong has served in the House for more than 25 years, most recently as the Director of the House Majority Staff Office, and prior to that served ably as the Assistant Clerk of the House of Representatives. Ms. Leong has always exhibited professionalism, intelligence, and respect for the institution, making her more than qualified for the Chief Clerk position. Ms. Leong knows and understands the procedures used in the

House of Representatives and continues to strive for excellence in making the House of Representatives efficient for both the institution and its Members. I am fortunate to consider Ms. Leong both a trusted colleague and a personal friend, and there is no doubt in my mind that she will continue her dedicated and professional service to this Body. I can think of no one more suited to take on the responsibility and honor of serving as Chief Clerk, and accordingly stand in strong support of the Resolution.

"Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.R. No. 1, was adopted.

The Chair then administered the Oath of Office to Ms. CJ Leong.

LATE INTRODUCTIONS

The following late introduction was made to the Members of the House:

Representative Luke introduced Ms. Leong's father, Mr. Peter Leong, and his wife, Mrs. Merrily Leong.

INTRODUCTION OF RESOLUTIONS

The following resolution (H.R. No. 2) was announced by the Clerk and the following action taken:

H.R. No. 2, entitled: "HOUSE RESOLUTION RELATING TO THE CAUCUS LEADERS AND THE COMMITTEE ASSIGNMENTS OF THE HOUSE OF REPRESENTATIVES OF THE TWENTY-SIXTH LEGISLATURE," was offered by Representative Say.

On motion by Representative Chong, seconded by Representative Ward and carried, H.R. No. 2, was adopted.

The following concurrent resolutions (H.C.R. Nos. 1 and 2) were announced by the Clerk and the following action taken:

H.C.R. No. 1, entitled: "HOUSE CONCURRENT RESOLUTION RELATING TO RECESS DAYS FOR THE REGULAR SESSION OF 2012," was jointly offered by Representatives Chong and Ward.

On motion by Representative Chong, seconded by Representative Ward and carried, H.C.R. No. 1, was adopted.

H.C.R. No. 2, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO ADDRESS THE LEGISLATURE ASSEMBLED IN JOINT SESSION," was jointly offered by Representatives Say, Chong, Manahan and Ward.

On motion by Representative Chong, seconded by Representative Ward and carried, H.C.R. No. 2, was adopted.

At this time, the Speaker delivered his address, stating:

"The Chair would like to give an Opening Day Address. And I will be very, very brief for all of you and our visitors in the gallery.

"Let me start off by saying, welcome Members to the 2012 Regular Session of the Twenty-Sixth Legislature. And a very special welcome to our recently appointed Member, Representative Tom Okamura of District 33, Aiea, Halawa, and Red Hill.

"Today I am glad and relieved to say that we will probably not have to make another extraordinary effort to balance the State budget during this Session. This situation will be a welcomed departure from the past three Sessions because of the great recession. We had to balance the State budget by a combination of painfully difficult expenditure reductions and

targeted revenue enhancements, but we maintained essential public service without, without increasing the general excise tax rate or the income tax on low- and moderate-income persons.

"We all rejected extremism and expediency in favor of reason and fortitude, and we took a balanced and responsible approach. And for that effort Hawaii is in a much better place, today, compared to our peers on the mainland. I commend all of you for a job well done.

"In continuing on the journey, the economic recovery although still fragile, is on its way. We in this Chamber, however, must remain cautious. Cautious. The fragility of the economic recovery requires the continuation of our balanced and responsible approach during the 2012 Regular Session.

"For the short term, we must maintain stability with respect to the State budget. Maintaining stability means no new taxes for State government from residents and business. Maintaining stability means no major general fund appropriation increase for the expansion of State programs. For this effort and this Session, we must focus on maintaining the economic recovery and promoting immediate job growth. And we all must be creative and innovative in one's thinking. We must make difficult choices, some of which may be opposed by segments of this community. We must seek ways to expedite the construction of State projects so that money flows into the community. We must also seek ways to avoid mandates on businesses that will increase their costs of doing business here in the State of Hawaii. I am confident that we will make these choices using the same balanced and responsible approach of the past three Sessions.

"Our recovery effort depends on a strong, solid foundation, and maintaining a foundation today, will enable us to pursue our dreams in the future. Dreams such as a Hawaii, Representative Coffman, powered exclusively by alternative energy resources, requiring no export of dollars. A Hawaii with broadband coverage for all schools, businesses and homes. A Hawaii in which healthcare is universally and affordably available to all. A Hawaii in which everyone lives in an affordable home, paying no more than one-third of their income for their rent or mortgage.

"And dreams of a Hawaii with a thriving and diversified economy, this means a Hawaii with a military presence that is fully appreciated for its importance to our nation and our Pacific allies' defense, and our State economy and social mix. A Hawaii with a visitor industry that continues to be the envy of the world. A Hawaii in which agriculture is a viable and sustaining enterprise that feeds our people, supports alternative energy and exports products.

"And for all of us, a Hawaii with a public education system that produces business professional and governmental leaders able to effectively guide our State in the future, and even lead the world in selected areas of expertise.

"But more mundane than this Body has addressed in the past two years, but that is very important, is a dream of a Public Employees Retirement and Health Fund systems with no unfunded liability so that our children and grandchildren do not have to carry the burden of increasing governmental fringe benefit contributions.

"I have many such dreams, as do all of you. Fulfilling the dreams, however, would require the expenditure of substantial taxpayers' money; money that we do not have today. Despite this intrusion of reality, let us not abandon our dreams. Let us continue the groundwork for the achievement of the dreams. Later, when the economy and public resources return to robust growth, we will then have the opportunity for full implementation. Let us be confident that our unselfish work of today will lead tomorrow to the Hawaii that we all dream about. To all of you, thank you very much."

The Chair then recognized Representative Ward, the Minority Leader, to present the Minority's response.

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. *Aloha mai kakou. Aloha.* Good morning, and welcome to the peoples' House. The House I like to call the marketplace of ideas. Good ideas that the Speaker has just given out. I was hoping Governor Abercrombie would still be here. I see the Chief Justice, the gentlemen from Fukuoka, welcome. HSTA, and other former representatives. Thank you for coming to the first business day of the State Legislature.

"Mr. Speaker, we are here doing a scaled-down opening. We don't have singing. We don't have dancing because of what's going on outside of this Capitol. There's a lot of anxiety out there. People are fearful of their jobs. People are fearful that the cost of living might go up. People are fearful that we may have a State budget that goes beyond and we may have to raise taxes and fees like, Mr. Speaker, last year. \$600 million was added on after we left the Session here. Mr. Speaker what I want to do in the beginning though, is to be grateful that we have a chance to say the, not the opposing, but the minority view.

"When people are anxious they need to hear straight talk like you gave. They need to hear hope. They need to hear assurance. They need to know what is going on. And the Minority, on behalf of myself, are grateful that we can offer a four-point recovery of confidence to create jobs, put a check on spending, and ensure more overall government accountability and transparency, and protect our community from organized crime. Yes, you heard correctly. Organized crime. If we're to succeed in this, Mr. Speaker, we've got to think outside of the box. We've got to think outside of this square box here. We got to start thinking entrepreneurially. We have to start innovatively, and creatively.

"Mr. Speaker, yes we've balanced the budget after the last three Sessions. But if all we do is balance the budget, beat our chest, and say, 'We've done it, by doing fees and taxes,' we will not be fully serving the people of Hawaii. We've got to do more than that. We've got to be what made America great in the beginning. What made Hawaii great in the beginning. And that was expansion of the pie. It's called growth. We've got to start being growth pie makers. We've got to expand the pie, Mr. Speaker. Not just cut it up in different pieces. We've got to think the way that America made us great.

"And one of the first ways to do that, and that's our first priority, is to start creating jobs and begin with creating green jobs. Let me illustrate why jobs are so necessary to be created. When we started in the 2011 Session, there were 39,621 people unemployed. Now one year later, there are over 41,000 people who are unemployed. That's about 150 people per month that have lost a job since we came in to Session. I think there's a better way to do that than having what all of you have heard me saying is their job killer number one, job killer number two. I hope we don't have to do that this Session because it's that private sector that hires these people. And the question is, have we had anything to do with the job killing that took place over the last twelve months?

"Mr. Speaker, one of the lead proposals that we want to do, and I know our lead proponent of energy is Representative Thielen, is to put the PACE bill back in to place. That's for solar on everybody's roof. The PACE bill, the Los Angeles version, is to be able to have homeowners save on their electric bill by installing renewable energy systems and paying for it over twenty years. Mr. Speaker, we've had incentives in place and we should keep those in place, but let's face it. Only 25 percent of our nation, of our State, has solar on their roof. In the Nation of Israel, they have 90 percent solar on their roof. If Israel can do it, we can do it also, Mr. Speaker. We can do it also. Right now, we have only three to four percent photovoltaic on our roof, and Germany has five to ten percent. If they can do it, we can do it because we are as world-class as they are, and we have more sun and we have more opportunity to be the best in the world.

"Another job creation strategy is to give veterans who have served in the Gulf to come back and have a tax credit. It's a veteran-owned business, that they will be given a preference in the procurement process of which we have a billion dollars and have three percent set aside so they can hire people. They can be franchised after they come back from serving their people.

"Lastly we're proposing hiring incentives for those who are unemployed. Those who are getting unemployment insurance, transfer that in to a tax credit and the employer will be sponsored and made whole.

"Our second priority, Mr. Speaker, and I know time is limited and I'm going to go a little bit quicker on this, is to build confidence in the people of Hawaii. Job creation doesn't work just by passing legislation, if there is so much uncertainty out there. And literally, right now there are trillions of dollars that are sitting on the sidelines because of a lack of confidence in policymakers, a lack of confidence in the economy. If we are going to be predictable in what we do Mr. Speaker, we need to be able to be sure of what we say and what we do so the confidence of the American people is not where it is now. In a recent poll by the Rasmussen Organization, 35 percent of Americans believe that it was possible to get rich by working hard. Sixty-five percent of our people don't believe that they can get rich by working hard. That is an attitudinal shift and the level of confidence in our economy is very, very hurting. And I say that because the equity that the little man had was in his house, and Mr. Speaker we have to get rid of these foreclosures and all the danger to what that was as the essence of building the American Dream.

"The third priority is accountability and transparency in government. I'm really pleased that the Governor was here. I wanted him to hear that when he said to the Hawaii Tax Foundation in Waikiki last month, he was going to try to put in place a positive financial report every quarter that people could see and count on and know that is real, and not some kind of a jury-rig or something meant to fool you. We have online balances legislation that we are going to be promoting. And we also have our usual annual Excel sheet budget online put together by the Minority Caucus. Also for transparency, we'd like to have fiscal notes passed. It's come up every year. Basically it's price tags so when we pass a piece of legislation, people will know, we will know how much it costs and right now, it's a hit and miss.

"Lastly Mr. Speaker, our last priority is to protect our communities. I said earlier, organized crime is out there. This is not the Al Capone type. This is online cyber crimes. We are being hacked, bribed, extorted, robbed of our identities, and massive fraud is going on unpunished. Beginning with an information briefing that was put together by Representative Fontaine and Representative Pine, our Caucus bills will make it easier to help Hawaii's citizens who are being victimized every day. And for example, we are going to have penalties for unauthorized access to a computer. There's going to be that Internet service providers who will have to maintain certain records and for a certain period of time, and it will help in the evidence that police have which now when they're reported, they can do nothing because they have no evidence to do that.

"Mr. Speaker, we think these are four priorities that are important. Now as you indicated, we have to keep our military strong. We have to keep our industry for tourism strong. And we need to keep the tax credits for our solar. And I would appeal to Speaker Emeritus from Maui, please lead us not into temptation for a quick fix for gambling, even though I know every year you're going to do it. It's a quick fix. It's not going to work Joe, but you can do it. With the forecast in the budget, the red ink by 2016 of \$312 million. It's a time to stop spending and I was going to look at Mr. Abercrombie, the Governor, and say, 'You know, we can't expand programs.' Thank you Mr. Speaker, for saying that no State programs should be expanded. That is greatly appreciated. And it's not the time to suffocate our small businesses with a steep increase in our Unemployment Insurance Tax. And I thank Representative Rhoads who made the front page of the newspaper who said we're going to decline the rate. We're not going to give that steep rate increase in unemployment insurance. Representative Rhoads, I hope you keep your word on that because that's very, very important.

"Finally, Mr. Speaker, let this Session be one of gratitude. Let's thank our small businesses who hire people. You know, we thank people at the airport who serve in the military. Let's thank the small businesses. Thank you for hiring your employees. Thank you for staying on the course. Right now, survival is success. As long as they're still in business, they're still successful.

"But I want to end with what Senator Inouye reminded us during APEC. And I want to commend everyone in Hawaii for APEC because we hit a

homerun on the world stage. We internationalized aloha. We put it to the test and we succeeded. Mr. Speaker, Senator Inouye said we should be proud of what Hawaii has done and can do. He said we have the best bank, the best airline, we're the national leader in renewable energy, have the largest solar telescope in the world, serve as the home of the Pacific Command where we basically supervise the security of 50 percent of the world's geography, have the biggest shipyard, Pearl Harbor, have one of only two missile ranges in the nation, and grow 80 percent of the world's seed corn. With these seven strengths defining our competitive position in the global economy, Mr. Speaker, we are an exception place, Mr. Speaker.

"We live in an exceptional nation. If we're going to achieve our potential this Session, let us try to be all we can by being job creators, pie expanders, confidence builders and protect our community from cyber criminals. God bless the House, the people of Hawaii and our great nation. Thank you, and aloha."

The Chair then addressed Representative Ward, stating:

"Representative Ward, Thank you, very much. But may I make a correction for the Members of the House and the audience. That when you recognize a Member, you recognize them from the district he or she comes from and not their name on the Floor of the House. You got that? Everybody got that? In our debate on the Floor it's recognizing the Member by that particular district, and not by name. Thank you."

Representative M. Lee: "Mr. Speaker, I would just like to invite the Members, both male and female, to stop by our office to sign the bills that are going to be part of the Women's Caucus Package and also the bills that are going to be part of the Kupuna Caucus Package. Thank you."

OTHER COMMUNICATIONS

HOUSE OF REPRESENTATIVES
STATE OF HAWAII
STATE CAPITOL
HONOLULU, HAWAII 96813

October 27, 2011

RECEIVED

2011 OCT 27 P 2 30

SPEAKER'S OFFICE

Speaker Calvin K.Y. Say and Members of the
Hawaii State House of Representatives
State Capitol, Room 431
Honolulu, Hawaii 96813

Dear Mr. Speaker and Members of the House:

I write to notify you that I will be retiring from the Hawaii House on November 30, 2011. I have on this day accepted a position with the Hawaii State Bar Association, and will be the Executive Director of this organization beginning on December 1, 2011.

This was a very difficult decision for me as I have spent almost half of my life here with the Hawaii House. The Hawaii House is indeed my second home, and you and the Members and the staff, are my second family.

People here at the Capitol have been with me through life's joys and challenges. People in the Capitol helped me through my pregnancy and rejoiced with me when I gave birth to my daughter, Melissa, almost twenty-six years ago. When I experienced difficulties in my personal life, people in the Capitol helped me through dark times with encouraging words. When I began to experience health problems, people in the Capitol, especially the CCO staff, helped me watch my diet by keeping me away from sweets and fried foods, made sure I made it to exercise class, and helped me find the time to rest when I got tired on long deadline nights. And of course, at the Capitol, especially my "sister", CJ, was with me every step of the way when I had the kidney transplant two years ago.

I realized fully how fortunate I was to have people in the Capitol as my second family during the post-surgery recovery period. The Capitol phone calls and get well messages helped me through the hospitalization and recuperation periods. At the hospital, CCO and HMSO staff wore hospital masks and sanitized their hands and made sure I had short visits to keep me in a positive frame of mind.

When I returned home, the phone calls, cards, emails and fruit baskets were in abundance. Whenever I needed to talk to someone for companionship during my 30-

day "home quarantine" after the surgery, I could always find someone in the Capitol to call. Rep. Marumoto dropped by the first Saturday I was home and surprised me with a box of manapua—something I could not eat for 2 years due to dietary restrictions. CCO staff drove to Hawaii Kai with lunch [and light desk work] when they could. The Minority Caucus sent Chinese food. And when I was finally medically cleared to come back to the Capitol, a month earlier than initially forecasted, I had to argue with you, Mr. Speaker, for permission to come back to work.

My close to 30 years in the House was never boring. Each day was different, especially during the legislative sessions. I was privileged to be a part of many historic and sometimes tumultuous decision-making activities. And it was most fulfilling to be a part of administrative and procedural changes. I came to the House when magnetic cards were used for committee work and typewriters were normally used for office business. We have now moved to the networks, dual-screen computers and laptops, websites and webcasting of proceedings.

I have had the privilege of serving 5 House Speakers. Mahalo to Speaker Peters who personally recruited me from the City Council to serve in the then-House Majority Research Office. Speaker Richard Kawakami was the visionary who taught me how to use legislative studies and research to formulate a 5-year issue plan. Speaker Kihano showed me that compassion was a necessary quality in a leader. I will be forever grateful to Speaker Souki, a leader who has never wavered in his lifelong support for the poor, the aged, the disabled, and the disadvantaged, and who never hesitates to speak his mind, for appointing me to the position of House Clerk. And finally to you Mr. Speaker, I thank you for the trust you have placed in me over the years as our respective administrative roles in the House expanded significantly, especially in the areas of personnel management and internal fiscal control.

I have thoroughly enjoyed my tenure here in the House. And I have enjoyed serving you and all of the members of the House on both sides of the aisle for the past three decades. It has been a privilege to work with the diverse House permanent staff and the hundreds of session staff I have met. The staff is truly the heart and backbone of this great institution.

My family and I will forever remain grateful for all of the opportunities and friendships the House has provided me with.

Before closing I would like to take this opportunity to thank and acknowledge the staff of the House Clerk's Office, some who have been with me for over 20 years. The CCO permanent staff is a talented, hard working group of people who have supported me and made it possible for me to do my job. They quietly work behind the scenes and help run the House smoothly making it look effortless. They are true professionals who do not seek accolades or praise, but are satisfied when the group effort results in

success. They are the ones who really deserve praise and thanks. I would not have been able to do my job without each and every one of them.

I leave the House with a very heavy heart, and the House will always remain a part of me. In my heart I will always remain "Pat from the House".

Sincerely,

Patricia Mau-Shimizu
Hawaii House Clerk
