When we start restricting fees and taking moneys away from these types of organizations, we're really putting a limit on free speech. Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations of H.B. 2874-RELATING TO BROADBAND. This bill creates the broadband special fund to support funding public school broadband and laptop initiatives, and freezes appropriations of moneys derived from cable fees at the lesser of the 2011 appropriation of the amount that a recipient would otherwise receive in the current year. It requires excess moneys to be deposited into the broadband special fund.

"While I support broadband, the problem with this measure, as stated by the Department of Commerce and Consumer Affairs, is that this bill places a limit on the amount of funding that certain programs receive and inhibits their ability to access funds that support expansion of telecommunication infrastructures and broadband communications. Furthermore, this bill negatively impacts the State's ability to access federal funds and the bill does not clarify if the intention is to cap the amount of operating fees paid to Public, Educational, and Governmental access organizations and Public Broadcasting Service Hawaii. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and a brief, brief comment. Mr. Speaker, my vision has always been to make 'Olelo into a C-SPAN so the people have access to all that we're doing, saying, decision making, etc. If at this early stage, because we're not even near being a C-SPAN that we're taking away money, even though it's a good cause, and the Representative from Maui, both Representatives from Maui speak very well as to why we should be concerned about that. But my concern is that in the long run of the big picture, everything that the public fears we're not doing, they, C-SPAN, and 'Olelo and Akaku and all these other ones, are going to open up government the way it should be. Thank you."

Representative Giugni rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support. All this bill does is provide funding mechanisms, originally for laptop computers, but then we did broaden it to portable computer devices. That way we could give it more flexibility in what kind of device it can be used for. It has mechanisms to be able to get donations from the private sector, which I think is a laudable mission. And as far as the mechanism that others have been speaking of, all it does is they get to keep what they currently got in 2011, and everything above that, that's the for PEGs, PBS and DCCA. So everything that is given to them through the Cable Franchise Fee, above that, above the levels of 2011, will go towards this mission.

"It's only for 5 years. In the end, I'd like to see something move for this mission. If it will end up exactly as written today, I don't know. The Senate may change it and do something else with it. But I think broadband is important. We've already got the ARRA grant to connect all our schools with high speed internet, and there's going to be a lot of need for these types of devices. Thank you, very much."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I think I will vote no on this particular measure. I think it's just a money grab. I'm all for broadband access, and computers for kids. However, in order to fund programs, we are searching far and wide into special funds and diverting funds, raiding them, in order to fund special programs. And especially in the Department of Commerce and Consumer Affairs, that's a real target for scooping up money. So if there's too much money for PEG access stations, then we consider lowering the fee. I was looking at my bill the other day, and it's almost \$5. So I think we should step back and take a look at this, but definitely not divert it to other uses. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I don't think the bill goes far enough. I think we need a complete audit of all the PEG access because I think the consumers need to know where that money is going."

Representative Saiki rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2874, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BROADBAND," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Marumoto and Saiki voting no, and with Representatives Oshiro and Wooley being excused.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2328, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Oshiro and Wooley being excused.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 530, HD 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you Mr. Speaker. I'm voting no, and am asking other Members to take a real hard look at this, before it comes to us for Third Reading. What this will do is give the Department of Land and Natural Resources and, more concerning, the Department of Transportation, the authority to exempt State projects from the requirements for special management areas and shoreline setbacks.

"The exemption is unusual, Mr. Speaker. Thirty years ago, or a little bit more, under a Democrat Majority, the Majority put in very strong environmental laws. Now we fast forward a number of decades forward, and under the same control, unfortunately, many of these environmental laws are being weakened, gutted or just ignored. I would like Members to please look at this seriously when you have your Caucus on Monday, and see whether or not this bill should be tabled. I hope it will be."

Representative Riviere rose to speak in opposition to the measure, stating:

"I rise in opposition. In testimony in the Finance Committee, just the other day, the Office of Planning was very clear. They don't want this. This bill would move these decisions directly into them. There is the jeopardy of losing federal funding to the tune of at least a couple of million dollars. There's a federal Coastal Zone Management Program that we have to

follow in order to qualify for the federal funds which I believe in testimony relates to somewhere around 23 jobs one way or another.

"This bill would allow two new positions in the Office of Planning. So the idea of this bill is to expedite decision making. I would argue that besides the very dangerous precedent of altering the rules radically, it'll have the exact opposite effect, and bog down the Office of Planning, who's not ready to take it, and who are presently working on a program that they wish to continue to develop and present for the next legislative Session. So we're rushing to dismantle our environmental protections and this is one example that is another bad idea. A no vote, please."

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker and Members. I wish to speak in favor of this measure. It has been mentioned by the Representative across me from Kailua, that years ago the Democrats came up with these environmental laws that we have. And yes, it did come up and they did provide the language for the laws. However, Mr. Speaker and Members, the interpretation of the laws these last few years, the past ten years or so, has stretched the intent where the cost of construction, because of the time lag, has doubled and tripled. An ordinary project, once it gets to the EIS level, and then needs to go on, it can take a minimum of between five and ten years before completion. The price and the land, every day the cost goes up.

"I remember a project years back where the project was supposed to be \$350 million and it ended up being about \$1.3 billion, because of the continual interpretation of the environmental laws. So Members, yes we should not void the law by itself. But for special projects it may be necessary. We really need to go back and look at these laws again and if they need to be improved, they should be improved. We cannot afford the continual time lags and costs that the State is burdened with because of the laws that we have. So we need to revisit these laws again. Thank you very much, Mr. Speaker."

Representative Hanohano rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Thielen rose to disclose a potential conflict of interest, stating:

"Yes, thank you Mr. Speaker. My second time, I know. Mr. Speaker, may I have a ruling on a potential conflict? My son is the President-elect of the Building Industry Association, and they testified in favor of the bill," and the Chair ruled, "no conflict."

Representative Thielen continued, stating:

"Thank you, Mr. Speaker. And I disagree with the Building Industry Association's testimony. Mr. Speaker, responding to Speaker Emeritus' comments, the interpretation of the law may be inconvenient to the Department of Transportation, but the interpretation of environmental laws is what is to protect our islands and our environment. It may be inconvenient. It may be more time consuming and it may be that the Department of Transportation needs to do a better job in recognizing how they can comply with the environmental laws, as well as move ahead projects. But inconvenience is no reason to gut what has been on the books for over 30 years. It was a Democrat legacy that's being eroded by a present day Democrat Majority, and I find that unfortunate. Thank you."

Representative Belatti rose to speak in opposition to the measure, stating:

"In opposition, and I'll reserve my comments for Third Reading."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Reservations with the words of the Representatives from Kailua and the North Shore, minus the part about the son."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Saiki rose to speak in opposition to the measure, stating:

"Mr. Speaker, I would like a no vote, and also I'd like to note that this bill does require particular scrutiny because it bypassed the Committee on Energy and Environmental Protection through the referral process, as a single referral to the Finance Committee."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 530, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COASTAL ZONE MANAGEMENT," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Belatti, Hanohano, Riviere, Saiki and Thielen voting no, and with Representatives Oshiro and Wooley being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 726-12) recommending that H.B. No. 2347, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2347, entitled: "A BILL FOR AN ACT RELATING TO GENERAL OBLIGATION BONDS FOR REVENUE-PRODUCING UNDERTAKINGS," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Oshiro and Wooley being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 727-12) recommending that H.B. No. 304, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 304, HD 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Evans.

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have reservations on this matter and am looking forward to finding out more about it from the Members of Finance. My concern is if there's an interstate pooling of bond allocations that are made possible in the bill, this could subject the State to some difficulties if other states run into difficulties. So I'm just not real clear. I'm looking forward to talking to the Chair of Finance to get a little bit of further information about it. Thank you."

Representative Marumoto rose in support of the measure with reservations and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 304, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FINANCES," passed Second

Reading and was placed on the calendar for Third Reading, with Representatives Oshiro and Wooley being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 728-12) recommending that H.B. No. 1033, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"With reservations. I think these are high-risk loans and more worthy of venture capital investment. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, a no vote please. A couple of comments in that regard. The reason why is, too many risks, too high of a cost, and management who doesn't have the experience to run this. I have nothing against the AFL-CIO or Governor Abercrombie, but they're going to be the leadership of the bank, and their backgrounds or experience doesn't lend itself to take taxpayers money in, as our colleague said, a venture capitalist mode."

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and just a few short comments. It's just curious that in this Committee Report that first the measure was gutted and a proposed draft was circulated. Then that proposed draft which was testified upon was deleted in entirety, and its contents. So I just want to take a closer look at this and make sure my reservations are made clear."

Representative Ching rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition of H.B. 1033 – Relating to Public Finance. This bill establishes the Clean Economy Bank of the State of Hawaii to, among other things: Enable the State to leverage aligned resources and collective influence to build a national clean economy that creates jobs, reduces carbon emissions, and ensures the nation's energy security; Support clean economic development within the State and other participating entities; and Lessen the burden on the State and other participating entities to finance qualified renewable energy and other related purposes.

"This bill pursues a path that I find irresponsible, bureaucratic and costly to the State. I agree with words from the Hawaii Bankers Association, "Forming a state-owned bank is a complex and potentially costly process and deserves thorough analysis to determine whether there is truly a legitimate unfulfilled need. Legislators must ask if it can be accomplished without risking the public's money and if it can be operated in a safe and sound manner. Without proper vetting and consideration, the state could

be burdened with more costly bureaucracy, not to mention the cost to set up the initial banking infrastructure."

"The underpinnings of this bill would conceivably breed unfair competition and policy conflict. Until the State can show proof of operating a for-profit business, this bill should not even be considered. H.B. 1033 lacks reasonable, intuitive support and would require an unknown amount of State money to implement. I would be astonished if something so imprudent could make its way into law in such a fragile economic environment. Thank you."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1033, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC FINANCE," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Ching and Ward voting no, and with Representatives Oshiro and Wooley being excused.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 42, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote, please. Thank you, Mr. Speaker. This measure makes permanent the prohibition against urinating or defecating in public within the Chinatown, Downtown, Honolulu areas. I don't support that type of activity, but I find that the difficulty for people including sometimes our tourists, the difficulty is finding a public restroom. I know there is one in the Police Department. There are certainly some people that would feel uncomfortable about going in there to request to use that restroom. There may be a few others around. Some of them wouldn't be as accessible for the population if they were in a restaurant or in Macy's or in some other store.

"So we're putting a restriction on people in a specific area. I don't know about the people that are bordering, whose districts are right surrounding that area, but those people might feel a little uncomfortable about this bill, too. I don't think this bill makes sense Mr. Speaker, unless we had the county really doing aggressive construction to make restrooms available in a very densely populated area, and very intensely visited. So I'm sorry to see this bill move forward. Thank you."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. My reservation on this bill is not because I'm in total opposition of it. My reservation is that we should tackle the issue of having restrooms in shopping centers. There are smaller shopping centers like in Ewa Beach and Waipahu wherein if you happen to be there, you don't have anywhere to relieve yourself. So I believe that one of the things that we should implement in this House is to have some sort of resolution for all these private shopping centers, that there should be public restrooms. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 42, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ORDER," passed Second Reading and was

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2686, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CIVIL LIABILITY," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Oshiro and Wooley being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 731-12) recommending that H.B. No. 1791, pass Third Reading.

The motion was put to vote by the Chair and carried, and H.B. No. 2458, entitled: "A BILL FOR AN ACT RELATING TO CONVERSIONS BY NONPROFIT CORPORATIONS," passed Third Reading by a vote of 51 ayes.
