The House of Representatives reconvened at 12:22 o'clock p.m.

At this time, the Chair announced:

"Before the recess, on the previous motion, the Chair will allow for written comments. My apologies for going too quickly."

Representative Thielen rose, stating:

"Thank you, Mr. Speaker. I'm rising on a point of personal privilege. Mr. Speaker, the North Shore Representative and I consistently have voted no on Senate Bill 2873, and we would like the record to reflect that we still continue to vote no on that. And I would like your permission to insert written comments."

At 12:23 o'clock p.m., Representative Chong requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:24 o'clock p.m.

Representative Thielen rose, stating:

"Mr. Speaker. Thank you for your permission to insert my comments in opposition to Senate Bill 2873. And behalf of my colleague from the North Shore, I would request permission for him to do the same, and to have these remarks reflected in the Journal," and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"This bill temporarily amends Chapter 343, HRS, to clarify current EIS exemptions for certain secondary actions. The Department of Transportation sought the exemptions instead of seeking the Environmental Council's approval for secondary action exemption on highway projects.

"The Department of Transportation should go through the process with the Office of Environmental Quality control for getting the exemptions under their rules.

"We should not codify an exemption when the DOT can get an exemption on its own through the current process. This bill is not necessary.

"The Outdoor Circle testified that "Existing law already give the agencies the authority to quickly exempt any project or action that is expected to have no or negligible environmental impacts. However, sometimes these projects aren't as innocuous as they appear and they cannot qualify for an exemption under HRS chapter 343."

"David Penn of UH Environmental Center stated that DOT should go through the existing exemption process provided under HRS Chapter 343, rather than by promoting a blanket legislative exemption for a potentially broad range of future actions and their unforeseen consequences."

Representative Ching rose, stating:

"Thank you, Mr. Speaker. Same request, please," and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations of S.B. 2873 – Relating to Environmental Impact Studies. This bill temporarily amends Chapter 343, Hawaii Revised Statutes, to clarify current exemptions for secondary actions limited to development within existing public right-of-ways or highways. It requires that applicants prepare environmental assessments when required.

"While I generally support measures that free up time and prevent unnecessary delays, I am concerned that S.B. 2873 contains problematic language. Minor roadway improvements are already generally exempted from environmental reviews. This bill defeats the purpose of the exemption, and is not an exemption at all. As well, it would more than likely open the door for lawsuits. Thank you."

Representative Riviere rose, stating:

"Thank you. I just wanted to affirm the Representative from Kailua's request. I am in opposition to that bill also. Thank you," and the Chair "so ordered."

Representative Riviere's written remarks are as follows:

"I oppose SB2873, which passed Second Reading without an opportunity for me to comment and raise my objection. Had I been provided a reasonable opportunity to cast my vote, it would have been No.

"This bill is unnecessary as the Department of Transportation already has authority to exempt projects that pose no environmental risk. The Office of Environmental Quality Control has testified that they have no backlog of agency requests for project exemption lists and they are fully staffed and ready to provide guidance on exemption matters. Blanket exemptions are bad policy, especially when agencies have authority to exempt certain common sense projects. Somebody should take a look for potential impacts and make a determination if an exemption is warranted."

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 990-12), recommending that H.R. No. 5, as amended in HD 1, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that H.R. No. 5, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 5, HD 1, entitled: "HOUSE RESOLUTION RECOGNIZING THAT THE UNITED STATES CONSTITUTION ONLY PROTECTS RIGHTS OF NATURAL PERSONS," was referred to the Committee on Finance, with Representative Herkes being excused.
