

Dear Senator Baker and Committee

I am writing in support of Lydia Kumasaka to the Board of Pharmacy. Lydia reports to me as Manager of the Pain and Palliative Care Dept, Crisis Nurses, Diabetes Center and IV and PICC teams. Her leadership skills are excellent. She leads with her heart yet holds people accountable. She is a leader with integrity and compassion. In addition she works effectively with colleagues in all disciplines and is highly respected. The Board of Pharmacy will be fortunate to have her as a member.

Mahalo for your time

With sincerest respect.

Mimi Harris, RN MSN Director Patient Care Consulting Services
