

Testimony of Clyde T. Hayashi
Director
Hawaii LECET
1617 Palama Street
Honolulu, HI 96817

LATE TESTIMONY

HOUSE COMMITTEE ON FINANCE
Wednesday, February 29, 2012
11:30 a.m., Conference Room 308

HB 1033, HD1 - RELATING TO THE BANK OF THE STATE OF HAWAII.

Aloha Chair Oshiro, Vice Chair Lee. and Members of the Committee:

My name is Clyde Hayashi and I am the director of Hawaii LECET (Laborers-Employers Cooperation and Education Trust). Hawaii LECET is a partnership between the Hawaii Laborers' Union, Local 368 and our union contractors.

I am submitting this testimony in **support** of the intent and purpose of HB 1033, HD1.

Hawaii LECET supports the goal of establishing a clean economy bank of the State of Hawaii, which will enable us to better build our Hawaii clean economy. .

The members of the Hawaii Laborers' Union, Local 368 and our union contractors are ready to participate in the expanding clean economic development opportunities, which this bill will support

We all benefit from the resulting decrease in reliance on imported oil.

Thank you for the opportunity to submit this testimony.

LATE TESTIMONY

February 28, 2012

TESTIMONY BY (UH Maui College, Energy Management Lab, Stuart Zinner,
Project Director)

TO THE HOUSE COMMITTEE ON FINANCE ON HOUSE BILL NO.1033
RELATING TO PUBLIC FINANCE

Aloha Chair Oshiro, Vice Chair Lee and Finance Committee Members;

I STRONGLY support HB 1033 HD1 which establishes the Clean Economy Bank of the State of Hawai'i to provide financing support and risk management for qualifying clean economy projects to aid in development of Hawaii's clean energy economy and to lessen the State's dependence on imported energy.

I support the purposes of the Clean Economy Bank of the State of Hawaii, including:

(1) Enabling the State, along with other participating states, territories, and municipalities to leverage aligned resources and collective influence to build a national clean economy that creates jobs, reduces carbon emissions, and ensures our nation's energy security;

(2) Supporting clean economic development within the State and within participating states, territories, and municipalities, by increasing access to capital for local governments, businesses, and non-profits in partnership with local financial institutions;

(3) Lessening the burden on the State and other participating states, territories, and municipalities of financing qualified renewable energy, renewable energy transmission, energy efficiency, distributed generation, and oil-saving projects and technologies; zero- or low-carbon transportation; clean energy manufacturing; municipal water efficiency; municipal waste efficiency; job training for energy efficiency projects; and for other related purposes;

I am particularly supportive of financing low carbon transportation.

Thank you for the opportunity to provide testimony on this bill.

Respectfully submitted,
UH Maui College, Energy Management Lab, Stuart Zinner, Project Director
