DEPUTY DIRECTOR

January 26, 2012

The Honorable Ryan I. Yamane, Chair,
and Members of the Committee
House Committee on Health
Hawaii State Capitol
Honolulu, Hawaii

Dear Chair Yamane and Committee Members:

RE: HB 1953, RELATING TO EMERGENCY MEDICAL CARE

The Emergency Services Department of the City and County of Honolulu supports HB 1953, which relates to emergency medical care on Oahu.

Honorable legislators, it is still difficult to believe that just a little more than a month ago the Hawaii Medical Centers closed their doors to the community. The announcements came suddenly, so quickly that EMS found it necessary to stage an Advanced Life Support (ALS) Unit outside the doors of the emergency rooms because we were finding sick individuals seeking help at the empty emergency departments.

In addition, the City Emergency Medical Services (EMS) Division immediately stood up additional ambulances in anticipation of the higher call volume and longer transport times. We have maintained the increased service with two (2) ALS ambulance units; this has allowed us to continue to provide the standard of care residents of Oahu have come to expect. One 24-hour unit, and a second 16-hour unit, has a combined average of 140 emergency 911 calls per week. Although transport times have increased, our response times have actually improved across the entire island since the units started service.

The closure of these facilities has left many gaps in the health care industry, and while EMS strives to serve as the safety net for the community, we have done so with funds originally slated for normal operations and without the supplemental appropriations which would be afforded by this measure, other areas of our service will suffer. We humbly ask for your support of HB 1953.

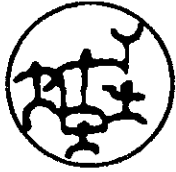

Thank you for the opportunity to testify in support of HB 1953.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Ireland", is written over a light blue horizontal line.

James H.E. Ireland, M.D.
Director, Honolulu Emergency Services Department

Randall M. Suzuka M.D., A.B.F.M.

Haleiwa Family Health Center

January 25, 2012

To: Representative Ryan I. Yamane
Chair, House Committee on Health

Re: Support of House Bill No. 1943 and House Bill No. 1846

I support the following bills which directly impact the survival of Wahiawa General Hospital.

1. **House Bill No. 1953, Relating to Emergency Care:** This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.

2. **House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital:** Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central Oahu, West Oahu and the North Shore

Sincerely,

A handwritten signature in black ink, appearing to read "Randall Suzuka". The signature is fluid and cursive, with the first name "Randall" being more prominent than the last name "Suzuka".

HOUSE COMMITTEE ON HEALTH
Rep. Ryan Yamane, Chair

Conference Room 329
January 27, 2012 at 9:00 a.m.

Supporting HB 1953 Relating to Emergency Medical Care.

The Healthcare Association of Hawaii advocates for its member organizations that span the entire spectrum of health care, including all acute care hospitals, as well as long term care facilities, home care agencies, and hospices. In addition to providing quality care to all of Hawaii's residents, our members contribute significantly to Hawaii's economy by employing over 40,000 people. Thank you for this opportunity to testify in support of HB 1953, which appropriates funds for emergency medical services in West Oahu and Central Oahu.

Two emergency rooms on Oahu closed when the Hawaii Medical Center hospitals ceased operations in December of 2011. Predictably, the remaining emergency rooms on Oahu have experienced significantly increased usage since then. This bill appropriates funds to increase emergency medical services where they are most needed, specifically on the Leeward Coast of Oahu and at Wahiawa General Hospital, which has the emergency room that is closest to the Leeward Coast.

For the foregoing reasons, the Healthcare Association supports HB 1953.

Subject: please support HB 1943 & 1846

Dear Representative Ryan Yamane

Please Support House Bill No. 1943 and 1846.

Wahiawa General Hospital cares for many people on the north shore and central Oahu. Many of those people do not have insurance and have no ability to pay yet Wahiawa General still takes care of them. Please support the emergency care bill and the bill to issue special purpose revenue bonds to help Wahiawa General Hospital.

Respectfully,

Gary Ropert

Chair, House Committee on Health

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. **House Bill No. 1953, Relating to Emergency Care:** This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. **House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital:** Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. **House Bill No. 1953, Relating to Emergency Care:** This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. **House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital:** Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Chair, House Committee on Health

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. **House Bill No. 1953, Relating to Emergency Care:** This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.

2. **House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital:** Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahaiawa General Hospital.

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahaiawa General Hospital.
2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahaiawa General Hospital: Wahaiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahaiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahaiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Ellie Wicklund

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

2. **House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital:** Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely,
Ambika Ramamurthy

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.

2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. **House Bill No. 1953, Relating to Emergency Care:** This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. **House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital:** Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

I agree wholeheartedly that the closing of HMC West and East has affected Wahiawa General Hospital. The hospital is in need of extra funding.

Thank you,
Carlton Williams

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Traci Ramos

Representative Daynette Morikawa
State Capitol, Room 310
415 South Beretania Street
Honolulu, HI 96813

Dear Representative Morikawa,

A bill sponsored by the Healthcare Association of Hawaii was passed as Act 21 in the first special session of 2009, requiring home care agencies to be licensed. Recognizing the rapid expansion of the home care industry, the Act mandates the licensure of home care agencies to assure the public that these agencies are delivering quality services. Funding for the operations of the licensing process was not included in the Act because of the lengthy rulemaking process necessary to implement licensing.

Act 21 designates DOH as the agency to license home care agencies. DOH has collaborated with home care agencies, consumer advocates, and other stakeholders to draft the administrative rules needed to implement licensing. Those draft rules are in the final stages of being completed.

The licensing of home care agencies is designed to be self-sustaining because revenues from licensing fees will cover administrative costs. However, start-up funding is needed to begin the process, and this measure appropriates the necessary funds.

For the foregoing reasons, I support HB 1955.

Thank you.

Sincerely,

Ms. LAURALEE KAWAMATA

House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. **House Bill No. 1953, Relating to Emergency Care:** This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. **House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital:** Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
 2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.
- The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. **House Bill No. 1953, Relating to Emergency Care:** This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. **House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital:** Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Chair, House Committee on Health

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. House Bill No. 1953, Relating to Emergency Care: This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital: Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely

Re: Support of House Bill No. 1943 and House Bill No. 1846

I want to formally communicate my support for the following bills which directly impact the survival of Wahiawa General Hospital.

1. **House Bill No. 1953, Relating to Emergency Care:** This bill is important to strengthening Emergency Care on the West and Central Oahu areas which have been critically impacted due to the closure of Hawaii Medical Center West. I am concerned that there will be a continued erosion of emergency services unless financial support is provided to the emergency services network addressed in this bill, including Wahiawa General Hospital.
2. **House Bill No. 1846, Relating to The Issuance of Special Purpose Revenue Bonds to Assist Wahiawa General Hospital:** Wahiawa General Hospital is a financially fragile hospital as was Hawaii Medical Center West and this bill is important to assure the survival of Wahiawa General Hospital. The Central Oahu Community needs access to excellent healthcare services and Wahiawa General Hospital needs significant upgrading to continue providing excellent services to the community.

The House Committee on Health's support for these bills would be appreciated by all residents of Central and West Oahu.

Sincerely,

Candice Paulo
