LATE TESTIMONY

Dear Chair,

As discussed, the intent of the bill is important and needed. However, I would hope that the needs of public education also be considered in utilizing any excess school lands. As you know, your district is in need of capital funding for quality classrooms. A potential option is the Hawaii Public Lands Corp. which could potentially be a vehicle to the benefit both critical needs. We look forward to working with the legislature to explore options that best use any excess school lands.
