Members of the Senate Committee on Judiciary and Labor

Date: Monday, March 12, 2012

Time: 10:00 a.m.

Place: Conference Room 016, State Capitol

From: Dwight Y. Takamine, Director  
Department of Labor and Industrial Relations (DLIR)

**Re: H.B. No. 2573 HD1 Relating to Apprenticeship**

**I. OVERVIEW OF PROPOSED LEGISLATION**

HB2573HD1 amends the apprenticeship law, Chapter 372, HRS, to conform to federal regulations. The department supports this Administration measure.

**II. CURRENT LAW**

The current state law was originally written in the 1940's with few major changes since that time. The department is seeking renewal of its federal recognition as a State Apprenticeship Agency to administer apprenticeship programs in the State of Hawaii. A pre-requisite for renewal is an amendment to the current state law to conform to federal regulations that were published in December 2008. The department has until December 31, 2012 to obtain the appropriate amendments in state law and make other changes necessary for continued recognition as a State Apprenticeship Agency.

### **III. COMMENTS ON HOUSE BILL**

The U.S. Department of Labor, Office of Apprenticeship, requires all State Apprenticeship Agencies to revise their state laws and/or rules pursuant to title 29 Code of Federal Regulations, part 29. The new federal regulations recognize that technological advances, demographic changes, and globalization have significantly altered the context in which apprenticeship programs operate. The regulations contain new concepts such as competency-based training and provisional approvals of new apprenticeship programs.

H.B. 2573 also makes a few minor housekeeping changes in language to conform to the new regulations and deletes some portions of the existing statute, which will be included in revisions to the administrative rules.

H.B.2573 was heard by the House Committee on Finance on February 28, 2012 and passed with technical, nonsubstantive amendments.

Committee on Judiciary and Labor  
Sen. Clayton Hee, Chair  
Sen. Maile S.L. Shimabukuro, Vice Chair

Testimony of Associated Builders and Contractors Hawaii Chapter in  
**Strong Support** of HB 2573 H.D. 1

Chair Hee, Vice Chair Shimabukuro, and members of the Committee; thank you for the opportunity to testify on this matter. My name is Malcolm Barcarse, Jr. I am the 2012 Board Chair and the Legislative Committee Chair of Associated Builders and Contractors Hawaii Chapter. We are an association of over 150 members representing the merit shop contracting industry in Hawaii.

As an apprenticeship program certified by the Department of Labor and Industrial relations we stand in **strong support** of HB 2573 H.D.1. This bill conforms the State's apprenticeship law to federal standards. This is necessary to allow the Department of Labor and Industrial Relations to continue to administer apprenticeship programs such as ours beyond December 31, 2012. We believe that apprenticeship is the lifeblood of the construction industry as it provides top quality training to apprentices and perpetuates the trades for future generations of construction workers. Therefore we ask that this committee pass this bill without delay.

Thank you for the opportunity to testify.

**PARTNERSHIP**

Testimony of C. Mike Kido  
External Affairs  
The Pacific Resource Partnership

Senate Committee on Judiciary and Labor  
Senator Clayton Hee, Chair  
Senator Maile S.L. Shimabukuro, Vice Chair

HB 2573, HD1 – Relating to Apprenticeship  
Monday, March 12, 2012  
10:00 am  
Conference Room 016

Aloha Chair Hee, Vice Chair Shimabukuro, and Members of the Committee:

My name is C. Mike Kido, External Affairs of the Pacific Resource Partnership (PRP), a labor-management consortium representing over 240 signatory contractors and the Hawaii Regional Council of Carpenters, formerly the Hawaii Carpenters Union.

PRP generally supports those measures that generate consistency between state and federal laws, and HB 2573, HD1 would bring the Chapter 372, Hawaii Revised Statutes into alignment with the title 9 Code of Federal Regulations, part 29.

Maintaining the department's federal recognition as a State Apprenticeship Agency will have many benefits. Apprenticeship programs provide participants with an invaluable educational experience, outstanding benefits and steadfast contractual protection on the job. They enable employers to develop and apply industry standards to training programs, and this increases productivity and improves the quality of the workforce.

Thank you for the opportunity to share our views with you. We respectfully ask for your support on HB 2573, HD1.
