**In consideration of
HOUSE BILL 2808
RELATING TO KIKALA-KEOKEA**

House Bill 2808 finds that the lessees of the State lands in the Kikala-Keokea subdivision in Puna, Hawaii, have been unable to construct dwellings on their lots as required by their leases, due to lack of infrastructure in the area. The Department of Land and Natural Resources (Department) appreciates the intent of this bill, but provides the following comments.

The State spent more than \$3,000,000 to construct the Kikala-Keokea subdivision with county standard roads, county water lines installed to the edge of each lot, and electrical and telephone utilities. While there is little development surrounding the subdivision, the subdivision itself has the necessary infrastructure for the lessees to proceed with construction of their dwellings.

Honorable Chair Hanohano,

Yes please pass this, I have submitted my testimony on other bills describing one of my Aunty's who was not able to build because of the how the process within DHHL currently works, now she is in a care home. Please lets ensure that leasee's are given every opportunity to build their homes and community.

Mahalo,
Crystal Kia Paul

*The Honorable Rep. Faye P. Hanohano, Chair
and members of the House of Representatives*

Committee on Hawaiian Affairs

Hawai'i State Capitol, Honolulu HI 96813

I am writing this letter in support of HB 2808 Relating to Kikala-Keokea, which provides an additional period of ten years within which lessees of the Kikala – Keokea homestead may construct dwellings, as required in their leases, commencing upon the effective date of this act.

HB 2808 will give individual families adequate time to rebuild personal funding towards their new homes. We ask humbly to consider HB 2808 and help support our families.

E ho'omaika'i ia Iehova,

Julia K. Peleholani
