WRITTEN COMMENTS

Bill No. and Title: House Bill No. 302, H.D. 1, S.D. 1, Relating to the Probation Services Special Fund.

Purpose: Requires interstate transfer fees collected from offenders requesting transfer of their probation or parole supervision to the mainland to be deposited into the Probation Services Special Fund to be used to defray the costs of an Interstate coordinator and other related expenses.

Judiciary's Position:

The Judiciary strongly supports House Bill No. 302, H.D. 1, S.D. 1, Relating to the Probation Services Special Fund, which is part of the Judiciary's legislative package.

In 2008, the Hawaii State Legislature established the Interstate transfer fee (Section 353-B of the Hawaii Revised Statutes) that allows the Judiciary and the Hawaii Paroling Authority to assess a fee not to exceed \$200 for each application made by a parolee or probationer for a transfer out of the State of Hawaii to the mainland. The same bill also established a full time coordinator position for the Interstate Office to manage its activities; however, the legislature did not fund the position. In 2010, the legislature allowed the Judiciary to fund the position through the Probation Services Special Fund and the position was filled in December of 2011. Unfortunately, the revenue generated by the Interstate fee on a yearly basis does not meet the yearly expenses and more revenue must be generated to support the cost of the Interstate Coordinator. If the Interstate transfer fees are deposited into the Probation Services Special

Fund, as opposed to the State General Fund, it will help defray the costs of the position, as well as other related expenses.

The State of Hawaii's Interstate Compact Office oversees the movement of probationers and parolees between Hawaii and the mainland while promoting public safety and protecting the rights of victims. Hawaii is a bifurcated state because probation and parole are under separate jurisdictions; however, the Deputy Parole Administrator reports to the Hawaii Interstate Commissioner, who is the Probation Administrator. As part of the compact, Hawaii follows the rules enacted by the Interstate Commission for Adult Offender Supervision. Currently, various staff is assigned to process interstate cases as well as perform other probation or parole activities. It is important to staff the Interstate Office with a full time coordinator to oversee all Interstate matters and to be the primary contact for Hawaii probation and parole staff as well as mainland staff to insure that transfer requests are screened carefully and processed on a timely basis. In the past, states have been assessed fines for not complying with the rules of the compact. In order to staff this position, it is imperative to have the Interstate transfer fee be deposited into the Probation Services Special Fund to help defray the costs of the position.

Thank you for the opportunity to testify on House Bill No. 302, H.D. 1, S.D. 1.
