Comments:

I feel like this bill is an attack on the Greek system at UH Manoa. It is an attack based on stereotypes. Not all sororities and fraternities are rowdy like those seen on TV. An organization living in a house should not scream party. It is growing, bonding and learning experience. Although BBG does not own a house near campus, we'd like to in the future. It teaches responsibility of living with another person and enriches the bonding experience. Moreover, I do not understand why this only targets Greek systems. Greek systems give back to the community all the time from blood drives, to raising money for charities, street clean-ups and volunteering for charitable organizations. Greek systems also do a lot for the UH system in general in giving back to our own school. On the other hand, UH Manoa has sports teams such as the women's volleyball who has a house and parties A LOT. They do NOT give back to the community as much as the Greek systems do here on campus or even at all! That is wholly unjust right there. Is the UH system playing favoritism towards athletes over the Greek system that gives back to its own school and community by passing this bill?! UNFAIR. I will make sure other campuses and the school community aware of this injustice if this bill does pass.
