HCR44 / HR24 REQUESTING THE CITY AND COUNTY OF HONOLULU TO STUDY THE ISSUE OF FRATERNITY AND SORORITY HOUSE LOCATIONS

Chair Nishimoto, Vice Chair Nakashima, and members of the House Committee on Higher Education, thank you for this opportunity to provide comments on these measures. The University of Hawai'i at Mānoa is committed to being a good neighbor to our surrounding communities. Over the years, we have taken steps to ensure that our campus population is educated about our responsibility to the neighborhoods in which we reside. We are dedicated to continuing such efforts.

Enclosed, please find "Good Neighbor Guidelines" which resulted from the Good Neighbor Initiative, a collaborative project between the University of California, Santa Cruz; and the State of California, City of Santa Cruz. The University of Hawai'i at Mānoa has been using this document as a model to guide our educational efforts for our campus community. In regard to HCR44/HR24, we specifically refer you to Attachment A, Municipal Code 9.37.010-9.37.060, "Special Security Service Charges at Loud or Unruly Gatherings." You will note that per this section, the "responsible party" for the loud or unruly gathering can include the owner and/or the landlord of the property.

The University of Hawai'i at Mānoa will continue to formulate our educational efforts around the Good Neighbor Guidelines. We view this as an opportunity to partner with the City and County of Honolulu to codify our efforts similar to the partnership between UC Santa Cruz and the City of Santa Cruz. We welcome considering the possibility of a student intern to assist in this project. A model of such efforts comes from the recent collaboration between the University of Hawai'i at Mānoa Associated Students of the University of Hawai'i (ASUH) and the City and County of Honolulu, Department of Transportation, regarding the U-Pass transportation fee.

We look forward to working collaboratively with the City and County of Honolulu to ensure that the University of Hawai'i at Mānoa remains a good neighbor to our surrounding communities.

GOOD NEIGHBOR GUIDELINES

Last updated January 30, 2006

Good Neighbor Initiative University of California, Santa Cruz

I. Preamble

As concerned members of our community, the University of California at Santa Cruz (UCSC) has established the Good Neighbor Guidelines. UC Santa Cruz, along with the city of Santa Cruz, encourages student neighbors to live up to the social responsibilities of our community. By creating this document, UC Santa Cruz has set guidelines to educate our students to be conscientious and responsible members of the Santa Cruz community. In order to reflect the diversity of the campus and the community, students, registered student organizations, community members and their neighbors may suggest or provide comment on the Good Neighbor Guidelines by emailing gni_ucsc@yahoo.com.

UC Santa Cruz expects all students to function in a mature and respectful manner and be responsible for abiding by all state and city laws and ordinances—especially those relating to noise, traffic, parking, zoning, and the consumption of alcohol. Furthermore, students are expected to foster good relations with our city; taking into consideration the diverse view points of their neighbors and displaying responsible behavior in their family-oriented neighborhoods.

The Guidelines address the following areas:

- A. Alcohol and Other Drugs
- B. Neighbor Relations
- C. Traffic Safety and Parking
- D. Upkeep and Beautification

2. Host a meeting annually, prior to the beginning of classes in Fall, with neighbors within 300 feet of the house and all other people who have expressed an interest to meet with student groups living in the neighborhood. Consider holding a potluck in conjunction with a neighbor, for example. (Call Code Enforcement at (831) 420-5100, and they will send postcards to your neighbors for your gathering).
3. Provide telephone numbers of household contact persons or student organization leaders and alumni advisor to neighbors within 300 feet of the house prior to beginning of each academic year or with change of student organization officers to ensure open communication between you and your neighbors.
4. Be responsible for mediating and resolving neighborhood problems in a timely fashion. Telephone calls to neighbors will be made before 9:00 p.m. in a mature and civil manner (See previous statement).

6. Be responsible hosts.
 - a. Notify neighbors within 300 feet (multiple dwellings/manager) and all other people who have notified the student group of their desire to receive notices in writing of organized social events at least three days prior to that function. Notifications should include size, type of event, hours and a contact person who will be present at the event.
 - b. Encourage admitted houseguests to adhere to the same standards of conduct.
 - c. Limit the number of events that take place on contiguous weekends.
 - d. Make sure to get to know every guest coming to your event in order to prevent damage to your property and also your neighbor's property—to accomplish this, see to it that your guests get to their cars safely.
 - e. Be responsible for damage to neighbors' properties caused by household members.
 - f. Encourage hiring private security for large functions when alcohol is served.
7. Set reasonable limits— be considerate of your neighbors—on the total number of large events per quarter and for the academic year that will take place at the residence.
 - a. Consider holding large social functions at facilities of sufficient size to accommodate a larger crowd and when alcohol is served, rather than in your home.
8. Negotiate with neighbors regarding hours for basketball courts and limitations on athletic events where applicable.

C. Traffic Safety and Parking:

1. Comply with the laws of the City of Santa Cruz and the State of California and hold invited guests to the same standard of conduct.

 3. If you are a student living off-campus, please don't drive to school and store your vehicle in residential areas. UCSC expects students not to negatively impact the community by taking up public spaces intended for the use of residential community members.

III. Enforcement/Non-compliance

UCSC Response

In an effort to maintain positive University-Community relations, UC Santa Cruz reserves the right to exercise jurisdiction over conduct that occurs **off-campus** and violates the Campus Code of Student Conduct, and/or other policies and regulation when such conduct may be a threat to the safety or security of members of the Santa Cruz community, university community or university property, functions or facilities.

The University may choose to exercise jurisdiction over off-campus incidents where the alleged misconduct includes, but is not limited to:

- a. conduct that would constitute a felony, including burglary, robbery, theft, etc.; and
- b. conduct that egregiously and/or repeatedly has negatively impacted members of the surrounding off-campus community and that violates federal, state or local laws/ordinances; or conduct that severely impacts or strains emergency response abilities in the surrounding community. (i.e. disturbances caused by parties, property damage, threats or injury to person, etc.)

University sanctions for a violation of the *Code of Student Conduct* range from one or more of the following:

- warning
- referral to alcohol education, ethics and community rentals workshops
- community service
- disciplinary probation
- fines
- suspension
- dismissal

Upon receipt of a neighbor complaint or police notification regarding student behavior at a known rental property, Student Judicial Affairs will follow up with landlords.

If, at anytime, you are hosting an event in which you feel the safety and security of your guests has been compromised by uninvited guests, unsafe drinking, fighting, or other unintentional results, **call 911**.

Citations and other measures may be taken by the Santa Cruz Police Department.

It is in the best of interest of all parties involved to seek an amicable resolution that benefits those involved. UCSC emphasizes and supports neighbor-to-neighbor communication and cooperation. The SCPD Community Service Officer is available to facilitate dialogue amongst all parties. Contact by phone (831) 420-5840 or e-mail PD_CommServ@ci.santa-cruz.ca.us

IV. Annual Review

The City and the University will conduct annual reviews of the effectiveness of the Good Neighbor Guidelines. The City and University will assume active roles in providing guidance to students and student organizations in adoptive procedures to assure compliance. The City and University will evaluate the guidelines to make recommendations for changes or specifications and may take actions in matters within the City and/or Universities jurisdiction.

This document was inspired by the Good Neighbor Policy developed at the University of California, Riverside. UCSC wishes to express its appreciation for allowing us to borrow extensively from their resources.

Municipal Code 9.37.010 – 9.37.060

Special Security Service Charges at Loud or Unruly Gatherings

BE IT ORDAINED By The City Of Santa Cruz As Follows:

Section 1. Section 9.37.010 of the Santa Cruz Municipal Code is hereby amended to read as follows:**“9.37.010. DEFINITIONS.**

The following terms used in this Chapter shall have the meanings set forth in this Section.

(a) “Responsible person(s)” shall mean a person(s) with a right of possession in the property on which a loud or unruly gathering is conducted, including, but not limited to, an owner or tenant of the property if the gathering is on private property, or a permittee if the gathering is a permitted gathering on public property, or any person(s) accepting responsibility for such a gathering.

“Responsible person” shall additionally include the landlord of another responsible person and the parents and/or legal guardians of responsible persons under the age of 21 years.

To incur liability for special security service charges imposed by this Chapter the responsible person need not be present at the loud or unruly gathering resulting in the emergency response giving rise to the imposition of special security service charges. This Chapter therefore imposes vicarious as well as direct liability upon responsible persons.

(b) “Special security services” shall mean the provision of any police, fire or other emergency response service to a loud or unruly gathering within twelve months of a first response as provided in this Chapter.

(c) “Loud or unruly gathering” shall mean a gathering of two or more persons on private property or a permitted gathering of two or more persons on public property whose loud or unruly conduct constitutes a threat to public health, safety, quiet enjoyment of residential property or general welfare, including violations of Chapter 9.36. This term excludes incidents of domestic violence. A loud or unruly gathering shall constitute a public nuisance.”

Section 2. Section 9.37.020 of the Santa Cruz Municipal Code is hereby amended to read as follows:**“9.37.020. RESPONSE TO LOUD OR UNRULY GATHERINGS.**

When a police officer responds to a first loud or unruly gathering at premises in the City with a given address, the officer shall inform any responsible person at the scene that:

(a) The officer has determined that a loud or unruly gathering exists; and

(b) Responsible persons will be charged for the cost of any special security services required for subsequent responses to the scene within the next twelve months.”

Only one warning will be given pursuant to this Section before the City assesses special security service costs pursuant to Section 9.37.030. If a responsible person cannot be identified at the scene, the Police Department may issue a warning to one of the other responsible persons identified in Section 9.37.010(a) or subsequently return to the scene and issue the warning to a then-present responsible person. Warnings given to responsible persons who do not reside at the premises in question shall be delivered by certified mail.

Section 3. Section 9.37.030 of the Santa Cruz Municipal Code is hereby amended to read as follows:

“9.37.030. COST RECOVERY FOR SPECIAL SECURITY SERVICES.

When the Police Department or Fire Department or other City emergency responder responds to a loud or unruly gathering at premises with a given address in the City within twelve months of a warning given to a responsible person for those premises pursuant to Section 9.37.020, or while any such warning remains in effect pursuant to Section 9.37.050, all responsible persons shall be jointly and severally liable for the City’s costs of providing special security service for that response and all subsequent responses during that warning period.”

Section 4. Section 9.37.040 of the Santa Cruz Municipal Code is hereby amended to read as follows:

“9.37.040. BILLING AND COLLECTION.

Charges for special security service shall include a reasonable charge for the emergency responder’s time and actual costs of any equipment used or damaged in connection with the response, together with an additional thirty-three percent of the special security charge for administrative overhead. These charges shall be computed and a bill submitted to the responsible person(s). The Chief of Police shall promulgate notice and billing procedures for this purpose. The bill shall be a debt owed to the City and failure to pay that bill within thirty days is a violation of this Code. If the City is obliged to initiate litigation or other proceedings authorized by Title 4 of this Code to recover this debt, the responsible person shall be liable for:

- (a) Costs of suit;
- (b) Attorney’s fees; and
- (c) Costs of collection.”

Section 5. Section 9.37.050 is hereby added to the Santa Cruz Municipal Code to read as follows:

“9.37.050. VIOLATIONS/FINES.

(a) It shall be an infraction for a responsible person to conduct or allow a loud or unruly gathering on premises owned by the responsible person or on premises rented by or to the responsible person. A third or subsequent violation within a twelve month period shall constitute a misdemeanor.

(b) Fines.

(1) A first violation of this Section shall be punishable by a \$250 fine.

(2) A second violation of this Section at a given address in the City within a given twelve month period shall be punishable by a fine of \$500.

(3) A third or subsequent violation of this Section at a given address in the City within a given twelve month period shall be punishable by a fine of \$1,000.

(c) The fines prescribed at subsection (b) are in addition to any special security service charges that may be assessed pursuant to this Chapter.

(d) The second, third or subsequent violation fines prescribed at subsections (b)(2) and (b)(3) are payable whether or not the responsible person at the time of the current loud or unruly gathering is the same person who was the responsible person for any prior loud or unruly gathering at those premises.

(e) The fine schedule prescribed at subsection (b) is a “rolling schedule” meaning that in calculating the fine payable the Police Department or City Attorney shall count backward starting from the date of the most recent loud or unruly gathering to determine how many prior loud or unruly gatherings have taken place at the premises in question during the statutory twelve month period. A warning given pursuant to Section 9.27.020 shall remain in effect for the premises at a given address until a full twelve month period has elapsed during which there have been no loud or unruly gatherings at those premises.”

Section 6. Section 9.37.060 is hereby added to the Santa Cruz Municipal Code to read as follows: “9.37.060. SERVICE OF ALCOHOLIC BEVERAGES TO MINORS.

The City Council hereby finds that the service of alcohol to minors at loud and unruly gatherings and the consumption of alcohol by minors at loud or unruly gatherings has in the past and continues to pose a threat to the health and safety of all persons who reside in the City and also causes significant disruption of City residents’ quiet enjoyment of their households, especially in the City’s residential neighborhoods. In addition, such conduct on behalf of persons who serve alcohol to minors and minors who consume alcohol at loud or unruly gatherings results in the expenditure of a disproportionate percentage of the City’s police, fire and public safety resources which are underwritten primarily by general municipal taxes paid to the City by its taxpayers and residents. It is therefore the policy of the City Council that in responding to loud or unruly gatherings, the City Police Department shall strictly enforce any and all applicable state laws pertaining to the service of alcohol to minors, and the consumption of alcohol by minors, and with respect to minors in possession of alcohol, the Police Department shall establish a “no tolerance” protocol by which the Police Department contacts, or causes the minor’s school to contact, the minor’s parents or legal guardians whenever the minor is found to be in possession of alcohol or narcotics or found to be intoxicated at a loud or unruly gathering. Where the minor’s school has an internal student disciplinary office any such incident shall likewise be reported to that office”

Findings, Landscape Maintenance

The City Council finds and determines as follows:

- A. The lack of maintenance of landscaping and sanitation on both private and public properties, including overgrown, dead, or decayed vegetation and weeds and the accumulation of rubbish and debris, is a condition which is injurious to the public health, safety and welfare of the residents of the City of Santa Cruz and contributes substantially and increasingly to the deterioration of the City.
- B. Unless corrective measures, as established in this chapter, are undertaken to alleviate such existing conditions and to assure the avoidance of future problems in this regard, the public health, safety and general welfare, specifically aesthetic, social and economic standards, will be depreciated.
- C. The uses and abuses of property as described in this chapter are reasonably related to the proper exercise of the police power to protect the health, safety and general welfare of the public. (Ord. 9.36.010 subsection (C) (D)).

HR24 testimony

To The Members of the WLO and HED committees;

I oppose this resolution. It is well known that this state has one of the highest costs of living across the nation and working students of limited incomes have great difficulty finding a place to live. This place offers a chance for those students to pool their resources and reduce the stress associated with maintaining a balance between school and work. By reducing the available options where students can find a suitable place to rent would more likely discourage students from attending the University.

On the other side of the coin where finances are concerned; regarding the state general fund, isn't it more logical to have a student attend the University?

Thank You,
Ricky Fujita

Comments:

As most of us were former students of college, we can understand the importance of not having to worry about how to find a job that will allow to pay rent, buy food, and allow sufficient time to study and attend class without affecting study time or grades. Coming together as students to find affordable housing anywhere within walking distance to the campus is a great idea to help defer the high cost of rent. It is very difficult to find a decent place to live near campus with parking as it is. Zoning or restricting existing areas only makes things more difficult for the average student. I am not speaking of those fortunate enough to have wealthy parents or a comfortable financial status. Those people rarely know what it is to struggle. Surviving on tips, instant ramen, or hamburgers for 99 cents is not how a student should have to live in order to go to college. Having places where students can live together on a low budget, concentrate on school, and create life long bonding relationships is something UH and the State of Hawaii needs to think about before making rash decisions of those who already have property, houses, college educations, and lastly money. Give the students a chance to make it. They are the future of Hawaii. Please don't let Hawaii become a place of such restrictions that you can't even find a place to live just to go to school. Is this how you want Hawaii to be for your families in the future? Just give them a chance. You were there once too. Thank you.

Sorority and Fraternity houses help out substantially in the financial aspects of students lives. There is no doubt that the burden of rent is reduced significantly when there are a number of students living in one house. I believe this is the main reason for us to have a house together, as well as having roommates that we know and trust.

Comments:

With the high cost of living in Hawaii, college students often move in together with trusted and reliable friends as a cheaper alternative to on-campus dorms and apartments. Such living arrangements are not exclusive to members of a fraternity or sorority. Limiting the proposed study to strictly fraternity and sorority house locations may be considered discriminatory as there are members of other groups and organizations that live together in houses as well.
