

JOINT INFORMATIONAL BRIEFING  
SENATE COMMITTEE ON WAYS AND MEANS  
HOUSE COMMITTEE ON FINANCE  
BUDGET REQUEST FOR SUPPLEMENTAL BUDGET 2013  
JANUARY 9, 2011

By:

Jodie Maesaka-Hirata, Director  
Department of Public Safety

Chair Ige and Chair Oshiro, and Members of the Committees:

The mission of the Department of Public Safety (Department) is to provide for the safety of the public and state facilities through law enforcement and correctional management.

The Department is able to accomplish this mission through three major Divisions: Corrections, Law Enforcement and General Administration. We are committed to providing a safe and healthy environment for staff and offenders; quality services that are cost effective through effective communication, proper alignment of functions, creativity, and a genuine understanding of our mission to serve the public.

IMPACT OF CURRENT ECONOMIC AND FISCAL CONDITIONS

The Department's operating budget has been reduced considerably in the last three legislative sessions. The following are the most significant reductions:

- \$3,091,000 fiscal constraint reduction for FB2011-2013
- \$1,290,495 furlough restoration shortage FB2011-2013 (the amount restored by the Department of Budget and Finance was lower than the amount reduced)
- \$2,500,000 total statewide overtime reduction (Recurring since FY 2010)
- Deletion of 55.0 Vacant Positions (FY 2010 and FY 2011)
- Closure of Kulani Correctional Facility (FY 2010)

These reductions have made it difficult for the Department to maintain the current condition of its infrastructure and provide support to the programs, as most of the positions deleted were administrative support staff.

The delay in the Unit 1, Unit 9 and 10 collective bargaining negotiations is adversely impacting the Department's current ability to address staffing issues and the repair and maintenance of the facilities.

## SUMMARY OF SUPPLEMENTAL BUDGET 2013 SUBMITTAL

Act 164, SLH 2011 appropriated \$238,600,952 for FY 2012 across all funding sources with a total of 2,549.10 authorized permanent positions. Table 1 (Department-Wide Budget Summary) provides a breakdown of the departmental appropriation by means of funding and Table 3 (Resources by Program ID) provides a breakdown of the appropriation and authorized positions by program ID.

The operating budget adjustment proposed for the Supplemental Budget 2013 reflects a total reduction of \$4,629,421 across all funding sources to reflect the labor savings adjustment (Table 5- Proposed Budget Reduction). An additional \$1,507,000 is requested to fund the increased cost for Hepatitis C treatment (\$1,216,000) and replacement of food service equipment (\$291,000) statewide (Table 6- Proposed Budget Additions). In line with the limited resources available, the Department's requests for 8.0 additional positions: 6.0 for the Waiawa Correctional Facility Re-entry Work Furlough Program and 2.0 Parole Officer positions, one for the island of Maui and one for Hawaii was submitted with funding coming from the Non-State Facilities program (Table 9- Budget Decisions). These requests will have a direct impact on the ability of the Department to transition inmates housed in out-of-state facilities back to Hawaii.

In line with the Department's goal of bringing inmates back to Hawaii, the Department's Capital Improvement Program (CIP) budget submittal (Table 20- CIP Request) for \$1,500,000 is to provide funding for an exploratory well at the Kulani Correctional Facility to address the feasibility of developing sufficient resources to meet the water needs of the facility.

### ACTIONS THE DEPARTMENT HAS UNDERTAKEN

#### 1. Generating Additional Revenues for the State

The Department does not have programs that can generate direct revenues to the State.

#### 2. Shifting general funded operational costs to non-general funds

The Department is over 90% funded by General Funds. Corrections serve inmates who are wards of the State and Law Enforcement serve the public, these Divisions have limited non-general fund resources and have mandates to carry out their duties and responsibilities.

#### 3. Consolidation or elimination of programs within your departments

Eliminating programs that directly provide services to the inmates and the general public will be counter to the mission of the Department. In FY 2010, in

order to meet the reduction that year, the Department closed the Kulani Correctional Facility.

#### 4. Reduction of services

The Department is responsible for the care and custody of inmates and providing law enforcement services to the public. The services we provide has increased due to the economic downturn and reduction of services will directly impact on public safety.

#### CIP Projects

Under Act 164, SLH 2011, the Department was authorized \$1 million to plan for the orderly development of correctional facilities statewide. Secondly, the 2011 Legislature also authorized \$16 million in funding for Fiscal Biennium 2011-2013 lump sum CIP request. The funding was to make renovations and improvements to correctional facilities statewide. Project initiation requests has been transmitted to DAGS who in turn are currently seeking release of funding allotment. Consultants for the various projects covered under this authorization have been selected and planning/design should be underway shortly.

#### Law Enforcement

Last December 21, 2011, the Sheriff Division officially opened its new Booking/Receiving and Warrants facility located on Keawe Street.

On August 9, 2011, the Narcotics Enforcement Division (NED) forensic laboratory was awarded accreditation by the American Society of Crime Laboratory Directors/Laboratory Accreditation Board (ASCLD/LAB).

#### Justice Reinvestment Initiative

There is a consensus that the state needs to reduce its dependence on out-of-state prisons and at the same time reduce violent crimes. The Justice Reinvestment Initiative seeks to employ a data driven justice reinvestment strategy to bring out-of-state prisoners back to Hawaii, reduce spending in corrections, and reinvest savings generated in strategies that would improve system efficiencies, reduce recidivism and enhance crime prevention.

#### Comprehensive Re-entry Strategy

The Department created a project to oversee the offender re-entry plan. The Offender Re-entry Office specializes in providing programs and services to reduce recidivism, protect victims' rights, and enhance public safety. The Department will benefit from a centralized office to oversee and implement re-entry functions while

monitoring evidence based programs and services for offenders that are transitioning from correctional facilities to the community. There is an overarching need for the Department's re-entry system to correspond with its strategic directions and plan.

The Department's strategic re-entry plan includes, but is not limited to, securing and efficiently utilizing resources to deliver programs and services; implementing standardized process and tools for assessment; designing and implementing a methodology for assessing outcomes on an ongoing basis; establishing a core curriculum with standards that everyone is trained in; and maintaining and expanding quality community based partnerships.

### Maui Regional Public Safety Complex

The Department is committed to building the Maui Regional Public Safety Complex in Pu'unene to replace the current Maui Community Correctional Center (MCCC). The Maui Regional Public Safety Complex development is planned to occupy approximately 38 acres of land about five (5) miles away from the existing facility. The new facility will have an increased bed capacity of 608 beds, with possible expansion to 843 beds. This facility's primary function is to serve the short-term detention needs of the County of Maui and provide re-entry opportunities for Maui prisons transiting back into the community.

### Legislative Proposals

The Department has recommended to the Governor, the following legislative proposals be considered:

- Relating to Pre-Sentence Reports: delete from the Intake Service Center (ISC) mandate the responsibility for preparing the pre-sentence diagnosis and report for convicted defendants.
- Relating to Reentry Intake Service Centers: better define how pretrial assessments are initiated and provide statutory authority to the department to supervise pre-trial persons as ordered by the courts.
- Relating to Controlled Substances: update chapter 329, Hawaii Revised Statutes (HRS), to be consistent with federal laws on controlled substances and delineate registration requirements for physicians who utilize Hawaii's Medical Use of Marijuana Program.
- Relating to Service of Process: update statutes concerning persons authorized by the courts to serve legal process.
- Relating to Credit for Time of Detention Prior to Sentence: clarify circumstances under which a defendant may earn credit for time of detention when convicted for a crime committed while serving a sentence of imprisonment for a separate unrelated felony offense.
- Relating to Department of Public Safety Federal Reimbursement Funds: expand the allowed uses of funds deposited into the Federal Reimbursement Maximization Special Fund to include those identified and approved by the U.S. Department of Justice.

- Relating to Comprehensive Offender Reentry System: create an Offender Reentry Office within Chapter 353H, Hawaii Revised Statutes (HRS) and delete references to offender reentry from section 353-10, HRS.

The Department will continue to do our best with the limited resources we have without jeopardizing the health and safety of staff and inmates or reducing law enforcement services. The Department is committed to work with the 2012 Legislature and the Administration to ensure that our core mission is upheld despite the economic uncertainty the State now faces.

PSD 502	N	10/26/2011	\$ 206,161	\$ 141,835	68.8%	The Narcotics Enforcement Division's Federal Grant for the Electronic Prescription Monitoring Program was awarded grant funds that was made available on Sept 2011 and needed to be spent by Feb 29, 2012. The grant funding will expire on that date and in order to spend and utilize the funds, the program requested to increase the federal fund appropriation ceiling by the residual funds available. This Federal Grant does not require State matching funds and therefore there is no general fund impact for the increase in ceiling approved.	N	N
