LEGISLATIVE TESTIMONY

UNIVERSITY OF HAWAI‘I SYSTEM BUDGET BRIEFING

Testimony Presented Before the
Senate Committee on Ways and Means
January 17, 2012

by

M.R.C. Greenwood
University of Hawai'i System

UNIVERSITY of HAWAII®
SYSTEM

Aloha Chair Ige, Vice Chair Kidani, and Members

Good Morning and thank you for the opportunity to present our FY13 supplemental budget request. We are cognizant of the State's fragile yet improving economic condition, and so you will note that the Governor's supplemental operating request and capital improvement project (CIP) requests for the University are quite modest. However, before discussing our request, I'd like to take a few minutes to offer a brief progress report on our key system initiatives: Hawaii Graduation Initiative; Innovation and Workforce Advancement; and Project Renovate to Innovate, and offer additional information to provide context for our request.

For this past academic year, our data show an 8.5 percent increase in overall graduation rates. Our professional degrees - JD, MD, and PharmD – had the largest increase of 40 percent, while our Certificate programs showed an increase of 30 percent. Additionally, the systemwide degree attainment of Native Hawaiians has steadily increased from 979 in 2009 to 1,609 graduates in 2011, with significant increases in the awarding of professional degrees from Manoa, and bachelor degrees from Hilo and West Oahu.

Developing an innovation economy and workforce development continues to be a key component of the University's efforts to address the shared interests of the University, State and private sector. One year ago we co-sponsored with the National Academy of Sciences a symposium on "Building Hawaiian Innovation for Jobs and Growth". As a result of that meeting and the work of the University Advisory Council on Innovation, we are working toward creating a much larger research industry in the State. The University is taking a leadership role by developing new networks and relationships in its efforts to create partnerships and collaborations between the University, state and federal entities and the private sector. Our ultimate goal is for all sectors to share in the benefits from the creation of a research industry in the State of Hawaii, including increased technology transfer and commercialization, creation of

UNIVERSITY of HAWAI'I®
SYSTEM

high-quality jobs, and ensuring that our students are qualified to fill them. While planning for the future we continue to do well in our own research and training efforts. In FY2011, we reached \$489 million in extramural funds secured, our highest total ever. We are also pleased to report that our Community Colleges just received notification earlier this month of a three year, \$25 million job training grant from the U.S. Department of Labor, the largest award in the country.

Thanks to your support, we're making progress in our efforts on Project Renovate to Innovate to include renovation of buildings that house many of our STEM programs. Nonetheless, much work remains. In fact, the only strategic outcome measure where we are not meeting our benchmarks is the reduction of the deferred maintenance backlog. Your continued support in addressing our facilities needs, including your favorable action on our request for an increase to our revenue bond authorization ceiling would be greatly appreciated.

Our enrollment figures at all campuses are at an all time high. Along with our increasing enrollment figures, we have awarded \$37,476,088 in undergraduate and graduate scholarships; an increase of nine percent from 2011 and a cumulative 27 percent increase from 2009. However, increasing enrollments and tuition assistance come with increasing costs. I know that you are painfully aware of the impact that the economic decline has had on our public institutions and our community-at-large. You have had to make difficult choices in the face of declining revenues. Similarly, the University system has faced general fund reductions and restrictions totaling \$86 million since 2009, while maintaining increasing demands for instructional services with ever increasing enrollments. With the support of the Board of Regents, our administration made a very difficult decision in Fall 2011 to adopt a five-year tuition schedule with increases for the academic years beginning 2013 through 2017. We believe that in the face of declining general fund revenues, we pursued the most prudent

UNIVERSITY of HAWAI'I®
SYSTEM

course of action necessary to preserve the long-term financial health of the University of Hawai'i system.

We understand that when granted authority to retain and manage its tuition revenues the University accepted the implicit responsibility for greater accountability and transparency. I would like to note that of our general fund dollars spent this past fiscal year, fully 96 percent was expended for payroll. At the same time, total payroll and fringe benefit costs for fiscal year 2011 exceeded one billion. Less than half of this was covered by general fund monies. The balance was paid by our various non-general funds. Thus, you can see that we are maximizing our general funds and as necessary cost-shifting some of our operational expenses, as appropriate, to be paid from our special and revolving fund balances. Included in your briefing materials are details about our special and revolving fund balances, which I would like to address briefly at this point.

We understand that responsible management of our non-general funds means not only ensuring that funds are spent for their intended purposes as prescribed by law, but also that these funds are available to meet certain obligations that we hold as a state entity. For example, we must align our financial management system with the State's fiscal year. Having said that, our academic calendar crosses fiscal years, which requires most of our campuses and programs to maintain fund balances to bridge the ending and beginning of the academic calendar with the fiscal year. Further, the University of Hawai'i presently holds a "AA" rating by Moody's Investor's Service. Moody's latest published medians indicate that public universities in our rating category had median cash equivalent to 114 days of operating expenses. At the University's level of approximately \$1.5 billion in operating expenses annually, this is more than \$450 million.

UNIVERSITY of HAWAI'I®
SYSTEM

In the context of the need for becoming even more sophisticated in our financial and budget planning efforts, we are on course to implement our new Kualii Financial System, beginning with FY13. Kualii will give our system and campus administrators the ability to develop and manage budgets and expenditure plans, manage revenue more effectively, manage commitments of funds that span more than one fiscal year, and provide a more robust reporting capability to support more informed financial decision-making.

We are also leaving you additional information for your reference about the University and its current budget, which we hope you will review when you have additional time.

At this point, I would like to proceed by shifting my presentation to our supplemental budget request. When we discussed our supplemental request with our Board of Regents, they agreed that our supplemental request should align to support our three key initiatives. We need to stay the course, given the progress made to-date. Our budget is the key planning document that guides resource allocation and reflects our priorities when we need to make adjustments. Thus, this supplemental request, confirms our commitment to our three key initiatives by asking the legislature to make a contribution of five million in general funds to support the operating budgets for the following key projects, for which we have the Governor's support. This represents about half of the amounts requested for these items in our Board of Regents approved budget request.

- \$700,000 for statewide Institutionalization of Na Pua Noeau that builds greater academic capacity for Hawaii K-12 Native Hawaiian students and builds their readiness for college.

UNIVERSITY of HAWAI'I®
SYSTEM

- \$1,300,000 for the Office of Mauna Kea Management, which oversees the comprehensive management plan, and prepares reports to the Board of Land and Natural Resources.
- \$900,000 to address critical workforce needs at UH West Oahu due to the opening of our new facilities and additional programs.
- \$600,000 to address workforce support for facility management and the implementation to reduce maintenance backlog.
- \$500,000 to establish a UH Engineering Consortium to coordinate our efforts to meet statewide workforce needs.
- \$1,000,000 to establish a UH Innovations and Technology Transfer program.

While these items represent those included in the Executive Budget, please note that the Board of Regents also endorsed a request for \$10 million in performance based funding. While this item was not included in the Executive Budget Request, the Regents remain committed to the idea that a portion of the University's operating budget should be based on graduation and transfer outcomes.

With respect to our capital improvement project budget request, our goal is to leverage government financing with our ability to use revenue bonds based on our tuition reserves, along with private funds that we have raised. One key project in this regard is the Kapiolani Community College Culinary Institute of the Pacific, which will leverage state and federal

UNIVERSITY of HAWAI'I®
SYSTEM

funding with private financing. This project will be located on the former Cannon Club site adjacent to Diamond Head Crater, as a state-of-the-art sustainable campus. We will also be proceeding to chip away at our deferred repair and maintenance projects at all campuses, which will focus on roof repairs, air conditioning replacement, and maintaining the external building and grounds to support a functional and architecturally sound learning environment for our students.

In conclusion, our key message today is this: We are a willing partner with you and the Governor in sharing responsibility for ensuring sufficient funding for our University of Hawaii system. We believe that we have shown that we are committed to our key initiatives and have made progress in this regard. We are asking for your kokua at this time to make a modest investment in our university system, in recognition of our important role in our State. Indeed, 15 of 25 Hawaii Senators, and 44 of 51 Hawaii Representatives are UH alumnae, as is our Governor and our entire Congressional delegation. We are ALL the University of Hawaii.

Thank you for your kind attention today. Our leadership team, including the Chancellors from our various campuses, is with us today should you have specific program questions.

Mission Statement

Hawai'i Revised Statutes 304A-102 states:

The purposes of the university are to give thorough instruction and conduct research in, and disseminate knowledge of, agriculture, mechanic arts, mathematical, physical, natural, economic, political, and social sciences, languages, literature, history, philosophy, and such other branches of advanced learning as the board of regents from time to time may prescribe and to give such military instruction as the board of regents may prescribe and that the federal government requires.

University of Hawai'i Board of Regents Policy states:

The primary mission of the University of Hawai'i system is to provide environments in which faculty and students can discover, examine critically, preserve and transmit the knowledge, wisdom, and values that will help ensure the survival of the present and future generations with improvement in the quality of life.

The UH System Strategic Plan approved by the Board of Regents in 2002 provides a fuller description as follows:

The common purpose of the University of Hawai'i System of institutions is to serve the public by creating, preserving, and transmitting knowledge in a multi-cultural environment. The University is positioned to take advantage of Hawai'i's unique location, physical and biological environment, and rich cultural setting. At all levels in the academy, students and teachers engage in the mastery and discovery of knowledge to advance the values and goals of a democratic society and ensure the survival of present and future generations with improvement in the quality of life. Functioning as a system, the purposes of the University of Hawai'i are to:

- Provide all qualified people in Hawai'i with equal opportunity for high quality college and university education and training.

- Provide a variety of entry points into a comprehensive set of postsecondary educational offerings, allowing flexibility for students to move within the system to meet individual educational and professional goals.

- Advance missions that promote distinctive pathways to excellence, differentially emphasizing instruction, research, and service while fostering a cohesive response to state needs and participation in the global community.

As the only public higher education institution in Hawai'i, the UH System bears a special responsibility to prepare a highly educated citizenry. In addition, the System supports the creation of quality jobs and the preparation of an educated workforce to fill them. Building on a strong liberal arts foundation, the UH System prepares the full array of workers from technicians, physicians, and scientists to artists, teachers, and marketing specialists—who are needed in a technologically advanced and culturally diverse island state.

The background features a large, light green watermark of the University of Hawaii seal. The seal is circular and contains a central torch with a flame. The text "UNIVERSITY OF HAWAII" is arched across the top, and "MĀLAMALAMA" is written across the middle. The year "1907" is at the bottom, and "EA O KA 'ĀINA I KA PONO" is arched across the bottom. The seal is overlaid with a grid pattern.

PART I

STATE FISCAL STABILIZATION FUNDS

Howard Todo
Vice President and Chief Financial Officer

State Fiscal Stabilization Funds

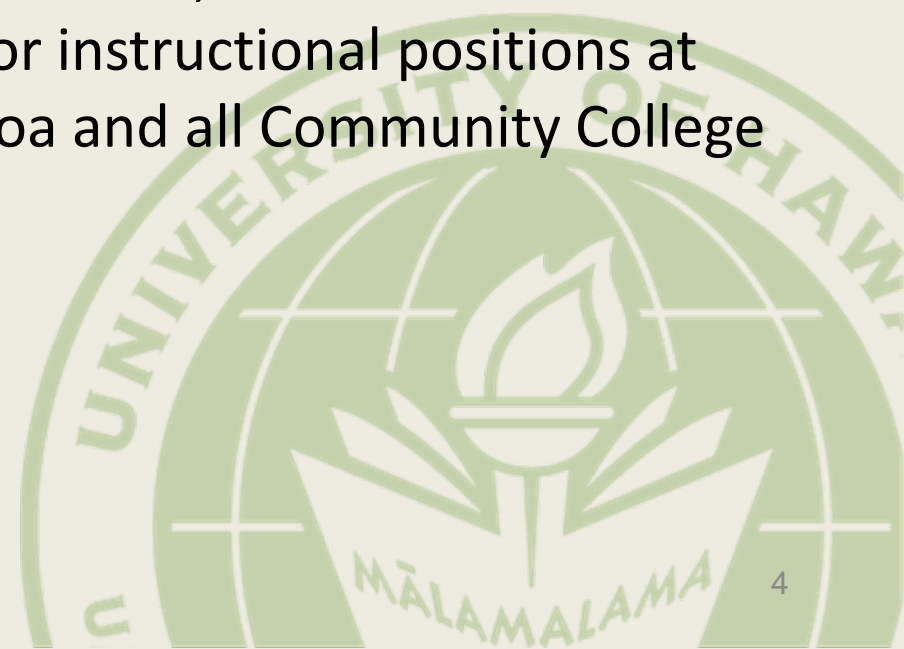

- State Fiscal Stabilization Funds were awarded to the Office of the Governor by the U.S. Department of Education to help stabilize State and local budgets in order to minimize reductions in education and other essential services.
- The University of Hawaii was a sub-recipient of this award.

SFSF Part A

Education Stabilization Funds

- Education Stabilization funds were used to partially offset General Fund restrictions imposed by the State Legislature.
- In accordance with the Memorandum of Agreement between the Governor of the State of Hawaii, the Department of Education, and the University of Hawaii, the funds were used to reimburse payroll expenses for instructional positions at the University of Hawaii at Manoa and all Community College campuses.

SFSF Part A

SFSF Part B

Government Services Funds

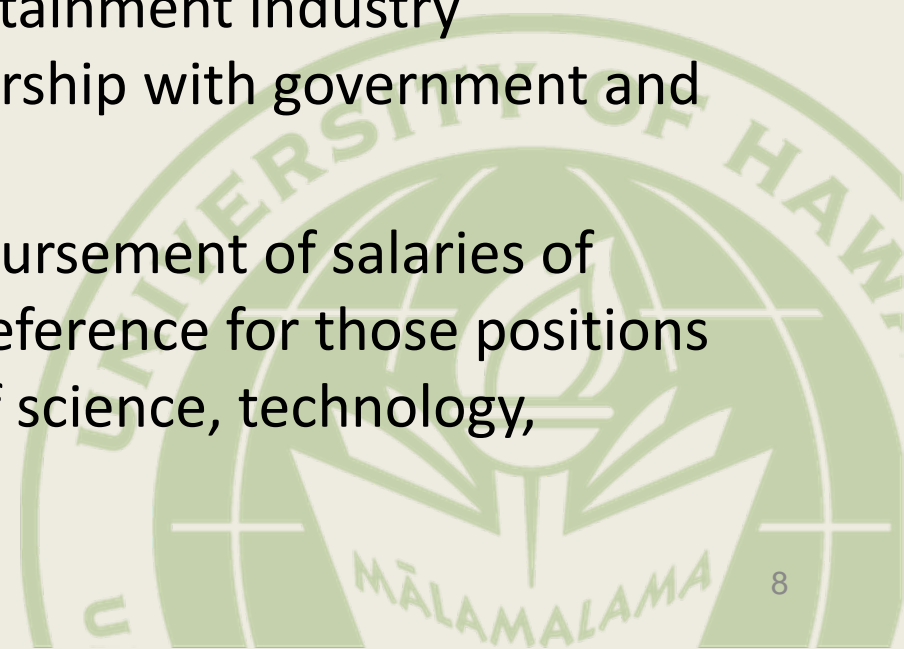

- ARRA authorized states to use SFSF Part B funds for public safety and other government services, which may include assistance for elementary and secondary education and public institutions of higher education.
- As directed by the Governor's Office, the Government Services funds were used to support the following programs at the University of Hawaii:
 - UH Manoa: Fostering Inspiration and Relevance through Science and Technology (FIRST) Pre-Academies, which supported middle school teachers who provide students with problem-based, applied learning experiences in science, technology, engineering and mathematics (STEM).

SFSF Part B

(continued)

- UH Hilo: Reimbursement of salaries of positions involved in the instruction of the physical sciences, including, but not limited to, astronomy, biology, engineering, physics and mathematics.
- Honolulu Community College: Music and Entertainment Learning Experience (MELE), which further establishes and strengthens music and entertainment industry relationships through partnership with government and industry.
- Community Colleges: Reimbursement of salaries of specified positions with a preference for those positions involved in the instruction of science, technology, engineering or mathematics.

University of Hawaii
Current Year (FY12) Restrictions

Table 4

<u>Prog ID</u>	<u>MOF</u>	<u>Restriction \$\$\$</u>	<u>Percent of Act 164/11 Appropriation</u>	<u>Impact</u>
100	A	(2,267,140)	-1.11%	The impact of reductions to Manoa's programs has resulted in reductions in the number of class offerings, increase in class size, nonrenewal of lecturers, decrease in temporary employees, inability to fill critical vacancies and the redirection of planned investments for student services, increased scholarship, repairs & maintenance.
100	B	(531,415)	-0.24%	Reduction in special fund expenditure ceiling.
100	N	(47,692)	-0.82%	Reduction in federal fund expenditure ceiling.
100	W	(252,434)	-0.35%	Reduction in revolving fund expenditure ceiling.
210	A	(154,488)	-0.51%	Unable to fill much needed staff/faculty positions and deferring services that would enhance student learning and the student experience. The quality of our instructional and student support services will be impeded and our commitment to excellence will be more difficult to maintain.
210	B	(42,978)	-0.13%	No impact.
210	W	(1,763)	-0.03%	No impact.
700	A	(24,386)	-0.43%	The reduction in general funds will further impact UHWO's ability to deliver academic programs by restricting the filling of lecturer positions, requiring the potential consolidation of course offerings and increasing class sizes.

University of Hawaii
Current Year (FY12) Restrictions

Table 4

<u>Prog ID</u>	<u>MOF</u>	<u>Restriction \$\$\$</u>	<u>Percent of Act 164/11 Appropriation</u>	<u>Impact</u>
800	A	(553,986)	-0.48%	This general fund restriction follows significant budget reductions made in the prior biennium and continues the erosion of the general fund current service base. The purchasing power of the current service budget has also declined each year due to inflationary increases and other unbudgeted requirements that are not provided for.
800	B	(62,592)	-0.07%	The labor savings reduction is necessary to reflect payroll costs under current collective bargaining agreements.
900	A	(4,655,144)	-39.24%	Restrictions to the University negatively impacts our ability to provide core support functions and less services and support to our students
900	B	(21,694)	-0.06%	
900	W	(92,177)	-0.54%

/1 The estimated ending unencumbered cash balances include deferred revenue, which is revenue collected in FY 2012 for FY 2013 activities. The remaining unencumbered ending cash balances are required to meet the UH Community College (UHCC) reserve policy. The UHCCs has established a reserve policy required by the Accrediting Commission for Community and Junior Colleges (ACCJC) to meet accreditation standards and to ensure financial stability of its campuses. The reserve level is set at 10% of the unrestricted funds (general, special, revolving funds; excluding the Revenue Undertakings special fund and Student Activities revolving fund) expenditures and encumbrances for the fiscal year.

/2 The estimated ending unencumbered cash balances are needed for chartered student organizations and student activity programs of the Community Colleges, such as student government, social and cultural activities, honor society activities, new student orientation, etc. The enabling statute provides chartered student organizations with the authority to determine how these funds are spent.

Capital Improvements Program
Fiscal Biennium 2011-2013
Supplemental Year 2012-2013**

Capital Improvements Program Budget Request

The Governor's Recommended Executive Capital Improvements Program (CIP) Budget for Supplemental Year 2012-2013 includes four projects for the University of Hawai'i totaling \$78.559 million in State general obligation bonds. The budget includes funding for Systemwide Health, Safety, and Code Requirements and Capital Renewal and Deferred Maintenance projects. Funding is also provided for Kapi'olani Community College's Culinary Institute of the Pacific – Diamond Head and improvements to the University of Hawai'i at Mānoa's Coconut Island.

Priority	Project Title	Program ID	Fiscal Year 2012-2013
1	Health, Safety, and Code Requirements University of Hawai'i–Systemwide	UOH 900	17,436,000 C
2	Capital Renewal and Deferred Maintenance University of Hawai'i–Systemwide	UOH 900	42,208,000 C
3	Culinary Institute of the Pacific–Diamond Head Kapi'olani Community College	UOH 800	10,000,000 C
4	Coconut Island Improvements University of Hawai'i at Mānoa	UOH 100	8,915,000 C
Total			78,559,000
Total by Means of Finance General Obligation Bond Fund			78,559,000 C

The four projects included in the Governor's Recommended Executive CIP Budget meet the goals and objectives of the University's Strategic Plan by maintaining and improving campus structures to promote a nurturing learning and working environment. Table Rs for the four projects are attached (pages 2-5). Also provided for your information is a worksheet comparing the Board of Regents' CIP Budget with the Governor's Recommended Executive CIP Budget (pages 6-7). Additionally, details of the Board of Regents' CIP Budget for Supplemental Year 2012-2013 are attached (pages 8-40). The Board of Regents' CIP Budget for Supplemental Year 2012-2013 totals \$426.470 million.

Proposed Lapse of CIP Projects

There are no proposed lapses of University appropriations in the Governor's Recommended Executive CIP Budget.

PROJECT INFORMATION AND JUSTIFICATION:

a. Total scope of project.

This project provides for the correction of identified health, safety, and code requirements for University programs, Systemwide. The project provides for improvements such as elevator modernization, modifications to meet the requirements of the Hawai'i Occupational Safety and Health Act, structural repairs to buildings and property, ventilation improvements, lighting, correction of drainage hazards, fire alarm systems, modifications to facilities to meet accessibility standards, sewer/septic tank improvements, traffic safety, electrical infrastructure upgrades, chemical and waste storage compliance, and other safety and code requirements.

b. Identification of need and evaluation of existing situation.

The University has identified numerous health, safety, and code deficiencies at its campuses. Improvements are needed to protect students, faculty, staff, and properties of the University of Hawai'i. Examples of projects include elevator modernization, accessibility improvements, water improvements for fire protection, structural stabilization to retaining walls and facilities, electrical improvements, sewer and storm drain improvements, correction of uneven walkways, chemical storage and concentrated waste facilities, emergency notification systems, removal of lead paint, and emergency shelters.

c. Alternatives considered and impact if project is deferred

The alternative to implementing this project is to do nothing. However, such action will result in non-compliance, and will have negative impacts to University programs. Additionally, the State and University may become liable for injury or death as a result of not correcting identified health, safety, and code deficiencies.

d. Discuss what improvements will take place when project is completed (including benefits to be derived and/or deficiencies this project intends to correct)

The project will address identified health, safety, and code deficiencies at University of Hawai'i campuses. The improvements will provide a safer environment for members of the University community and community at large.

e. Impact upon future operating requirements (show initial and ongoing funding requirements by cost element, including position count, means of financing, fiscal year)

None

f. Additional information.

Projects included in this request include the following:

UH Mānoa - Elevator Improvements (\$11.915 million); Accessibility Improvements (\$238,000); College of Education Water System (\$143,000); College of Education Retaining Wall (\$247,000); Electrical Infrastructure (\$1.900 million); Sewer and Storm Drain Upgrade (\$950,000); Lower Campus Road Automotive Guardrail (\$143,000); Lyon Arboretum Health and Safety Improvements (\$500,000); Upgrade Walkways (\$143,000).

UH Hilo - Chemical Storage and Concentrated Waste Building (\$557,000); Campus Security Upgrade (\$400,000); Hale Kehau Removal of Lead Roof (\$150,000); Student Housing Shelter (\$150,000).

PROJECT INFORMATION AND JUSTIFICATION:

a. Total scope of project.

This project includes repairs and maintenance projects for reroofing, air conditioning equipment, refurbishment of interior building space and surrounding ground area, infrastructure, sports facilities, resurfacing, repainting, and other repairs at all University campuses, Systemwide.

b. Identification of need and evaluation of existing situation.

The University of Hawaii's physical plant is in a serious state of disrepair due to the lack of general funds for R&M. Facilities provide the centerpiece around which all other educational activities exist at higher education institutions. The total replacement value of all University of Hawaii facilities is estimated at \$4.2 billion. Therefore, it is imperative to reinvest in the University's physical plant to ensure that the physical infrastructure facilitates the mission of the institution.

c. Alternatives considered and impact if project is deferred

The alternative to financing this request is to finance routine and deferred maintenance with general funds. However, the likelihood of such general fund support is unlikely, therefore, bond financing this project is imperative to address pressing repairs and maintenance needs of the University System.

d. Discuss what improvements will take place when project is completed (including benefits to be derived and/or deficiencies this project intends to correct)

This project includes repairs and maintenance projects for all University campuses. The role of R&M is to maintain the physical infrastructure and facilities of our campuses so that they are functional, architecturally sound, aesthetically pleasing, and in compliance with building and safety codes to support quality instruction, research, student, and community services programs.

e. Impact upon future operating requirements (show initial and ongoing funding requirements by cost element, including position count, means of financing, fiscal year

None

EQUIPMENT	0	0					1		1	2
TOTALS	150 C	3,000 C					10,000 C		23,000	36,150

PROJECT INFORMATION AND JUSTIFICATION:

a. Total scope of project.

The project will provide funding needed to develop a culinary arts facility on the former Cannon Club site that sits adjacent to Diamond Head Crater.

b. Identification of need and evaluation of existing situation.

The University of Hawai'i, through Kapi'olani Community College, will develop new certificate and degree programs in culinary arts to serve State needs for advanced culinary instruction and training. Currently, the Community Colleges offer two-year Associate of Science degrees or non-credit culinary arts programs. The new programs will serve the needs of students completing the two year degree, industry professionals requiring advanced culinary education, and students from outside Hawai'i seeking training in Hawai'i Regional Cuisine.

The Cannon Club site is essential to the expansion of the advanced degree culinary arts program, as Kapi'olani Community College does not have the land assets and facilities to operate a program of this magnitude. The Cannon Club site will be used to construct new educational facilities including a restaurant facility to provide for all instructional and training requirements of the program. The restaurant facility will showcase the culinary arts program in connection with the University's educational mission and provide direct benefits to the State economy by meeting current workforce training needs.

c. Alternatives considered and impact if project is deferred

The expansion of the advanced degree culinary arts program at Kapi'olani Community College is contingent on the development of the Cannon Club site. The current culinary arts facilities at Kapi'olani Community College are already cramped in meeting current enrollment and program needs. Due to its ideal location, the Cannon Club site offers one of the few viable alternatives for the advanced program.

d. Discuss what improvements will take place when project is completed (including benefits to be derived and/or deficiencies this project intends to correct)

The Cannon Club site will be a state-of-the-art, environmentally sustainable culinary campus which will benefit students who wish to hone their culinary skills, receive training in restaurant business management, and earn a four-year degree. The new program will provide direct benefits to the State economy by meeting current workforce training needs.

e. Impact upon future operating requirements (show initial and ongoing funding requirements by cost element, including position count, means of financing, fiscal year)

To be determined at a future date.

f. Additional information.

None.

CONSTRUCTION							4,049	40,385	44,434	
EQUIPMENT							1	1	2	
TOTALS							8,915	C 41,386	50,301	

PROJECT INFORMATION AND JUSTIFICATION:

a. Total scope of project.

The scope of the project is to repair, renovate, and modernize the facilities and infrastructure on Coconut Island. The project includes improvements to the Lilipuna property, which include the pier and Maile Point, as well as improvements to facilities, roadways, and infrastructure, including utilities, on Coconut Island. The project also includes the development of alternative energy sources. Also included in the project is planning funds to address longer term needs of Coconut Island, permitting, and other related work.

b. Identification of need and evaluation of existing situation.

Facilities for the Hawai'i Institute of Marine Biology at Coconut Island requires improvement to meet the program's academic mission. Major improvements are needed to existing facilities, as well as the Island's infrastructure. For example, a study of the underside of the pier on the Lilipuna property revealed that many of the support beams have deteriorated to a point that the pier is at half of its intended capacity and is structurally unstable. The project also includes the construction/repair of the Island's sea wall and a retaining wall on the Lilipuna property's Maile Point. The aging utilities on the Island are also in need of upgrade.

c. Alternatives considered and impact if project is deferred

No alternatives are considered as these projects are critical to the continued use of Coconut Island by the Hawai'i Institute of Marine Biology. Failure to implement this project will result in an increased level of deterioration to the Island's infrastructure and facilities.

d. Discuss what improvements will take place when project is completed (including benefits to be derived and/or deficiencies this project intends to correct)

The project includes the repair, renovation, and modernization of existing facilities at Coconut Island. Also included are infrastructure improvements, which include, but are not limited to the Island's sea wall, structural repairs of the Lilipuna Pier and Maile Point, improvement/upgrade of the Island's communications system, ground and site improvements, and other related work.

e. Impact upon future operating requirements (show initial and ongoing funding requirements by cost element, including position count, means of financing, fiscal year)

To be determined.

5A	<p>Kuykendall Hall Modernization University of Hawai'i at Mānoa</p> <p>Design, construction, and equipment for the renovation and modernization of Kuykendall Hall. Project to include renovation of existing facility, equipment and appurtenances, and all project related costs.</p> <p>Plans Design Construction Equipment</p> <hr/> <p>Financial Requirements</p> <p>Representative District: 24 Senate District: 10</p>	UOH 100	<p>–</p> <p>1 C 35,998 C 1 C</p>	<p>The scope of this project is the modernization of Kuykendall Hall, one of the most intensely used buildings for Undergraduate Education. Working in partnership with Lawrence Berkeley National Laboratory as one of three pilot projects in the country, the goal is to create an Optimal Learning Environment while aiming for a Net-Zero Energy building to be used as a model for the University of Hawai'i at Mānoa campus. Strategies include the reintroduction of natural ventilation and the application of innovative strategies and technologies to improve the learning environment with minimal energy use.</p> <p>Modernization of Kuykendall Hall is required given the building's currently deteriorating condition, high energy use, and sub-optimal learning environment associated with both poor air quality and a disconnect between classrooms and the outdoor environment. This building provides critical instructional functions for the campus as a centrally-located, classroom-intensive structure.</p> <p>Students and faculty will immediately benefit from a higher quality indoor learning and teaching environment. Upon completion, significant and immediate savings on energy spending and drastically reduced carbon dioxide emissions and carbon footprint will be achieved. The campus will also gain national recognition as a pioneer in low-energy architecture and continue following its long-term energy reduction objectives.</p> <p>This project is being implemented with a partnership with the Lawrence Berkeley National Laboratory through the Department of Energy's Commercial Building Partnership Program, through which the project will obtain additional technical support. Kuykendall has been identified as one of three buildings nationally for this pilot project, along with New York Times Building and the NASA Ames Building in California.</p>

5B	<p>Advanced Technology Training Center Honolulu Community College</p> <p>Design, construction, and equipment for an Advanced Technology Training Center at Honolulu Community College. Project to include ground and site improvements, development of new facility, equipment and appurtenances, and all project related costs.</p> <p>Plans Design Construction Equipment</p> <hr/> <p>Financial Requirements</p> <p>Representative District: 28 Senate District: 12</p>	UOH 800	<p style="text-align: center;">-</p> <p style="text-align: center;">1 C</p> <p style="text-align: center;">32,757 C</p> <p style="text-align: center;">3,635 C</p> <hr/> <p style="text-align: center;">36,393</p>	<p>This project will provide an Advanced Technology Training Center at Honolulu Community College. The new multi-story facility will include classrooms, offices, and laboratories for various science and technology related programs and training.</p> <p>To realize the State's goal of developing a dynamic technology industry, along with a workforce to support the industry, it is imperative for the State to develop an Advanced Technology Training Center (ATTC). The development of an ATTC has long been the goal of Honolulu Community College. The College has expertise in the areas of technical workforce development and is the optimal place to house such a facility.</p> <p>Over the years, Honolulu Community College has established itself as the technological training center of the Pacific. It is no small task for a State supported institution to remain flexible and expedient enough to operate and train the workforce in a rapidly changing field. Nonetheless, Honolulu Community College has managed to keep pace. Honolulu Community College's ability to remain dynamic; however, is severely limited by the age and capacity of its facilities. In fact, the current building that houses the majority of the College's science and technology programs was built over thirty years ago, well before the first, second, and third generations of the technology boom.</p>

There is a need to reconfigure the system to increase this capacity. The campus cable system has never been upgraded or expanded since it was first installed. The demand for bandwidth has grown significantly as the number of technological applications, both instructional and administrative, have increased. The number of online classes and applications are also steadily increasing and the services related to the delivery of those classes, such as security applications, voice over IP, etc. have placed additional demands on network bandwidth. The carrying capacity of the existing campus network can be expanded without significant trenching and reinstalling of additional strands of fiber. The hardware needed to increase the carrying capacity of the network requires upgrades to the Technology and Media Center's existing building infrastructure. Renovations within the building will also include upgrades to maintain the flexible use of space and improvements to the power supply.</p>

5D	<p>Theater Renovation Leeward Community College</p> <p>Design, construction, and equipment for the renovation of Leeward Community College's Theater. Project to include renovation of existing facility, equipment and appurtenances, and all project related costs.</p> <p>Plans Design Construction Equipment</p> <hr/> <p>Financial Requirements</p> <p>Representative District: 36 Senate District: 18</p>	UOH 800	<p>–</p> <p>1 C</p> <p>5,580 C</p> <p>620 C</p> <hr/> <p>6,201</p>	<p>This project will renovate Leeward Community College's Theater. The project would make major infrastructure repairs and improvements to the building. This would include waterproofing, mechanical and electrical infrastructure upgrades, site improvements for drainage, code compliance issues, refurbishment of the building's interior, repair and/or replacement of the main stage, dance floor, box office, and restroom modernization.</p> <p>The Theater building is considered a Leeward and Central Oahu community asset as it is the only major theatrical performance facility in this region. Performances and events at the facility draw over 100,000 patrons per year. The facility is also home to numerous Arts and Humanities courses in music, theatre, drama, dance, and the arts. The building was completed in 1974 and is thus over 37 years old and with the exception of an asbestos abatement project, reroofing project, and other minor facility modifications, there have been no major renovations to the building since its initial construction. The basis for this renovation project was an Existing Conditions Report which was completed by a consulting and engineering team in May 2009. This comprehensive study identified serious interior and exterior building deficiencies that include, among others: accessibility issues, potential health and safety concerns related to moisture infiltration, drainage control problems, and a major upgrading of the building's outdated mechanical and electrical systems. Renovations would include upgrades to the main stage floor and orchestra pit, auditorium seating area, restrooms, box office, lobby, lab theatre, shop/preparation room, dressing rooms, and dance studio. Lighting and sound systems, although functional, are original to the building and in need of replacement to stay current with technology advances in the field.</p>

6D	<p>Regional Biocontainment Laboratory University of Hawai'i at Mānoa</p> <p>Construction for a Regional Biocontainment Laboratory facility on O'ahu. This project is deemed necessary to qualify for Federal aid financing and/or reimbursement.</p> <p>Plans Design Construction Equipment</p> <hr/> <p>Financial Requirements</p> <p>Representative District: 40 Senate District: 19</p>	UOH 100	<p>–</p> <p>–</p> <p>12,500 C</p> <p>–</p> <hr/> <p>12,500</p>	<p>The Pacific Regional Biosafety Laboratory (PacRBL) will consist of approximately 25,000 to 30,000 gross square feet, which will include approximately 8,000 net square feet of laboratory space. The facility will be located in the Kalaeloa Community Development District in West O'ahu. The PacRBL will serve as a key public health asset for the State of Hawai'i and its Department of Health, and will also be available for use by qualified researchers from the Federal government, military, and other research institutions.</p> <p>The PacRBL is critical to the health and security of Hawai'i, the nation, and the world. The threats posed by infectious agents are serious whether they stem from terrorism or natural causes. Recent examples include the rapid spread of the West Nile virus across the United States, outbreaks of Severe Acute Respiratory Syndrome (SARS) in Asia and Canada, and the highly pathogenic Avian Influenza that has spread throughout the world through migratory birds. Hawai'i is particularly vulnerable to the introduction of exotic pathogens because of its geographical location, high frequency of travelers from Asia (where many emerging infectious diseases originate), and the lack of an adequate Biosafety Level 3 laboratory facility to diagnose exotic pathogens. Hawai'i's vulnerability is further underscored by the fact that tourism could be severely reduced in the event of a local epidemic, particularly if the local response is inadequate.</p> <p>The PacRBL will significantly enhance the University of Hawai'i's research focus on infectious diseases and greatly improve the biomedical research laboratory infrastructure in Hawai'i. Existing Biosafety Level 3 space is insufficient to support further growth in this research area and would limit the University's ability to partner with the Federal Centers for Disease Control (CDC), which is setting up a field office in Hawai'i, and with the newly established partnership for infectious disease research between Duke University, National University of Singapore, and the University of Hawai'i.</p>

6F	<p>Creative Media Building University of Hawai'i–West O'ahu</p> <p>Plans and design for the new Creative Media Building at the University of Hawai'i–West O'ahu, Kapolei campus. Project to include ground and site improvements, development of new facility, equipment and appurtenances, and all related project costs.</p> <p>Plans Design Design Construction Equipment</p>	UOH 700	<p>1 C 436 C 438 E – –</p>	<p>This project will develop a new 25,000 square-foot facility to house the University of Hawai'i–West O'ahu's (UHWO) Creative Media program. The building will include classrooms, production facilities, offices, and other related spaces.</p> <p>Given the importance of traditional storytelling in Hawaiian culture and the oral genealogical traditions that existed prior to European contact, it is not surprising that the Wai'anae coast has emerged as a center for creative media excellence. Searider Productions (SP), a unique multimedia education program at Waianae High School, is nationally recognized and has been training students to create award-winning media productions since 1993. SP is involved in a number of community enhancement programs such as an anti-drug campaign, child abuse prevention, and safe driving promotions.</p> <p>UHWO is committed to working with programs like SP, other area high schools, and the Olelo Community Media at Waipahu Intermediate School as well as with Leeward Community College, by offering a college pathway to obtain a baccalaureate degree in Creative Media. UHWO's goal is to increase the enrollment of students in these underserved areas by providing a point of access to further their studies in Creative Media on the west side of Oahu. UHWO believes that providing this program will increase the likelihood of successful attainment of a 4-year college degree. The Creative Media program at UHWO will focus on the production of digital media, including pre-production, shooting, post production, and distribution aspects. The Creative Media building will also house the UHWO Program in Music which will focus on 1) Music Writing and Production for Creative New Media; and 2) Music Performance (Classical, Jazz, Hawaiian, Pop). The Music program will offer a 4-year baccalaureate degree geared towards a career in music performance, music production, and creative new media industries, which will be a unique offering within the University of Hawai'i system. This program will encourage the development of new Hawai'i-based intellectual property, steeped in the Hawaiian culture and representative of Hawai'i's diverse kama'aina and kanaka maoli voices and will work with youth from the all over the State to further their educational opportunities in media and music at the college level.</p>

6G	<p>Allied Health Building University of Hawai'i-West O'ahu</p> <p>Plans and design for the new Allied Health Building at the University of Hawai'i-West O'ahu, Kapolei campus. Project to include ground and site improvements, development of new facility, equipment and appurtenances, and all related project costs.</p> <p>Plans Design Design Construction Equipment Financial Requirements</p> <p>Representative District: 40 Senate District: 19</p>	UOH 700	<p>1 C 436 C 438 E - - 875</p>	<p>This project will develop a new 25,000 square-foot facility to house the University of Hawai'i-West O'ahu's (UHWO) Allied Health programs and facilities. The building will include classrooms, laboratories, offices, and other related spaces.</p> <p>The development of baccalaureate programs in various health care services is critical to the future of our State. The State is in dire need of well-educated, competent health care administrators and other related medical professions. Other programs that will be developed include four-year degrees in physical therapy and occupational therapy, respiratory care, long-term care, dental hygiene, and hospital administration. UHWO is also collaborating with UH Hilo and Kapi'olani Community College on a nursing program.</p> <p>The dental hygiene program will utilize approximately 9,000 square feet of the building to house a clinic, laboratory, and instructional classrooms and facilities to accommodate 25 students per year in their program. The clinic will include 20 chairs and a separate X-ray and screening area, which will have the capacity to serve over 2,000 patients per year. The clinic will not only provide a training facility for the dental hygiene students, but will also provide much needed services to Leeward, North Shore, and Central Oahu communities. The proximity of the dental hygiene program to other allied health programs will allow these baccalaureate programs to complement each other by sharing core health-related courses that will improve the availability and accessibility of these introductory courses and increase the efficiency of curriculum management. The dental hygiene program will also strive for greater collaboration with other State agencies, including the Department of Health (DOH) and the Department of Education (DOE), to increase services to the community through outreach, education, and preventative programs. Recent budget cuts have forced the cutback of these programs in the DOH and DOE, which has resulted in a shortage of critical health care services in our most vulnerable populations.</p>

Currently, the Community Colleges offer two-year Associate of Science degrees or non-credit culinary arts programs. The new programs will serve the needs of students completing the two year degree, industry professionals requiring advanced culinary education, and students from outside Hawai'i seeking training in Hawai'i Regional Cuisine.</p> <p>The Cannon Club site is essential to the expansion of the advanced degree culinary arts program, as Kapi'olani Community College does not have the land assets and facilities to operate a program of this magnitude. The Cannon Club site will be used to construct new educational facilities including a restaurant facility to provide for all instructional and training requirements of the program. The restaurant facility will showcase the culinary arts program in connection with the University's educational mission and provide direct benefits to the State economy by meeting current workforce training needs.</p>

Project to include development of new facility, ground and site improvements, equipment and appurtenances, and all project related costs.</p> <p>Plans Design Construction Equipment</p> <hr/> <p>Financial Requirements</p> <p>Representative District: 2 Senate District: 1</p>		<p>1 C 899 C - -</p> <hr/> <p>900</p>	<p>This project will provide a hurricane and earthquake resistant emergency operation center with integrated emergency communication and notification system, as well as offices for Campus Security, Health and Safety as well as Auxiliary Services Department operations (i.e., Janitorial, Grounds keeping, Repairs, Mailroom, etc.).</p> <p>Currently, the 100 square feet security office in the Mail Room is the designated emergency operation center at the University of Hawai'i at Hilo. The building was constructed in the 1960s and contains asbestos and lead paint. The long-span corrugated metal roof and jalousie windows are not expected to survive hurricane force winds. The space is not equipped to provide critical emergency operation functions during an emergency. The campus is also in lack of emergency communication and notification system. The project will also consolidate Auxiliary Services programs currently located in five different locations in facilities that were vacated by previous occupants.</p>

7G	<p>Campus Center Expansion University of Hawai'i at Hilo</p> <p>Design for the renovation and addition to the Campus Center at the University of Hawai'i at Hilo. Project to include renovation and addition of existing facilities, ground and site improvements, equipment and appurtenances, and all project related costs.</p> <p>Plans Design Construction Equipment</p>		<p style="text-align: center;">-</p> <p style="text-align: center;">750 C</p> <p style="text-align: center;">-</p> <p style="text-align: center;">-</p>	<p>This project will provide addition indoor and outdoor space for students, meeting rooms, student organizations and programs offices, and activities venues. The addition will be constructed on the upper floors of the proposed Bookstore addition.</p> <p>The Campus was constructed in the 1970's, and can no longer meet the growing needs for the current and planned student population. The proposed project will facilitate both planned and impromptu interactions for students - both educational and social in nature. Specifically, renovations and additions will create meeting rooms, lounge spaces, programming space for student clubs/organizations, and student activity-related program offices and activities. The addition will be constructed on the upper floors of the proposed Bookstore addition. Survey and focus group data collected in Fall 2011 from students indicate a high demand for a variety of on-campus spaces that allow students to study together, foster cross-cultural connections, and socialize in both formal and informal settings.</p>
	<p>Financial Requirements</p> <p>Representative District: 2 Senate District: 1</p>		<p style="text-align: center;">750</p>	<p>Research on student engagement has suggested that a supportive campus environment is a contributing factor to student retention.</p>

7H	<p>Hale Pōhaku Visitor Information Station Expansion University of Hawai'i at Hilo</p> <p>Plans for the expansion of the Mauna Kea Visitor Information Station. Project to include ground and site improvements, renovation and expansion of existing facilities, equipment and appurtenances, and all project related costs.</p> <p>Plans Design Construction Equipment</p> <hr/> <p>Financial Requirements</p> <p>Representative District: 2 Senate District: 1</p>		<p>300 C - - -</p> <hr/> <p>300</p>	<p>This project will provide for the expansion of the Visitor Information Station at Hale Pōhaku.</p> <p>In 1997, the State Legislature requested, through Senate Concurrent Resolution No. 109, an audit of the management of Mauna Kea. As a result of the audit, the University of Hawai'i prepared the Mauna Kea Science Reserve Master Plan which was subsequently approved by the BOR in June 2000. This plan specifically calls for the construction of a facility to help with monitoring public safety, and the expansion of the existing Visitor Information Station to accommodate UH's academic and community programs in Hawaiian culture, natural resources and astronomy. Expansion is also necessary to accommodate the anticipated significant increase in visitor traffic to Mauna Kea resulting from the development of the Mauna Kea Astronomy Education Center in Hilo, and as Mauna Kea's reputation as a premier center for astronomical study and site for superior stargazing continues to grow.</p> <p>Mauna Kea is considered to be the best site in the world for astronomy research, and is a readily accessible venue for star gazing by the general public. In addition, Mauna Kea's cultural sites and unique natural resources draw many visitors, including residents and out-of-state tourists. Mauna Kea is public domain and, therefore, public access cannot be denied. Increase in visitor traffic to Mauna Kea poses significant public safety concerns, as well as negative and deleterious impacts to cultural sites and fragile ecosystems. The current state and size of increase in visitor traffic to Mauna Kea poses significant public safety concerns, as well as negative and deleterious impacts to cultural sites and fragile ecosystems. The current state and size of public facilities and infrastructure at Hale Pōhaku is inadequate to accommodate the growing number of daily visitors, presentation of public programs, research and academic programs, and visitors coming to view unusual astronomical events. Current facilities also will not be adequate to address public safety issues, including traffic, shelter from inclement weather and limited restroom facilities.</p>

71	<p>Kalākaua Marine Education Center at Puakō University of Hawai'i at Hilo</p> <p>Plans and design for a Marine Science Education Center for University of Hawai'i at Hilo at Puakō. Project to include ground and site improvements, development of new facility, equipment and appurtenances, and all project related costs.</p> <p>Plans Design Construction Equipment</p> <hr/> <p>Financial Requirements</p> <p>Representative District: 7 Senate District: 1</p>		<p>1 C 999 C - -</p> <hr/> <p>1,000</p>	<p>The University of Hawai'i at Hilo has completed the planning and schematic design to establish of a marine education field station on University land at Puakō on the Island of Hawai'i to educate undergraduate students from throughout the University of Hawai'i System and cooperating educational institutions, to train pre- and in-service teachers, and to serve as a center of excellence in marine education for native Hawaiian students. The field station will include a classroom/teaching laboratory, research labs/faculty offices, dormitory/dining hall, faculty housing, a boat storage/dive locker/workshop, and a sea water system.</p> <p>The coral reefs at Puakō are unique field learning sites in a demonstrated subject area of excellence and high demand at the University of Hawai'i at Hilo. Access to these sites is severely limited due to lack of laboratory and housing near the site. Travel from the University of Hawai'i at Hilo is not an acceptable alternative due to danger of decompression sickness (bends) produced by altitude change crossing the island of Hawai'i. At present students are housed in primitive cabins which are only available for a maximum of one week per year. No laboratory or classroom facilities are available.</p> <p>This initial project will include infrastructure improvements and the dormitory building, which are essential for the field station to begin operation and access to the unique pristine coral reef environment at Puakō and serve as a model cooperative marine education and research center where Hawaii's under graduate students, graduate students, and University faculty and staff would work together to understand and conserve Hawaii's marine ecosystems, and to help strengthen Hawaii's economic base for the future by training students for positions in the expanding ocean industry sector of the State's economy.</p>

7M	<p>Research Facility University of Hawai'i at Hilo</p> <p>Design for a new research facility at the University of Hawai'i at Hilo. Project to include ground and site improvements, development of new facility, equipment and appurtenances, and all project related costs.</p> <p>Plans Design Construction Equipment</p> <hr/> <p>Financial Requirements</p> <p>Representative District: 2 Senate District: 1</p>		<p>– 700 C – –</p> <hr/> <p>700</p>	<p>The project will design a research facility at the University of Hawai'i at Hilo. The project scope includes research labs, offices, and support spaces.</p> <p>Grant activity has increased nearly five-fold at the University of Hawai'i at Hilo in the past ten years, but there has been no increase in regular research space. Renovation of two classrooms into laboratories has created barely-adequate quality research areas for just a few projects. However, investigators have had to do research in instructional labs at night or weekends, or in poorly equipped rental spaces off campus. There is insufficient office space for research administration staff, and what space there is available is in a portable building on the main campus and in borrowed space in the Institute for Astronomy building on the upper campus. There is a need to bring all the research administration staff together to coordinate activities.</p>

Project to include ground and site improvements, development of covered basketball courts, equipment and appurtenances, and all project related costs.</p> <p>Plans Design Construction Equipment</p> <hr/> <p>Financial Requirements</p> <p>Representative District: 2 Senate District: 1</p>		<p>– 1,000 C – – 1,000</p>	<p>This project will finance a covered basketball court. This project was included in the original scope of the Student Life Complex; however, due to insufficient funding, the covered basketball courts were excluded from the base bid of the project.</p> <p>According to a recent survey, students listed their top recreational need as a multipurpose gym that could host various court sports (volleyball, badminton, basketball, etc.), as well as a wide range of recreational and social activities (hula, martial arts, dances, concerts). As many universities have experienced, a multi-purpose basketball facility in which students can recreate or socialize is vital to building a thriving campus community and keeping students on-campus in positive social settings, thus decreasing participation in high-risk behaviors such as binge drinking that often occur off-campus. This student need is compounded by recent enrollment growth and planned addition of new residence halls slated to open Fall 2013.</p>
