**Comments:**

I own a small used car dealership in Pearl City my GETAX per month ranges from \$5000 to over \$10000 and our dealership advertises the vehicles at Craig's list and other on line forms or newspaper at the same time I see individual persons advertising multiple cars with same phone numbers selling similar cars for alot less because .....this individual pays no tax ,no rent.....etc and possibly a bad car to the public everyone losses. These vehicles come from auctions with open titles as a dealer association we tried to put stop for these practices but it is impossible task ( turned in bad dealers and individules to DCCA). It is unfair competition we are competing with curbers some could be a license dealers and most illegal seller.
