Comments:

I'm against this bill. I was a product of a broken home and have been in these fights. I remember family court ignoring my wishes as a child. I remember getting CPS involved in my sisters family when her husband was on drugs. All of this is just so ugly. Fundamentally though I think children belong to their parents as long as there is not a question of safety. Personal fights between adults should not be imposed upon children. Were a court to force the issue some adult will just get angry and the childs life will get uglier.
