Comments:

Please do not pass this bill in its current form. Rushing developments along our coastline will possibly have permanent setbacks to the exclusion of the Residents regarding access to the coastlines of all the islands. I believe the State of Oregon is a model for the protection of their coastline.

Comments:

Please reconsider carefully the negative impacts this bill could have on our precious aina. More not less time and planning should be given to a place before the hand of man touches it. Thank you.
