RE: SB2503: Cruelty to Animals

Extends procedures for impoundment and forfeiture for cruelty to animal offense to equines off spring of animal rescued, allows restitution for attorney fees.

By Cynthia Turner

I have personally witnessed and reported horses who were not being adequately cared for and were actually starving. It is important that there are laws in effect that prevent this.

Horses need the same protection from cruelty that our pet dogs and cats already have.

I urge you to vote in favor of this bill.

As a waimanalo puppy mill foster parent, I would love for this to pass. Seeing how our dog was, it's time for us to do something. Dogs, cats, animals need us to survive. Imagine if you were living in that cage? Wouldn't you want someone to rescue you and live with loving owners? We have a chance to make a difference, let's do it now.

Comments:

This bill makes totally logical sense- equine animals should be legally removed from situations which are harmful or negligent to them, as should the offspring of animals who have been impounded. This measure only extends the protective reach of the law and makes it easier to prosecute those who are negligent or cruel.

Please support this measure! WE need to be able to rescue equines that are being held in an inhumane manner. We receive many reports of emaciated, unhealthy horses in fields or horses held in areas with insufficient nourishment. Please help the shelters help these animals by passing this measure. mahalo!
