RE: S.B. 2503; RELATING TO ANIMAL CRUELTY.

Chair Hee, Vice-Chair Shimabukuro and members of the Senate Committee on Judiciary and Labor, the Department of the Prosecuting Attorney of the City and County of Honolulu submits the following testimony in support of Senate Bill 2503.

The purpose of S.B. 2503 is to amend HRS §711-1109.2 to add equines to those animals that may be subject to forfeiture in the course an animal cruelty case, prior to final disposition of that case. We note that in 2008, the Legislature amended the offense of Cruelty to Animals in the First Degree (HRS § 711-1108.5) to include "equine animals," which is defined in HRS §711-1100 as "an animal of or belonging to the family of Equidae, including hroses, ponies, mules, donkeys, asses, burros, and zebras."

Given that our animal cruelty laws now acknowledge equine animals as companion animals, on-par with other "pet animals" that typically have a special meaning to or relationship with their owners, the Department believes it would be appropriate to update the associated forfeiture law to reflect the same. Our only suggestion would be to change the proposed language from "equine" to "equine animal," to be consistent with the definitions contained in HRS §711-1100.

For the reason stated above, the Department of the Prosecuting Attorney of the City and County of Honolulu supports Senate Bill 2503. Thank you for the opportunity to testify on this matter.

**RE: Support SB2503;
Relating to Animal Cruelty: Equines**

Dear Honorable Chair Hee, Vice-Chair Shimabukuro and Members,

The Hawaiian Humane Society supports the passage of this measure to extend the current forfeiture law to apply to horses as well as offspring of forfeited animals in cruelty cases.

In September 2011, after several months of caring for over 200 dogs rescued from a Waimanalo puppy mill, the Humane Society was awarded custody of all dogs in question as well as their 79 offspring. As the current forfeiture law stands, it was not guaranteed that the puppies born after the rescue would be forfeited and were at risk of being returned to their original owner; a corporation charged with hundreds of counts of animal cruelty.

This measure would also allow the petitioner in a forfeiture hearing to recoup attorney's fees which can be considerable in the animal welfare realm; where investigations can be lengthy and extend over many years. In the case of the Waimanalo puppy mill rescue, we incurred costs of nearly \$400,000, none of which will be available for recovery through the judicial system.

Currently, the forfeiture statute also does not include horses that are often held in limbo during cruelty investigations. We feel strongly that they too should be protected under this proposed bill.

Thank you for the opportunity to present to the committee and we respectfully ask for your support of this measure.

Horses are pets. They are no longer considering working animals. And need protection. The case on Kauai is one example in which horses would have benefited from the forfeiture law. Too often, horses are neglected and abused and they deserve our protection in cruelty cases so that nonprofits and animal welfare organizations do not have to go broke to provide for their care while awaiting trial.

Thank you for hearing this measure, I support SB2503. Equines play a significant role in American history, they are iconic figures and amazing creatures. These sentient beings deserve more protection than the law provides. The current forfeiture law does not adequately protect horses or their offspring when being held during an investigation. Please consider this measure to improve the law for these iconic animals.

Thank you for your consideration.
