Comments:

It's about time that these drinks that are consumed in a manner similar to soda no longer be exempt from the recycling program. The estimated additional \$2,500,000 to \$3,000,000 in new revenue in Hawaii that would be generated would go into the Deposit Beverage Container Deposit Special Fund.

I realize I'm submitting this late, but just heard about this bill and wanted to add my support.

Thank you.

Comments:

There is no reason why energy drinks, vitamin waters, etc, should be exempt from recycling laws.
