Comments:

I am in full support of the Kihei High School project. We live in Kihei and would love to be able to send our children to school on this side of the island. We made the decision to move to the south end of the island based on the fact that there was a new high school in the plans.

Thank you,
Jonna Chmeleck

Comments:

I have been a resident of Kihei for over 40years, and am the mother of 3 children (Grades 5,4 & 1). I myself attended St. Anthony High School in Wailuku. Kihei is in such dire need of its own high school. What a waste of time and resources to have to "bus" all of our Kihei children into Kahului every school day. Not to mention the fact that both Baldwin and Maui High are either at or will soon be reaching full capacity. Kihei for many years was the fastest growing city in the U.S. Why then has our school system not kept up with that progress? Our tax monies should be kept here, in South Maui, to build a high school for our children. I would so like to see my children be able to attend the new Kihei High School. Please keep this bill in the forefront of your minds, and pass this bill along with the monies that are needed to begin construction ASAP. It will benefit not only our children's generation, but many more to come and will be an asset to the Kihei community. Mahalo

Comments:

This would be a wonderful addition to the Kihei area. A high school in south maui is a great advantage to the area.
