Submitted on: 4/19/2012

LATE TESTIMONY

**Comments:**

The proposed working group is a very good idea. I oppose the proposed composition of the working group because there is no representation of tea farmers. The president to the Hawai'i Tea Society has told me that club has shifted away from tea farmers toward tea enthusiasts.

I urge you to include at least three unassociated (ie. not belonging to a business hui) tea farmers in the working group composition.

Mahalo for this opportunity  
Cam Muir  
Co-Owner Big Island Tea
