Comments:

Aloha Sen. Chun-Oakland, Sen. Green, and members of the committee.

We at United Self Help strongly support SCR93. It is known that people that suffer from dual chronic conditions consume the highest percentage of Medicaid allocations and that a very high perportion of those suffer from mental illness.

Therefore anything that can be done to more closely address this health care disparity deserves the highest priority. If not simply to increase care where it is most needed then to simply increase the fiscal efficiency of health care delivery.

Mahalo,
Scott Wall
United Self Help
