

EXECUTIVE CHAMBERS
HONOLULU

NEIL ABERCROMBIE
GOVERNOR

GOV. MSG. NO. 1317

June 27, 2013

The Honorable Donna Mercado Kim,
President
and Members of the Senate
Twenty-Seventh State Legislature
State Capitol, Room 409
Honolulu, Hawaii 96813

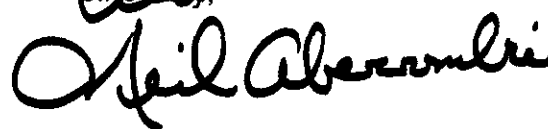

The Honorable Joseph M. Souki,
Speaker and Members of the
House of Representatives
Twenty-Seventh State Legislature
State Capitol, Room 431
Honolulu, Hawaii 96813

Dear President Kim, Speaker Souki, and Members of the Legislature:

This is to inform you that on June 27, 2013, the following bill was signed into law:

SB106 SD1 HD1 CD1

RELATING TO AGING
ACT 214 (13)

Since Aloha

NEIL ABERCROMBIE
Governor, State of Hawaii

Approved by the Governor

on JUN 27 2013

THE SENATE
TWENTY-SEVENTH LEGISLATURE, 2013
STATE OF HAWAII

ACT 214
S.B. NO. 106
S.D. 1
H.D. 1
C.D. 1

A BILL FOR AN ACT

RELATING TO AGING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

PART I

1
2 SECTION 1. Chapter 349, Hawaii Revised Statutes, is
3 amended by adding a new section to be appropriately designated
4 and to read as follows:

5 "§349- Alzheimer's disease and related dementia services
6 coordinator. There is established within the executive office
7 on aging an Alzheimer's disease and related dementia services
8 coordinator to coordinate the provision of public and private
9 Alzheimer's disease and related dementia services. The
10 coordinator shall be appointed by the director in accordance
11 with chapters 76 and 89."

12 SECTION 2. There is appropriated out of the general
13 revenues of the State of Hawaii the sum of \$70,000 or so much
14 thereof as may be necessary for fiscal year 2013-2014 to
15 establish and fill an Alzheimer's disease and related dementia
16 services coordinator position.

17 The sum appropriated shall be expended by the department of
18 health for the purposes of this section.

1 SECTION 3. There is appropriated out of the general
2 revenues of the State of Hawaii the sum of \$3,600,000 or so much
3 thereof as may be necessary for fiscal year 2013-2014 for the
4 kupuna care program; provided that the sum appropriated shall be
5 in addition to the base budget of the executive office on aging.

6 The sum appropriated shall be expended by the department of
7 health for the purposes of this section.

8 SECTION 4. There is appropriated out of the general
9 revenues of the State of Hawaii the sum of \$300,000 or so much
10 thereof as may be necessary for fiscal year 2013-2014 for the
11 healthy aging partnership program of the department of health's
12 executive office on aging.

13 The sum appropriated shall be expended by the department of
14 health for the purposes of this section.

15 **PART II**

16 SECTION 5. The legislature finds that Hawaii's residents,
17 including elders and individuals with disabilities, should be
18 able to live at home with the supports they need so that they
19 can participate in communities that value their contributions.
20 A goal of the executive office on aging is to increase access to
21 community supports and full participation, while focusing
22 attention and resources on the unique needs of older adults and

1 individuals with disabilities. For example, the executive
2 office on aging, in partnership with the county agencies on
3 aging, is transforming Hawaii's home- and community-based
4 services system through the establishment of aging and
5 disability resource centers. This is testimony to their
6 commitment to promote community living and to find new
7 mechanisms to help ensure that the supports that elders and
8 individuals with disabilities need to live in the community are
9 accessible.

10 The legislature also finds that statewide, especially in
11 rural communities, many residents are without family members
12 nearby to provide transportation and are too frail or disabled
13 to access public transit. Transportation services are often
14 fragmented, underutilized, or difficult to navigate, and can be
15 costly because of inconsistent, duplicative, and often
16 restrictive federal and state program rules and regulations.
17 Due to these circumstances, there is a need for a policy on
18 mobility management, a concept in which a single entity in a
19 geographical area is charged with knowing and deploying the
20 entire array of transportation resources available. This system
21 would focus on the individual and identify the best

1 transportation options, both public and private, for an
2 individual's travel needs.

3 The legislature further finds that mobility management
4 services help to maximize the use of intelligent transportation
5 systems and other technology to enhance mobility and create one-
6 call systems that allow greater ease-of-use for customers.
7 Consequently, the legislature believes that a task force is
8 needed to analyze and make recommendations on state-level policy
9 on mobility management.

10 The purpose of this part is to establish a task force on
11 mobility management.

12 SECTION 6. (a) There is established within the department
13 of health a task force on mobility management. The task force
14 shall make recommendations on establishing a transportation
15 framework to assist elders and individuals with disabilities
16 with transportation needs in each county, including
17 recommendations relating to the state budget and program
18 development.

19 (b) The task force on mobility management shall consider:

- 20 (1) Developing and establishing a program in which a
21 single entity in a geographical area is charged with
22 administering an array of transportation resources;

- 1 (2) The cost and qualifications of transportation
- 2 coordinators or operators and the logistics of the
- 3 arrangements and delivery of transportation services,
- 4 including cost reimbursements, insurance, and
- 5 liability; and
- 6 (3) Developing a mobility management master plan for each
- 7 county to:
- 8 (A) Address the growing demands for transportation
- 9 services;
- 10 (B) Encourage living at home;
- 11 (C) Improve efficiencies in the use of public and
- 12 private sector vehicles;
- 13 (D) Use modern technology in the management of
- 14 transportation services; and
- 15 (E) Include a transportation service component that
- 16 utilizes the transportation resources of
- 17 nonprofit organizations that are willing to
- 18 participate in a vehicle-sharing network to
- 19 provide on-call transportation services to elders
- 20 and individuals with disabilities residing in
- 21 each county.

1 (c) The task force shall consist of the following members,
2 or their designees:

- 3 (1) The director of the executive office on aging, who
4 shall serve as chairperson of the task force;
- 5 (2) The chairperson of the public utilities commission;
- 6 (3) The executive director of the disability and
7 communication access board;
- 8 (4) Two administrators of a federally qualified health
9 center or rural health clinic, of which one
10 representative shall be from a rural community and one
11 representative shall be from an urban community, to be
12 appointed by the director of the executive office on
13 aging;
- 14 (5) The directors of transportation services from each of
15 the four counties;
- 16 (6) One member of the house of representatives, to be
17 designated by the speaker of the house of
18 representatives;
- 19 (7) One member of the senate, to be designated by the
20 president of the senate;

1 (8) One representative from the agency on aging of each of
2 the four counties, to be appointed by the mayor of the
3 respective county;

4 (9) The director of health;

5 (10) Service providers from two counties;

6 (11) Consumer representatives from counties not represented
7 by service providers; and

8 (12) Representatives from the business community.

9 (d) The department of health, through the executive office
10 on aging, shall submit an interim report of the task force's
11 findings and recommendations, including any proposed
12 legislation, to the legislature no later than twenty days prior
13 to the convening of the regular session of 2014, and a final
14 report of the task force's findings and recommendations,
15 including any proposed legislation, to the legislature no later
16 than twenty days prior to the convening of the regular session
17 of 2015.

18 (e) The members of the task force shall not be compensated
19 for their service on the task force but may be reimbursed for
20 reasonable expenses, including travel expenses, incurred for
21 serving on the task force. No member shall be made subject to

1 chapter 84, Hawaii Revised Statutes, solely because of that
2 member's participation as a member of the task force.

3 (f) The task force shall be dissolved on June 30, 2015.

4 SECTION 7. There is appropriated out of the general
5 revenues of the State of Hawaii the sum of \$30,000 or so much
6 thereof as may be necessary for fiscal year 2013-2014 for the
7 staffing, operations, and convening of the task force on
8 mobility management.

9 The sum appropriated shall be expended by the department of
10 health for the purposes of this part.

11 **PART III**

12 SECTION 8. New statutory material is underscored.

13 SECTION 9. This Act shall take effect on July 1, 2013.

APPROVED this 27 day of JUN, 2013

GOVERNOR OF THE STATE OF HAWAII
