
A BILL FOR AN ACT

RELATING TO GOVERNMENT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Act 54, Session Laws
2 of Hawaii 2011, establishes a comprehensive information system
3 for public lands to be used for the inventory and maintenance of
4 information relating to the public land trust, also known as
5 ceded lands, and other state lands. All state and county
6 agencies are directed to assist the department of land and
7 natural resources in facilitating the establishment of the
8 comprehensive information system for public lands.

9 The legislature further finds that the land inventory
10 required to be taken and information to be maintained are
11 important tools to assist the State to manage its public lands.

12 The legislature further finds that insufficient information
13 on underutilized public facilities exacerbates lost revenues for
14 the State, so it is important that all state and county agencies
15 work together to ensure that state facilities are used to their
16 fullest potential.

17 The purpose of this Act is to require the department of
18 land and natural resources to expand the scope of the

1 comprehensive information system established pursuant to Act 54,
2 Session Laws of Hawaii 2011, to inventory and maintain
3 information about the lands of the public land trust described
4 in section 5(f) of the Admission Act and article XII, section 4,
5 of the Hawaii State Constitution to include public facilities,
6 thereby creating a comprehensive asset management system for
7 public lands and facilities.

8 SECTION 2. Act 54, Session Laws of Hawaii 2011, is amended
9 by adding a new section to read as follows:

10 "SECTION 2A. (a) The department shall initiate and
11 coordinate all efforts to establish a complete and accurate
12 inventory of public facilities on the lands of the public land
13 trust to which state agencies hold title or over which they
14 maintain management control.

15 (b) The department shall incorporate the inventory of
16 public facilities together with the public land trust inventory
17 and the public land trust information system to create an
18 integrated, comprehensive system for asset management of public
19 lands and facilities.

20 (c) All state and county agencies shall assist the
21 department in gathering the information required by this
22 section, and shall comply with any and all requests for

1 information or services by the department in furtherance of this
2 section.

3 (d) All state agencies shall report to the department by
4 January 1, 2014, an inventory of buildings and facilities owned
5 or operated by the reporting agency. All state agencies shall
6 thereafter submit to the department an updated annual inventory
7 of buildings and facilities owned or operated by the reporting
8 agency."

9 SECTION 3. New statutory material is underscored.

10 SECTION 4. This Act shall take effect upon its approval.

H.B. NO. 583

Report Title:

State Asset Management System; Facilities; DLNR

Description:

Requires the department of land and natural resources to establish an inventory of public facilities on the lands of the public land trust to which state agencies hold title. Requires state agencies to provide the department with an inventory of buildings and facilities by January 1, 2014, and to provide the department with an updated report annually.
