H .B. NO. 811

Report Title:

Energy Industry Information Reporting Act; Public Utilities Commission; Department of Business, Economic Development, and Tourism; Registration

Description:

Amends the responsibilities and powers of the Public Utilities Commission in receiving energy industry data information registrations, and authorizes the Department of Business, Economic Development, and Tourism to receive such registrations; and eliminates the Commission's powers concerning the oversight and examination of energy distributors in relation to energy industry information reporting under chapter 486J, Hawaii Revised Statutes.

The summary description of legislation appearing on this page is for informational purposes only and is not legislation or evidence of legislative intent.

JUSTIFICATION SHEET

DEPARTMENT: Budget and Finance

TITLE: A BILL FOR AN ACT RELATING TO ENERGY INFORMATION REPORTING.

PURPOSE: To consolidate all reporting and registration functions under the Energy Industry Information Reporting Act within the Department of Business, Economic Development, and Tourism ("DBEDT").

MEANS: Amend sections 486B-1.5 and 486J-2, and repeal section 486J-11, Hawaii Revised Statutes.

JUSTIFICATION: DBEDT has been responsible for the last two years for receiving monthly reports of energy industry information under section 486J-3, Hawaii Revised Statutes, and for maintaining an energy database system as part of an energy data collection program. In addition to reporting to DBEDT, fuel distributors must currently register with the Public Utilities Commission ("Commission") for purposes of reporting energy industry information. Consolidating both the registration and reporting administration under DBEDT will simplify and remove any confusion from energy industry reporting processes for fuel distribution businesses in the State.

Impact on the public: The impact on the public will be positive, especially for energy distributors who must register and report under chapter 486J, Hawaii Revised Statutes. This measure simplifies an aspect of government operations.

Impact on the department and other agencies: Minimal impact is expected on the Commission, the Department of Budget and Finance, or other agencies within the

administration. The time commitment and expense to transfer the registration process from the Commission to DBEDT should be miniscule. DBEDT has already been receiving energy industry reports for the past two years through its research and economic analysis division, and would now need to receive registration forms as well.

New Day Plan Association: This measure supports the fundamental goal of continually improving the functions of government so that the public receives full value. Though a small part of the overall governance of the State, this measure is a no-cost means of helping make government operate more efficiently.

GENERAL FUNDS: None.

OTHER FUNDS: None.

PPBS PROGRAM
DESIGNATION: BUF 901.

OTHER AFFECTED
AGENCIES: Department of Business, Economic
Development, and Tourism.

EFFECTIVE DATE: July 1, 2013.
