DEPARTMENT: Health

TITLE: A BILL FOR AN ACT RELATING TO THE SYSTEMATIC HEARING AND VISION PROGRAM.

PURPOSE: To remove the statutory requirement for the Department of Health (DOH) to conduct a systematic hearing and vision program for school children.

MEANS: Repeal chapter 321, part IX, Hawaii Revised Statutes (HRS).

JUSTIFICATION: The DOH is mandated by section 321-101, HRS, to conduct a systematic hearing and vision program for school children. The former School Health Services Branch/Hearing and Vision Program provided hearing screening for grades Preschool, K, 1, 2, and special education; screening for far vision acuity for grades 4, 5, 6, 7, 10, and special education; color blind test at grade 2; and cover/light at preschool. The program was established in 1978, but was discontinued in 1995 due to budget reductions and in response to a request to discontinue programs that were not critical public health functions and could be handled by the private health care system.

The DOH does not have funding or staff for this program. Children currently have hearing and vision screening through pediatricians, other primary care providers, and/or community organizations.
