

H.B. NO. 908

A BILL FOR AN ACT

RELATING TO THE HAWAII HOME VISITING PROGRAM.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. On March 23, 2010, the President signed into
2 law the Patient Protection and Affordable Care Act of 2010, also
3 known as the Affordable Care Act (P.L. 111-148). The Affordable
4 Care Act added section 511 to title V of the Social Security Act
5 to create the Maternal, Infant, and Early Childhood Home
6 Visiting Grant program to support development and implementation
7 of evidence-based home visiting program models by states and
8 other eligible entities.

9 Home visiting is a prevention strategy used by states and
10 communities to improve the health and well-being of women,
11 children, and families at risk for adverse health and safety
12 concerns. Early investments in home visiting programs have been
13 shown to reduce costs associated with foster care placements,
14 hospitalizations, emergency room visits, unintended pregnancies,
15 and other more costly outcomes and interventions.

16 The purpose of this Act is to establish a program within
17 the department of health for screening and home visiting
18 services for newborns' families. Establishment of Hawaii's home
